With the advent of the "month of roses" we have been once more been thrown into the season of hay making, pic-nics and pleasure excursions generally. The farmers are busily engaged in securing their early hay crops, in order that this branch of the husbandman's labor may be completed before the grain barvest sets in. The young folks seek recreation in the woods, or it fishing parties, or in berrrying excursions. This is also the season when early vegetables are thrown inty the market, causing a general derangement of the "internal improvements" of mankind, and rendering medical aid a necessity. Just at this time the Great Zingari Bitters step in as an antidote for the various diseases arising from the too free use of vegetables, or the numerous ills to which farmers are exposed during their excessive field labor, or to which pleasure parties are subjected by their efforts to obtain enjoyment in the country. A supply of the Bitters should be kept on hand for use at this particular period when all are exposed to sickness.

Some of the meetings were of the most interesting character, and we are only sorry that we have not space to lay the proceedings in full before the public. On the Appeal Cause tried. We cannot close this imperfect report, without speaking of the hospitality of the citizens of Tyrone, and especially of those private families and hotel-keepers, ("Ward House," "City Hotel," and "Exchange Hotel,") who so kindly received and entertained the delegates during their stay, as Rev. Thos. Barnhart, preacher in charge at Fit a road from near Wm. Brother's to Tyrone, who provided them with homes. Near the close of the Convention, the fol-

On Thursday evening, May 20th, having gone through with the programme, and there being no further business before the Convention, after singing the Doxology, the Benediction was pronounced by Rev. Thomas Barnhart, when the Convention adjourned, to meet again on the first Tuesday of June, 1870, at Hollidaysburg.

Consumption of the Lungs, Cough, Sore Throat

and Breast, Bronebitis, Liver Complaint, Blind and Rleeding Piles, Asthma, Whooping Cough Diptheria &c. &c We are often asked why are not other remedies in the market for Consumption, Coughs, Colds, and other Pulmonary affections equal to Dr. L. Q. Wishart's Pine Tree Cordial. We answer— 1st It cures, not by stopping cough, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and bronchial tubes, causing irritation and cough. 2d. Most Throat and Lung Remedies are com-posed of anodynes, which allay the cough for awhile but by their constringing effects the fibres become hardened, and the unhealthy fluids coagulate and are retained in the system, causing discuss beyond the control of our most eminent phy

sicians.

3d The Pine Tree Cardial, with its assistants, are preferable, because they remove the cause of invitation of the manus membrane and bronchial irritation of the mucus membrane and bronchial tubes, assist the lungs to act and throw off the unhealthy secretions, and parify the blood, thus scientifically making the ourse perfect.

Dr. Wishart has on file at his office hundreds and thousands of Certificates from Men and Women of unquestionable character who were once hopelessly given up to die, but through the Providence of God were completely restored to health by the Pine Tree Tar Cordial. SPECIAL NOTICE.

Schenck's Pulmonic Syrup, Seeweed Tonic and Mandrake Pills, will cure Consumption Liver Complaint and Dyspepsia, if ta-ken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good, the food digests and makes good blood, the patient begins to grow in flesh the diseased matter ripeus in the l ngs. and the patient outgrows the disease and gets well. This is the only way to cure the consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pul-monic Syrup ripens the morbid matter in the lungs nature throws if off by an easy expectoralungs, nature throws it oil by an easy expectora-tion for when the phiegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heat. To do this, the Seaweed Tonie and Mandrake Pills must be freely used to cleans the stomach and liver, so that the Pulmonic Syrup and the food will make good

Liver Complaint is one of the most prominent causes of Consumption. Schenck's Seaweed Ton-ic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stemach to throw out the gas trie fuse to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fer-mentation or souring in the stomach. The great mentation or souring in the atomach. The great reason why physicians do not cure consumption is they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, heetic fever, and by so doing they derange the whole digestive powers locking up the secretions and eventually the patient sinks and dies. Dr. Schenez, in his treatment does not try to

stop a cough, night sweats chills or fever. Re-move the cause, and they will all stop of their own accord. No one can be cured of consumption, liv-er complaint, dyspepsia, catarrh, canker, ulcer-ated throat, unless the liver and stomach are made healthy. If a person has consumption of course the lungs

in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflamation and first de-caying. In such cases what must be done? It is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will digest easily and make good blood; then the patient begins to gain in flesh and as soon as the body begins to grow, the lungs begin to heal up, and the patient gets fleshy and well. This is the only way to

When there is no lung disease, and only liver omplaint and dyspepsis, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billous complaints, as they are per-

feetly harmless. Dr. Schenck, who has enjoyed uninterrupted br. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of pulmonary consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many similarly afflicted have used Dr. Schenck's preparations with the same remarkable succes-The directions accompanying each, make it not absolutely necessary to see Dr. Schenck unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office, Philadelphia, every Saturday, where all Office.
