ESCAPED FROM JAIL.—John Cannon and William Hall, convicted and sentenced for riot at the last term of Court, escaped from jail last week. We suppose no very great pains were taken to keep them, or they would not have got off.

TWO NUMEROUS.—There is a superfluity of dogs in this town. Something ought to be done with them. It would be well enough, also, to pay some attention to the two-legged puppies that make night hideous with their howls.

SERENADE.—We tender our thanks to the Cornet Band, of this place, for a serenade Saturday evening last. The music was excellent, and we feel confident that, with a little more practice, the band will be second to none in this section of the State.

APPOINTED.—John F. Moore has been relieved of Route Agent on the Tyrone and Clearfield Railroad, and David Adams appointed. Mr. Adams, a son of David Adams Sr., of this place, is an honest, upright and worthy young man, who will make a competent and efficient officer.

WANTED EMBLEM.—Some measures will have to be taken speedily to supply our town with light and water. The water in the wells, in this sandy loam, will soon be unfit to use. Moreover we need a better supply of water in case of fire. Our enterprising citizens should take hold of the matter at once.

PROVIDED IN TIME.—The Rev. Mr. Archer, who met such a tragic and sudden death, had his life insured for \$4,000. Immediately on the facts being made known to the company, that amount was paid to his representatives. He was insured in the Equitable, of which Swoope & Adams are the Agents for Clearfield county.

GONE TO WILLIAMSPORT.—Ex-Judge Linn has removed from Bellefonte to Williamsport, where he proposes to practice his profession. Williamsport is improving so rapidly on the profits and proceeds of Clearfield lumber, that it will soon absorb all the small towns along the West Branch. If our business men would emulate the example of our enterprising citizens, it would greatly enhance the prosperity of Clearfield.

A NEW HOTEL.—Last week, work was commenced on the new hotel, which is to be erected on the ground of the old Clearfield House, corner of First and Market streets, lately occupied by Geo. N. Colburn Esq. The new building is to be of brick, three stories high, and fitted up in first class style. The location is one of the best within our Borough limits, and will, no doubt, be a place of public resort. The house is to be completed this season.

THE PHILIPBURG HOMICIDE.—Eugene E. Johnston, who killed Levi Ennis on the 10th inst., in Philipburg, is now in jail at Bellefonte awaiting his trial. He is from New York, and is said to belong to a very wealthy family. We understand two of our most prominent lawyers have been retained in his defence. He will be tried at the August Court in Bellefonte. It seems Judge Mayer is destined to have his hands full of homicides. He disposes of them, however, promptly and energetically.

THE NEW JAIL.—The new jail is to be built on the County Commissioners have so resolved, and it only remains to settle the location. We understand that the Commissioners favor its erection on the site of the present building, but we sincerely hope they will change their minds. The plan they have adopted requires ample and unimpeded drainage. Unless there is every facility for carrying away the filth, its accumulation in the very centre of the town, will be worse than pestilence—a nuisance that will be impossible to endure, and too expensive to remove. It must be apparent to any one who will look at the ground, that there can be no drainage from the site of the present jail. It cannot be drained from the surface, much less from the cellar; and no possible expedient can be adopted to drain where there is no fall. To build on such ground a large and expensive jail, with a water-closet in every cell, and expect it to remain fit for a habitation for human beings, is more than folly. It is simply criminal, and our borough authorities ought to take measures to stop it. The County Commissioners have no more right to erect a public nuisance in the heart of the town, than an individual, and if they persist in doing so, the borough officers ought to invoke the strong arm of the law to prevent it.

A suitable site for a jail can be found, either on the side of the hill, east of the town, or on the bank of the river, from which there will be copious drainage, while the present building and lots can be sold for a large sum, which will aid materially in the erection of the new jail. The centre of the town is no place for a jail under any circumstances, and we trust that our citizens will protest against such an eye-sore and nuisance.

