SPECIAL NOTICE.

Schenck's Pulmonic Syrup, Seeweed Tonic and Mandrake Pills, will cure Con sumption, Liver Complaint and Dyspensia, if to

tion for when the phiegm or natter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heat. To do this, the Scaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Liver Complaint is one of the most prominent suses of Consumption Schenek's Seaweed Ton c is a gentle stimulant and alterative, and the alkali in the Scawced, which this preparation is made of, assists the stomach to throw out the gas tric juice to dissolve the food with the Palmonic Syrup, and it is made into good blood without fer-mentation or souring in the stomach. The great reason why physicians do not cure consumption is they try to do too much; they give medicine to stop the cough to stop chills, to stop night sweats, heetic fever, and by so doing they derange the whole directive nowers looking up the secretions heetic fever, and by so doing they derange the whole digestive powers, locking up the secretions and eventually the patient sanks and dies, and eventually the patient sanks and dies. Dr. Schenek, in his treatment, does not try to stop a cough, night sweats chills or fever. Re move the cause and they will all stop of their own accord No one can be cured of consumption, liv-er complaint. dyspepsia. catarrh, canker, ulcerated throat, unless the liver and stomach are made

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflamation and fast decaying. In such cases what must be done? It is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the their power to make blood out of food. Now the only chance is to take Schenek's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs beg in to heal up, and the patient gets fleshy and well. This is the only way to cure consumntion.

When there is no lung disease, and only live complaint and dyspepsia, Schenck's Scaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billous complaints, as they are per-fectly harmless.

Dr Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of pulmonary consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines and since his recovery many similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. The directions accompanying each, make it not absolutely necessary to see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office, Philadelphia every Saturday, where all letters for advice must be addressed. He is also professionally at No 32 Bond Street, New York, every other Tuesday, and at No, 33 Hanover St., Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is \$5. Office hours at each city from 9 A. M. to 3 P. M.
