A CAUTION. - The following, from an exchange, is worthy the notice of our readers; Book peddlers and itinerant venders of itinetant wares are unusually plenty in our midst just now. Quite a number of our exchanges are cautioning their readers against constenancing any of these gentry, asserting that in many cases they are housebreakers and burglars who adopt this method of gaining across to houses, and thereby ascertwo where a good "haul" can be made. They will bear sharp watching at all events.

The Pulmonic Syrap ripers the morbid matter in the lungs nature throws it off by an easy expectoration for when the philegm or matter is ripe. a slight cough will throw it off, and the patient has real and the lungs begin to heat. To do this, the rest and the lungs begin to heat. To do this, the Senweed Tonic and Mamfrake Pills must be freely used to cleaned the stometh and liver so that the Pulmenic Syrup and the food will make good blood.

Liver Complaint is one of the most prominent ourse of Consumption Schenck's Seawed Ton to is a gentle simulant and alterative, and the dkalf in the Seawed, which this preparation is usels of assists the stomach to throw out the gas tric juice to dissolve the food with the Pulmonic Syrup and it is made into good blood without for mentation or souring in the stomach. The great reason why physicians do not care consumption is they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, heetic fever, and by, so doing they derange the whole digestive powers looking up the secretions and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Bemove the cause and they will all stop of their own second. No one can be cared of consumption, liver complaint, dyspepsia, catarrh, canker, ulcerated throat unless the liver and stomach are made healthy. up and it is made into good blood without for

If a person bas consumption of course the lungs n some way are diseased either tubercles, ab-cesses, brenchial irritation, pleura adhesion, or

the lungs are a mass of inflamation and fast de-caying. In such cases what must be done? It is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will digest early, and make good blood; then the patient begins to gain in desh, and as soon as the body begins to grow, the lungs beg n to heal up, and the patient gets fleshy and well. This is the only way to ure consumption.

When there is no lung disease, and only live: when there is no fung disease, and only itself complaint and dyspensia, Schenek's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billous complaints, as they are per-

Dr. Schenck, who has enjoyed uninterrupte health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of sulmonary consumption his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the oforesaid medicines and since his recovery many similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. The directions accompanying each, make it not absolutely necessary to see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office. Philadelphia every Saturday, where all letters for advice must be addressed. He is also professionally at No 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover St., Boston, every other Wednesday.
