CLEARFIELD, PA., AUG. 18, 1869.

REPUBLICAN STATE TICKET.

FOR GOVERNOR :

JOHN W. GEARY, of Cumberland co. FOR JUDGE OF SUPREME COURT:

HENRY W. WILLIAMS, of Allegheny co.

ACCOUNTED FOR .- It turns out that Sen ator Sprauge's mother is a spiritualist. Thus the crack in his cranium is accounted for-he inherits it.

SNAKES .- A recent letter from Tennes see reported a shower of snakes. They were evidently 'Copperheads' as shown by the result of the e'ection.

A CORRECT ANSWER. - To the questen "Who is Pershing?" the Wilmington Commercial answers, "The Democratic party with its eye (i) knocked out."

INCREASED MAJORITY.-The Republican majority in Alabama, at the elections last week for Congressmen and Legislature, foots up more than 10.000. Last fall the State only gave 4,000 for Grant.

A NIGGER CANDIDATE. -We have the authority of the Harrisburg Patriot, for saying that the negroes of the town of Jonesboro, Tenn., nominated Andy Johnson as their candidate for President.

A SUBJECT OF LAMENTATION. - Peaches and potatoes are selling in New York at fifty cents per bushel. And still the Democrats mourn! If the tax were removed from whiskey, their grief would speedily be "dissipated."

DEMOCRACY.-Emerson Etheridge, defeated for governor of Tennessee in the contest with Brownlow, now advocates repudi sting the State debt contracted during the administration of his successful rival. A very poor way of venting spite.

THE TWENTY MILLIONS GOING. - Packer has been induced to start a daily paper in Luzerne county, called the "Daily Luzerne Union," to advocate his election. So goes is Packer, for needy politicians.

their nomination the indignant Democrats of a d-d Lincoln bireling." Yet they were willing to swallow him, brass buttons and all. What a jewel is Democracy!

voted there, when he and his family resided in Mauch Chunk, and have done so for the last twenty years. Let us have light.

"NIGGERS" TO VOTE -Senter says em phatically that in Tennessee equal civil and political rights shall be guaranteed to all without reference to race or color. Will those who claim his election as a Democratic victory please accept the situation?

WILL LIE.-The Democratic organs are pardoned a negro convicted of rape. There is not one word of truth in it. It is a lie manufactured out of the whole cloth-a mean, malicious copperhead falsehood.

EIGHT MILLIONS PER MONTH.-This is prodigality.

DEAD OF COURSE. -Brick Pomeroy was recently presented with an eagle. But the bird of needom could not live in the Pomeroy atmosphere. It died, as everything noble and free, must die under the blighting, yet brought upon the boards. withering, contaminating touch of modern "Democracy."

THE NATIONAL DEBT. -The rapid reducworld. The capitalists of Europe are surthe history of any country.

TROUBLE AHEAD. - In the home county of Asa Packer "where his possessions lie." there is serious trouble in the rebel camp, all about who shall handle the money to be lavishly dispensed by their candidate for Governor. The fight is a Litter one, and falling out."

started in this country, but in which a number of English capitalists are interested.

A LAMB FOR THE SLAUGHTER. -- Geo. H. Pendleton has been nominated, by the Demhis "family." Poor "young Greenbacks!"

HON. JEREMIAH NICHOLS. -On Thursday last, Hon. Jeremiah Nichols, a prominent politician, died at his residence in Philadelphia. He was in the State Senate from 1861 to 1866, and was a firm and ardent supporter of the Government during the war. His loss will be severely felt by our friends in Philadelphia.

Going Down.-L. A. Mackey, defeated last fall by W. H. Armstrong for Congress is the Clinton county member of the Demo eratic State Committee. Thus he follows in the walks of Pendleton and Packer, going down, down, lower and lower into the mire of Democracy, until he will soon be over whelmed with its meanness, stench and

TRUE. VERILY .- "The duties which are deemed sacred to my creditors and my family," says Rosecrans, "prevent my acceptance of the nomination." Precisely so. How could a man who has any regard for tion candidate; and if he did so, how could his family ever survive the disgrace? No wonder he declined their nomination.

NEW OFFICE.-The Penasylvania Rail road Company are building an additional office in Philadelphia. Some idea may be formed of its magnitude when we state that it has a front of ninety-eight feet on Fourth street by a depth of one hundred and seventy five feet eastward, connecting with the rear of the immense building of the Company fronting on Third street, The new office will be four stories high.

THE Louisville Courier-Journal is willing to see Andy Johnson elected United States Senator because it would "annoy the Radicals." It strikes us that in the end the Democrats would be annoyed most. He is about the worst public man in the country and for his behavior they, not the Radicals, would be responsible. It is in this light we fancy, that Democrats are coming to view the question of the Tennessee Senatorship.

ROSECRANS declined the Ohio nomination because he thought his "creditors" would not like it. We suppose he meant by this that the demands on the purse of a Democratic candidate for office are so great as to constitute a perilous drain on his resources unless he be an exceedingly rich man. This difficulty it is needless to say was not in the way of our Democratic Gabernatorial candidate's acceptance. But why could not the District of Columbia amount to 578 Packer help Rosy through?

