MURDER IN CAMBRIA COUNTY. - We take the following from the Ebensburg Alleghenian: At Fry's Mill, Susquehanna township, Cambria county, two men, Lewis Holtzner and Philip Phalon, employes were engaged burning slabs and refuse stuff, on July 20th. The work was monotonous, and "to make the time pass away" a gallon of whisky was introduced. The result was that Holizaer and Phalon became itoxicated and were speedily engaged in a quarrel. Words led to blows, and during the fracas, as is alleged, Holtzner stabbed Phalon seven times with a pocket knife. One cut took effect on the arm, one on the thigh, one on the top of the head, and four in the breast. One of the latter penetrated the heart to To Texcuras. - The State Teachers' As- the depth of one inch, causing death almost solution, which is to meet at Greensburg on instantly. ## SPECIAL NOTICE.

Schenek's Pulmonic Surup. Seeweed Tonic and Mandrake Pills, will cure Conseeweed fone and Mandrake Pitts. will care Con-sumption. Liver Con. plaint and Dyspepsia, if ta-ken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good the food digests and makes good blood, the patient begins to grow in flesh the diseased matter ripens in the l ngs.and the patient outgrows the discuse and gets well. This is the only way to care the consumption. To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pultion for when the phlegm or matier is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good

Liver Complaint is one of the most prominent causes of Consumption Schenck's Seaweed Ton e is a gentle stimulant and alterative, and the the Seaweed, which this preparation is made of assists the stemach to throw out the gas trie juice to dissolve the food with the Pulmonic Syrup and it is made into good blood without fer mentation or souring in the stomach The great eason why physicians do not cure consumption is reason why physicians do not core consumption is the raty to do too much; they give medicine to stop the cough, to stop chills to stop night sweats, heetic fever, and by so doing they derange the whole digestive powers, looking up the secretions and eventually the patient sinks and dies. Dr. Schenck, in his treatment, does not try to stop a cough, night sweats chills or fever. Re-move the cause and they will all stop of their own accord No one can be cared of consumption, liv-er complaint, dyspepsia. catarrh, canker. ulcer-ated throat unless the liver and stomach are made

healthy If a person has consumption of course the lungs some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflamation and fast de-caying. In such cases what must be done? It caying. In such cases what must be done? It is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will digest easily and make good blood; then the patient begins to goin in flesh and as soon as the body begins to grow, the lungs beg n to heal up, and the patient gets fleshy and well. This is the only way to give consumption.

ure consumption. complaint and dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billous complaints, as they are per-fectly harmless.

Dr. Schenek, who has enjoyed uninterrupted health-for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of aulmonary consumption, his physicians having pronounced his case hopeless and anandoned him to his fate. He was cured by the aforesaid medicines and since his recovery many similarly afflicted have used Dr. Schenek's preparations with the same remarkable success. The directions accompanying each, make it not absolutely necessary to see Dr. Schenek, unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office. Philadelphia every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York. ever, other Tuesday, and at No. 35 Hanover St., Boston, every other Wednesday.
