A VISIT -A committee of nine gentlemen from Bellefonte, paid our town a visit | gestion ? last week, to examine the new Presbyterian Church. They are building a very fine church in Bellefonte, and wished to look at general improvement of our town.

AMUSING-to see a couple of young men making political speeches to the pine trees on the hill. The eloquent appeals in favor of the election of Packer and Pershing, no doubt, caused much enthusiasm on the part of the stately pines, and occasioned many of them to shed a perfect deluge of tears. If speech making will save their candidates from defeat, certainly the ones made on Surriay a week to the pine trees should have the desired effect.

SEVERELY INJURED. - We learn that a Mr. Gilger, engineer at the Moshannon Land and lumber Co's saw mill, at Osceola, had his right hand severely injured, on Tuesday of ; last week. It seems he was removing a stick from the elevator, when the chain caught his hand. One finger was dislocated and the others badly torn.

"CONFIDENCED."-We see it stated that on July 29th, while in Philadelphia, Mr. Crawford Gallaber, of New Washington, this county, was fleeced out of \$560 by a couple of confidence sharps. The money was borrowed from Mr. Gallaher-a check on Tuesday evenings, at 7½ o'clock. The sharps closed, on and after August 1st to Nov. 1st, made good their retreat, and have not been at 7½ o'clock, and from Nov. 1st to April 1st,

This is the only way to cure the consur To these three medicines Dr. J. H. Schenck, of Philadelphia owes his annivalled success in the treatment of pulmonary consumption - The Pulmonic Syrup ripens the morbid matter in the lungs nature throws it off by an easy expectora-

tion for when the phiegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heat. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood. Liver Complaint is one of the most prominent causes of Consumption Schenck's Seaweed Ton ie is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is

made of assists the stemach to throw out the gas tric juice to dissolve the food with the Pulmonic Syrup and it is made into good blood without fer-mentation or souring in the tomach. The great reason why physicians do not cure consumption is they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats. heetic fever, and by so doing they derange the whole digestive powers locking up the secretions and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats chills or fever. Remove the cause and they will all stop of their own accord. No one can be cured of consumption, liver complaint, dyspepsia, catarrh, canker, ulcerated throat unless the liver and stomach are made healthy.

If a person has consumption of course the lungs in some way are diseased, either tubercles, ab seesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflamation and fast de caying. In such cases what must be done? It is not only the lungs that are wasted, but it is the included in a thorough, practical and accom their power to make blood out of food. Now the plished education of both sexes. whole body. The stomach and liver have lost which will bring up a tone to the stomach, the patient will begin want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs beg n to heat up, and the patient gets fleshy and well. When there is no lung disease, and only liver when there is no lang disease, and only liver complaint and dyspepsia, Schenek's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billous complaints, as they are perfeetly harmless.

Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds was wasted away to a mere skeleton, in the very last stage of oulmonary consumption, his physicians having pronounced his case hopeless and anandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many similarly afflicted have used Dr. Schenck's freparations with the same remarkable success.
