A FEARFUL CALAMITY. -An explosion took place in St. Helen's (Eng.) colliery reverely felt by Mr. Fry, who is a very indus- cently, by which a large number of persons lost their lives. A Great Remedy for the cure of Throat and Lung Diseases.—Doctor Wishart's Pine Tree Tar Cordial. It is the vital principle of the Pine Tree, ob-

tained by a peculiar process in the distillation of the tar by which its highest medical properties It is the only safeguard and reliable remedy which has ever been prepared from the juice of the Pine Tree It invigorates the digestive organs and restores frengthens the debilitated system

It purifies and enriches the blood, and expels om the system the corruption which scrofula orcods on the lungs. It disolves the mucus or phiegm which stops the air passages of the lungs.

Its healing principle acts upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving pain and subduing influences. nflammation

Is is the result of years of study and experiment, and it is offered to the afflicted, with the positive assurance of its power to cure the following diseases, if the patient has not too long delayed a reort to the means of cure :--Consumption of the Lungs, Cough. Sore Throat and Breast Bronchitis, Liver Complaint, Blind and Pleeding Piles, Asthma, Whooping Cough. Dintheria, de &c.

We are often asked why are not other remedies in the market for Consumption, Coughs, Colds, and other Pulmouary affections equal to Dr. L. Wishart's Pine Tree Cordial, We answer let It cares not by stopping cough, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and branchial tubes causing irritation and cough.

2d. Most Throat and Lung Remedies are composed of anodynes, which allay the cough for awhile but by their constringing effects the fibres become hardened and the unhealthy fluids cong-ulate and are retained in the system causing dis-ease beyond the control of our most eminent phy

3d The Pine Tree Cordial, with its assistants, are preferable, because they remove the cause of irritation of the mucus membrane and bronchial tubes, assist the lungs to act and throw off the unscientifically making the cure perfect.

Dr. Wishari has on file at his office hundreds and thousands of Certificates from Men and Wo men of unquestionable character who were once hopelessly given up to die, but through the Prov-idence of God were completely restored to health by the Pine Tree Tar Cordini A Physician in attendance who can be consulted in person or by mail. for of charge. SPECIAL NOTICE.

Schenek's Pulmonie Syrup, Seeweed Tonic and Mandrake Pills will cure Con Seeweed Tonic and Mandrake Pills will cure Con-sumption, Liver Complaint and Dyspepsia, if ta-sen according to directions. They are all three to be taken at the same time. They cleanse the stemach, refax the liver, and put it to work; then the appetite becomes good the food digests and makes good blood the patient begins to grow in flesh the diseased matter ripeus in the lings and the patient outgrows the disease and gets well. This is the only way to gure the consumption

This is the only way to cure the consumption. To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivailed success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs nature throws it off by an easy expectoration for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heat. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver so that the Pulmonic Syrup and the food will make good

Liver Complaint is one of the most prominent uses of Consumption Schenck's Scaweed Ton is a gentle stimulant and alterative, and the alkail in the Scaweed, which this preparation is made of, assists the stomach to throw out the gas tric in ice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fer-mentation or souring in the stomach. The great reason why physicians do not once consumption is they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, heetic fever, and by so doing they derange the whole digestive powers locking up the secretions and eventually the patient sinks and dies. Dr. Schenck, in his treatment, does not try to

stop a cough, night sweats chills or fever. Re-move the cause and they will all stop of their own accord. No one can be cored of consumption liver complaint, dyspopsia, catarrh, canker, ulcerated throat unless the liver and stomach are made

If a person has consumption of course the lungs in some way are diseased, either tubercles, ab-seesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflamation and fast de caying. In such cases what must be done? It is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will digest easily and make good blood; then the patient begins to gain in flesh and as soon as the body begins to grow, the lungs begin to heakup, and the patient gets fleshy and well. This is the only way to the source source to take the process of reasoning the Dr. has ac quired a reputation and success in treating discusses to case seldom attained.

Dr. Clark is making quite a number of convenient appointments for the benefit of invalids who cannot go a long distance to consult him Patients will find this an opportunity rarely afforded, and one they should not fail to take advantage of

cure consumption. When there is no lung disease, and only liver complaint and dyspepsia, Schenck's Scaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billons complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of oulmonary consumption, his physicians having pronounced his case hopoless and abandoned him to his fate. He was cured by the aforesaid medicines and since his recovery many similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. The directions accompanying each, make it not absolutely necessary to see Dr. Schenok, unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office, Philadelphia every Saturday, where all letters for advice must be addressed. He is also Office, Philadelphia every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover St. Bostom every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is \$5. Office hours at each city from 9 A. M. to 3 P. M.

Anatomical Pathalogy, and Physician for the exclusive treatment of Chronic Diseases. All Comultations and Examinations of Patients made Fire of Charge.

Dr Clark examines and explains your disease without a king any questions. If he understands your ease you know it, and cannot be described. If he cannot tell your diverse and how you feel without asking questions in does not consider himself competer to treat your case. This extine exterior to go by and potient should not be satisfied with any other. This is the only direct and positive evidence of my ability as a Scientific Physician, and by this standard I am willing to be judged.

Dr. Clark treats no case unless conscientiously of the opinion that it can be cured or permanently benefitted.

Dr. Clark treats no case unless he can describe the disease and its symptoms without interroga-ting his patient.

Dr. Clark will treat no Chronic Disease unless

he can explain its character to the complete and perfect satisfaction of the patient examined. And the Dr. would here most positively state, that he desires no patients to take treatment from him. unless they are fully and completely satisfied with his consultations and examinations, which are made free from charge.

Dr. Clark bases his practice upon the incontro
