SHERIFF'S SALES.—Sheriff Howe, advertises several valuable properties in our columns to day. Persons interested will please take notice.

Rev. Joseph Waugh, Principal of the Hollidaysburg Seminary, will address some of the county teachers' institutes this Winter on "What shall our girls study?"

REMOVED.—We see that the Ticket agent of the Railroad company, at this place, has removed into his new office. It is a very neat and substantial building and a credit to the company.

A THAW.—On Sunday and Monday last the weather was quite moderate in this region, and most of the snow, which had bedecked the earth for several weeks past, passed speedily away.

HOLIDAY FIXINGS.—In passing along the streets several days ago, we observed that most of our retailers had received their stocks of Holiday "fixins." Persons should call early, if they desire to choose from full assortments.

POSTERS, Circulars, Cards, Bill Heads, Letter Heads, Envelopes, Legal and other Blanks, and Job Printing of every description, both Plain and Ornamental, done with neatness and dispatch, and at moderate prices, at the JOURNAL OFFICE.

NOTICE.—By reference to our advertising columns, it will be seen that J. A. Blattenberger & Co., in Oscoda, are selling their stock of goods at greatly reduced prices. Persons should avail themselves of this opportunity to purchase cheap goods.

LAST.—On Friday, Dec. 10th, 1869, the town Wm. Brown's and Wm. Reed & Co.'s son, a gentleman's Fur Collar. Any one finding the same will please leave at the JOURNAL or BUREAU office and oblige Dec. 15, '69 W. E. ARNOLD.

A Y. M.—On Monday evening last, Dec. 15th, the following named persons were elected officers of Clearfield Lodge, No. 34, A. Y. M., for the ensuing year: Z. C. McCullough, W. M.; Wm. H. Hill, Jr., W. M.; Wm. H. Hill, Jr., W. M.; H. Bridges, Treasurer; and S. J. Row, Secretary.

DISSENT.—On Saturday last, two boys set into a fight on the street, and pummeled each other quite lustily for a few minutes. A number of men looked on in silent delight, instead of making an effort to part them. Such conduct is disgraceful in the extreme, and unbecoming a respectable community.

DIPHTHERIA.—A few weeks ago a child of Mr. S. B. Allen, a clerk in the employ of Mr. T. W. Worsdell, Master Mechanic of Altoona Shops, was attacked by diphtheria, and died soon after. The child was taken to Philadelphia for burial, and on the return of its parents, Mr. Allen himself was attacked by the fatal disease, and with a few days had been lying in a very critical condition. She is now in a fair way of recovery, however.—Altoona Tribune.

HO! EVERYBODY!—For an hour's amusement there is, at present, no better place than the Drug Store of BOYER & SHAW.

Toy article in every variety and style—the finest French, English and German importations. Soaps and perfumery—the finest and best in the world.

Confectionaries—plain and fancy—an all most inexhaustible quantity. Figs, Raisins, Oranges, Lemons, Citron, etc., etc. Beautiful Albums.

Improved Diaries for 1870. Blank books; Time books; Stationary—plain and fancy.

In short—everything for the season. If you think of anything you need, go to Boyer & Shaw's, ask for it and you will be sure to get it.

A FACT.—To relieve the tightness of the money market, and to reduce a heavy stock of merchandise prior to the taking of an inventory, J. A. Blattenberger & Co., in Oscoda, offer still further reductions on their previously low prices. Now is the time to buy.

Late Publications.

A MODEL PARLOR MAGAZINE.—For beauty of typography, artistic engravings, and high toned literary articles, together with a large and beautiful display of the Fashions, Demorest's Monthly Magazine is certainly unsurpassed. The January number, just received, in addition to unusual holiday attractions, has a fine steel Portrait of both Mr. and Mmc. Demorest. The rich display of novelties offered in Demorest's Monthly would seem to be enough to secure a circulation sufficient to satisfy its publishers, but in addition we see they propose to give a very large and fine engraving to each subscriber, valued at \$10. The engraving alone would make a very appropriate birthday or holiday gift; but when added to the costly picture the best Parlor Magazine is included, to be a monthly reminder of the friendly feeling of the giver, there is certainly no better way of investing \$3.—Address Demorest's Monthly, 338 Broadway, New York.

ARTHUR'S HOME MAGAZINE.—T. S. Arthur & Sons, Phila.—Price \$2 a year in advance.—This very excellent magazine for January 1870, is already published. From year to year it has increased in popularity, until it ranks among the most widely circulated periodicals of the day. The attractions for 1870, are of a brilliant and high-toned character, and will be highly appreciated by its numerous readers. The offers to clubs are liberal. Sample copies sent on receipt of 20 cents. Now is the time to make up clubs.

ONCE A MONTH.—T. S. Arthur & Sons, Phila.—Price \$2 a year in advance.—This is an illustrated magazine of good reading for the people, consisting of some of the choicest literature of both continents. Although yet in its infancy, it has already gained a wide circulation, and is increasing in popularity daily. Sample copies sent on receipt of twenty cents. Liberal inducements are offered to clubs.

CHILDREN'S HOUR.—T. S. Arthur & Sons, Phila.—Price \$1.25 a year, in advance.—This interesting magazine, as its title indicates, is intended for the amusement and instruction of the "Little Folks." No better book could be placed in the hands of children. The premiums are liberal to clubs. Special numbers sent for ten cents.

