### SPECIAL NOTICE.

Schenek's Pulmonic Syrup, seweed Tonic and Mandrake Pilts, will cure Consumption, Liver Complaint and Dyspepsia, if to son according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good the food digests and makes good blood the patient begins to grow in firsh the diseased matter ripens in the I ags and the patient outgrows the disease and gets well. This is the only way to cure the consumption. To these three medicines Dr. J. H. Schenek, o Philadelphia, owes his unrivalled success in the resument of palmonary consumption. The Pul-monic Syrap ripens the merbid matter in the longs nature throws it of by an easy expectors ition for when the phicgm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heat. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmenic Syrup and the food will make good

Liver Complaint is one of the most prominent bases of Consumption. Schenck's Scawced Ton ic is a gentle stimulant and alterative and the alkali in the Scawced, which this preparation is made of assists the stomach to throw out the gas trie juice to dissolve the food with the Pulmenic Syrup, and it is made into good blood without fer-mentation or souring in the stomach. The great feason why physicians do not cure consumption to they try to do too much; they give medicine to stop the rough, to stop chills, to stop night sweats, heetic fever, and by so doing they derange the whole digestive powers locking up the secretions and eventually the patient sinks and dies. Dr. Schenek, in his treatment, does not try to

stop a cough night aweats chills or fever. Remove the cause and they will all stop of their own accord No one can be cured of consumption, liv-If a person has consumption of course the lung.

a some way are diseased, either tubercles, ab-resses, bronchial irritation, pleara adhesion, or se lungs are a mass of inflamation, and fast dethe lungs are a mass of inflamation and fast de-caying. In such cases what must be done? It is not only the lungs that are wasted but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will digest easily and make good blood, then the patient begins to gain in firsh, and as soon as the body begins to grow, the lungs begin to heal up, and the patient gets floshy and well. This is the only way to cure consumption.

When there is no lung disease, and only liver complaint and dyspepsia, Schenok s. Scaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billous complaints, as they are per-

Dr. Schenek, who has enjoyed uninterrupted bealth for many years past, and now weighs 225 pounds was wasted away to a mere skeleton, in the very last stage of ulmonary consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines and since his recovery many similarly afflicted have used Dr. Schenek's eparations with the same remarkable succespreparations with the same remarkance success. The directions accompanying each, make it not absolutely necessary to see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office, Philadelphia every Saturday, where all ietters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 33 Hanover St. Boston, every other Wednesday. ### DR. CLARK,

Anatomical Pathalogy, and Physician for the exclusive treatment of Chronic Diseases. All Consultations and Examinations of Patients made Free of Charge.

Dr Clork examines and explains your divense without asking any question. If he understands your case non know it, and cannot be decreed. If he cannot tell your divense and how you jeet without asking questions he does not consider himself competent to treat your case. This is the interior to go by and patients should not be entired with any other. This is the only direct and positive exceedence of my ability as a Scientific Physician, and by this standard I am willing to be judged.

Dr. Clark treats no case unless conscientiously of the onlying that it can be carred or permanent. Dr. Clark treats no case unless he can describe

Dr. Clark will treat no Chronic Disease unless he can explain its character to the complete and perfect satisfaction of the patient examined. And the Dr. would here most positively state, that he desires no patients to take treatment from him. unless they are fully and completely satisfied

unless they are fully and completely satisfied with his consultations and examinations, which are made frue from charge.

Dr. Clark bases his practice upon the incontrovertible law of Nature. First—That every cause has an effect, Second—That diseases are causes producing effects or symptoms and that every disease has its own peculiar effects or symptoms, which if properly and thoroughly understood by the examining Physician, can be clearly pointed out to the complete satisfaction of the patient examined.

Dr. Clark's method of diagnosing or explaining driesses and their symptoms is only the process of reasoning from cause to effect, and has been acquired by thorough literary and medical cul-ture, and also by an almost unlimited practice in every form of disease to which the human system

is liable.

By this process of reasoning the Dr. has ac quired a reputation and success in treating discress seldom attained.

Dr. Clark is making quite a number of convenient appointments for the benefit of invalids who cannot go a long distance to consult him Patients will find this an opportunity rarely afferdance to the selection of the sel ed, and one they should not full to take advan