REV. CAMBRIDGE GRAHAM.—On Sabbath last the Rev. Cambridge Graham, formerly of Clearfield, and at present located in Perryville, Juniata county, preached in the M. E. Church of this place. He is an original and powerful preacher, brim full of ideas and overflowing with feeling. He always strikes directly home, and pins a man so fast, that it is almost impossible for him to escape conviction. We regard Mr. Graham as one of the most original and powerful preachers in the church. We learn that last year, in his present charge, he received 121 new members into the church. He is one of the most laborious and devoted men in the ministry. His many friends in Clearfield county will be glad to learn of his great success.

CONCERT.—A grand entertainment will be given by James Anderson, a blind man, at Leary's Hall, on Thursday evening, July 22d, for the purpose of raising funds to take him to California, where he has an offer of teaching in an institution for the blind. Mr. Anderson was born blind, and never knew what it is to be blessed with a father or mother, and yet he tries to make himself contented under the afflictions that God has, in his all-wise providence, placed on him. Mr. Anderson has given several entertainments, and met with good success. In Sunbury, the several ministers volunteered their services and interested themselves in his behalf. He gave an exhibition in the Presbyterian church and all expressed themselves as much pleased with the entertainment. Admission, 15 cents; children 10 cents. Tickets for sale at the several stores. Doors open at 7 o'clock; performance to commence at 8 o'clock. For particulars see bills.

SHOT ACCIDENTALLY.—On Tuesday, July 13th, Mr. Ed. Sullivan, of Huston township, met with a serious, if not fatal accident. Sullivan, Thomas Evans and a little brother of Sullivan's, went hunting in the afternoon of the day named. In passing through the woods they suddenly came across a deer—Sullivan being about ten feet in advance of Evans. In the excitement of the moment, Evans cocked his gun and brought it to his shoulder, and in going through some bushes, it would seem a branch caught the hammer of the gun and discharged it—the ball hitting Sullivan. The ball took effect about one inch above the lower end of the left shoulder blade, and passing obliquely upwards and outwards, somewhat injuring the shoulder joint in its passage, lodged under the large muscles of the left arm near the joint. Dr. Burehfield, of this place, being called to minister to the relief of the wounded man, succeeded, after some difficulty, in extracting the ball. At last accounts the patient was doing as well as could be expected, considering the nature of his wound—the symptoms being favorable to his recovery. This accident should be a warning to all persons who attempt to shoot game out of season.

THE RETURNS OF THE VOTE IN THE Methodist Church on the question of lay delegation, so far as in, foot up 69,537 for the measure and 25,638 against.

More complete returns from the election in Virginia show that Richmond journals have heretofore overestimated Governor Walker's majority, which turns out to be 17,500.

We tender the happy couple our best wishes for future prosperity; and hope that no perverse circumstances may arise to mar their anticipated happiness and felicity during the matrimonial journey upon which they have just entered.

DIED: On Wednesday, July 14th, 1869, HENRY IRWIN, of Lawrence township, aged 65 years, 7 months and 4 days.