FALLS CITY, NEB., Dec. 1, 1869. MR. EDITOR: It has been some time since I have spoken to my Eastern friends through the columns of your valuable paper, and since that time, the prospects of Southern Nebraska have steadily loomed up. We already hear the iron horse, in the prospective. Eight miles of the Nebraska Valley R. R. is graded, and by the fifteenth of the present month it will be completed to this beautiful little prairie village, and by the middle of February, the cars will be running, giving us an outlet for our grain and produce. Falls City will no doubt be the terminus for at least a year. Town property is rapidly enhancing in value; building lots, six months ago, were dull sale at ten dollars per lot, but are now readily selling at from \$15 to \$25.00.

Prairie land in Southern Nebraska, has advanced in price since April last, from fifty to seventy per cent. The migration to Nebraska in the coming spring will be immense; persons from all parts of the Federal Union, purchased lands during the past summer, intending to occupy them during the spring.

Our yield in crops this year, is immense. Every farmer, however, is cribbing and garnering his grain, awaiting a higher price or the completion of the rail road, in order to export it. Corn, what little is offered, brings from thirty five to forty cents per bushel.

No person would make a better investment than to purchase a cultivated farm, and rent it. A man can here buy a quarter section (160 acres) under cultivation, for \$4000. Now he can rent it, and receive in pay, fifty bushels of corn per acre, which would give him a yearly rental of 2,400 bushels of corn, amounting, at forty cents per bushel, to \$960 or almost 25 per cent on the capital invested, without taking into consideration the advance in the property.

I yesterday, visited a pork packing establishment in Arago, a little river town on the "Big Muddy" or Missouri River, and about twelve miles distant from this place. The proprietor informed me that he was slaughtering 108 hogs per day, and would pack 125,000 lbs. of pork the present season. Large herds of cattle are being driven off for the purpose of supplying the Eastern markets. It costs comparatively nothing to raise cattle in Nebraska. The large range of pasture enclosed, feeds them in summer, and the hay upon which they are wintered is put up at \$1 to \$3.50 per ton.

So with our grain, pork, and beef, we can keep a rail road busy.

Considerable excitement has prevailed during the trial of four Indians who murdered a white man in May last. Our former townsmen, Judge Dunphy, is complimented highly by the papers in general for the fair and impartial trial he gave the Indians, as well as for the legal ability he displayed. His charge to the Jury, was one of the most able I ever read. The Indians were convicted and are awaiting the signing of their death warrant by the President, to be executed.

Yours &c. F. B.

Schenck's Pulmonic Syrup.

Seewood Tonic and Mandrake Pills will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver and put it to work; then the appetite becomes good, the food digests and makes good blood, the patient begins to grow in both the disease and vigor in the system, and the patient outgrows the disease and gets well. This is the only way to cure the consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary consumption. The Pulmonic Syrup opens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm is removed, the patient has rest and the lungs begin to heal. To do this, the Seewood Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Liver Complaint is one of the most prominent causes of Consumption. Schenck's Seewood Tonic is a gentle laxative and alterative, and the alkali in the Seewood, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach. The great remedy for dyspepsia, catarrh of the stomach, and they try to do too much, they give medicine to stop the cough, to stop phlegm, to stop night sweats, to stop fever, and by so doing they give the patient whole digestive powers locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop cough, night sweats, or fever. He removes the cause and they will all stop of their own accord. No one can be cured of consumption, until the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to eat, and he will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs begin to heal and the patient gets fresh and well. This is the only way to cure consumption.

When there is no lung disease, and only liver complaint and dyspepsia, Schenck's Seewood Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of pulmonary consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the above medicines, and he has since recovered many similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. The directions accompanying each medicine are absolutely reliable. Dr. Schenck, unless the patients with their lungs examined, and for this purpose he is professionally at his principal office, Philadelphia, every day, and he will send letters for advice most addressed. He is also professionally at No. 32 Bond Street, New York, every Tuesday and at No. 112 Broadway, New York, every other Wednesday. He gives advice free, but for a thorough examination with his Respirator the price is \$1. Office hours each city from 9 A. M. to 5 P. M.

Price of the Pulmonic Syrup and Seewood Tonic, \$1.50 per bottle, or \$5.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

The only reliable cure for DYSPEPSIA IN THE KNOWN WORLD.

Dr. Wistar's Great American Dyspepsia Pills, and Pine Tree Tonic are a positive and infallible cure for dyspepsia, catarrh of the stomach, and to matter of long standing. They penetrate the secret abode of this terrible disease and exterminate it, root and branch. They give a vigorous and healthy action to the system, and they give a vigorous and healthy action to the system, and they give a vigorous and healthy action to the system.

It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the bark, which is its highest medicinal properties are retained. It is a powerful tonic, and restores the appetite. It strengthens the debilitated system. It purifies and enriches the blood, and expels from the system the corrupting which serafina breeds on the tongue. It dissolves the mucus or phlegm which stops the air passages of the lungs. It healing principle acts upon the irritated surface of the lungs, and throat, penetrating to each diseased part, relieving pain and excluding inflammation.