RAILBOAD EXTENSION. -It is stated that the new railway-line from the Allegheny Valley road, at the mouth of Mahoning creek to Driftwood, on the Philadelphia and Erie road, is to be constructed by the first named corporation, the Pennsylvania Rail- the thing is becoming interesting, if not road endorsing \$3,000,000 of its sureties to be appropriated to building the road easta part of the twenty millions. Fat picking ward from Brookville. It is also understood that the work is to be put in hand at once, to be finished within two years.

ment, when a copperhead politician, forsakes greenbacks, coffee pots, and colonization, and exhibits such a spirit of devout piety. We will know after the election, whether Col. Connell spoke "by authority."

A BOLTER.-When Hon. George R. Bar rett was the regularly nominated Democratic candidate, in 1855, for President Judge in the District in which he now presides, Asa Packer bolted the ticket and supported Bell the Kuow Nothing candidate. He also bolted the nomination of Stephen A. Doughis creditors, suffer himself to be a repudia- lass by the Charleston convention, and afterwards helped to nominate Breckenridge. He is a pro essional bolter, hence he bolted

UNKNOWN .- Everybody wants to know, Democrats included, who Pershing is. He has been dubbed "Judge" by many of the Democratic papers, but he never sat on a bench of any kind, since he left school, or attended his last show or camp meeting. He is no Judge, and was never appointed or elected to any office save member of the Legislature. Whenever he got an important case, he sent to Huntingdon for Senator Scott to come up and help him try it. He is a poor lawyer, having no love for, or pride in his profession, and is utterly unqualified, in every respect, for Judge of the Supreme Court. It is fortunate for the people of the Commonwealth, that his election is impos

THEIR Cost. - The amount expended on the government buildings in Washington from the time the seat of government was located there to June 30, 1868, for public works of every description, including buildings and works of art, is \$37,390,853 08. The grounds owned by the government in acres. These facts are adduced to show that the removal project experiences no serious obstacle here. Chicago gives notice that she stands ready to issue bonds to the extent of \$40,000,000, to construct government buildings there, in case St. Louis hesitates to come up to the scratch. Really

WHAT HE MEANT. -The dispatch of Gen. must yield the palm as national blackguard Rosecrans declining the Democratic nomination greatly puzzles the leaders. The Columbus Statesman construes it into an intimation that Gen. Rosecrans does not consider himself a citizen of Ohio, and, therefore declines because of his ineligibility. That is hardly the construction which the casual reader would suggest. More to the purpose would be the following paraphrase : your nomination-that is 'Your candidate I cannot be," or this: "I owe it to my creditors and my family to engage in business on the Democratic ticket will not pay there-

> Just So .- Some weeks ago the Democrats of this Commonwealth appeared to be confident of an easy and conclusive victory in October. Whether they actually were so may well be doubted. All the facts essential to sustain such exhileration were entirely wanting. Besides, it has become the habit of the Democrats to seem most sanguine when their prospects are the worst, as was evinced last year down to mid-summer. But whether the confidence recently manifested was real or simulated, it has disappeared. The whole Democratic host is dolorous enough. It does not retain sufficient spirit to make even an interesting contest.

GREAT BLUNDER. - We observe that in a number of localities candidates are neminated on distinctive Temperance platforms, and are to be supported by Temperance men his local taxes bylgetting assessed and voting independent of politics. No greater misin Philadelphia, though his actual residence take could be made. Every Republican was in Mauch Chunk. But all his bolting who thus votes, plays into the hands of the amounts to nothing with the Democracy, if Democratic party and the Whiskey Ring, they can only "bolt" a goodly share of his which are identical. He simply proposes twenty millions. "That's what's the mat- that the Republican party shall retire from the control of political uffairs, and his course can only be justified by the conviction that the ascendency of the Democracy will be more servicable to the country and to the cause of temperance. This no honest Republican can for a moment believe. Why then, commit so egregious a blunder as to withdraw his support from the party and principles he believes to be right, to waste it in attempting to accomplish what is imposible? If anything is to be gained for the cause of temperance by voting, it will only be through supporting and maintaining the great party of progress, which sympathises with all human reforms, and steadily advances with the onward and upward march of public opinion.

BEGINNING TO TELL.-The revenue of Uncle Sam this year is so much larger than last, that it is beginning to excite universal comment. During this month, so far, the eccipts from internal revenue have averaged over six hundred thousand dollars a day. The amount is so much larger, as compared with last year, that it has gone beyond the most liberal estimates. When it is taken into consideration that the price of everything was higher last year at this season, than it is this, and that there is a general complaint of dullness in business this month, the situation casts suspicion, to say the least, upon the powers in posession a year ago. In one district in Virginia, by a change of officials, the revenue has nearly doubled already, and in many other districts the amounts returned have been largely increased, with no indications, so far as business is concerned, to warrant more than the which has just taken place, reveals the fact | usual returns. HEAVY CONTRACT.-The Juniata Sentiuel, says: Col. J. S. Patterson, Col.J. V. Cresswell and Hon. James M. Sellers, have made a contract with the State of South Carolina for the construction of the Blue Ridge Railroad. This road runs from Anderson, South Carolina, to Knoxville, Tennessee, a distance of one hundred and ninety-eight miles. Thirty-seven miles from Anderson to Marysville are completed and in running order, and thirteen miles from Knoxville to Marysville are completed and in running order. A distance of one hundred and forty-eight miles is yet to be constructed and is covered by this contract.