A Great Remedy for the cure of Throat and Lung Diseases.—Doctor Wisbart's Pine Tree Tar Cordial. It is the vital principle of the Pine Tree, obtained by a peculiar process, and the distillation of the tar, by which its highest medicinal properties are retained. It is the only safeguard and reliable remedy which has ever been prepared from the juice of the Pine Tree. It invigorates the digestive organs and restores the appetite. It strengthens the debilitated system. It purifies and enriches the blood, and expels from the system the corruption which scrofula breeds on the lungs. It dissolves the mucus or phlegm which stops the passages of the lungs. Its healing principle acts upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving pain and subduing inflammation. It is the result of years of study and experiment, and it is offered to the public with the positive assurance of its power to cure the following diseases, if the patient has not too long delayed a resort to the means of cure: Consumption of the Lungs, Cough, Sore Throat and Breast, Bronchitis, Liver Complaint, Blind and Bleeding Piles, Asthma, Whooping Cough, Diphtheria, &c. &c. We are often asked why we do not remedy in the market for Consumption, Cough, Colds, and other pulmonary affections, causing death. We answer: Dr. Wisbart's Pine Tree Tar Cordial. We answer: It cures, not by stopping cough, but by loosening and assisting in the removal of the unhealthy matter collected about the throat and bronchial tubes, causing irritation and cough. It most throat and lung diseases are composed of anodynes, which allay the cough for awhile, but by their constringing effects, the fibres become hardened, and the unhealthy fluids coagulate and are retained in the system, causing disease beyond the control of our most eminent physicians. Dr. Wisbart's Pine Tree Tar Cordial, with its assistants, are preferable, because they remove the cause of irritation of the mucus membrane and bronchial tubes, assist the lungs to act and throw off the unhealthy secretions, and purify the blood, thus scientifically making the cure perfect. Dr. Wisbart has cured hundreds and thousands of Certificates from Men and Women of unquestionable character who were once hopelessly given up to die, but through the Providence of God were completely restored to health by the Pine Tree Tar Cordial. A Physician in attendance who can be consulted in person or by mail, for a fee of charge. Dr. Wisbart's Pine Tree Tar Cordial \$1.50 per bottle, \$11 per doz. Sent by Express on receipt of price. Address: L. Q. C. Wisbart, M. D. No. 252 North 2d Street, Philadelphia Pa. April 21st, 1869.—3m.

SPECIAL NOTICE. Schenck's Pulmonic Syrup. Scurved Tonic and Mandrake Pills will cure Consumption, Liver Complaint, and all the ailments attending these diseases. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and give tone to the appetite, become good for the food digests and makes good blood, the patient begins to grow in strength, and the cough, phlegm, or mucus, the patient overgrows the disease and goes well. This is the only way to cure the consumption. To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by a easy expectoration, or when the phlegm is too thick, it is coughed up and thrown off, and the patient has rest and the lungs begin to heal. To do this the Scurved Tonic and Mandrake Pills are used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood. Liver Complaint is one of the most prominent causes of Consumption. Schenck's Scurved Tonic is a gentle stimulant and alterative, and the Scurved Tonic and Mandrake Pills are made of assists the stomach to throw out the gas which it has dissolved in the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach. The great reason why physicians do not give consumption is they try to do too much; they give medicine to stop the cough, to stop the phlegm, to stop the fever, and by so doing they derange the whole digestive powers looking up the secretions which attend the patient's sickness. Dr. Schenck, in his treatment, does not try to stop a cough, to stop a fever, or to stop a phlegm, he cleanses the case and they will stop of their own accord. No one can be cured of consumption, liver complaint, dyspepsia, catarrh, cancer, alcoholism, unless the liver and stomach are made healthy. If a person has consumption of course the lungs in some way are diseased, either tubercles, abscess, bronchial irritation, pleura, or inflamed, or the lungs are a mass of inflammation and fast decay. In such cases what must be done? It is not only the lungs that must be cured, but the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's Scurved Tonic, which will bring up a tone to the stomach, the patient will begin to eat, it will digest easily and make good blood, and the patient will begin to gain in flesh, and as soon as the body begins to grow, the lungs begin to heal up, and the patient grows healthy and well. This is the only way to cure consumption. When there is no lung disease, and only liver complaint and dyspepsia, Schenck's Scurved Tonic and Mandrake Pills are used to cleanse the stomach and liver, so that the Pulmonic Syrup, take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stages of pulmonary consumption, his physicians having pronounced his case hopeless, and abandoned him to his fate. He was cured after the manner of Dr. Schenck, and his recovery many similarly afflicted, have used Dr. Schenck's preparations with the same remarkable success. The directions accompanying each make it not absolutely necessary to see Dr. Schenck, and the patients wish their lungs examined, and for this purpose he is professionally at his principal office, in Philadelphia, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirator the price is \$5. Office hours at each city from 9 A. M. to 9 P. M. Price of the Pulmonic Syrup and Scurved Tonic each \$1.50 per bottle, or \$6.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists. DR. J. H. SCHENCK, 15 N. 6th St., Phila. Pa.
