The members of the "Clearfield Brass Band" desire to publicly acknowledge and publicly announce the treatment they received at the hands of the people of New Washington and vicinity, during-their recent visit to that place. It is not meet that so much goodness and charity should be "hid under a bushel," and be known only to the recipients thereof. We went there in our professional capacity as "blowers," to assist in the dedication of their new Odd Fellows' Hall, and were not prepared for such generous and hospitable attention as almost persuaded us that we were the "honored guests," and the entertainment was solely for our benefit. The highest seats in the Synagogue were ours-the best seats at the table were reserved for us, where we were "gorged" with the "best the market could afford;" and, if we acquired no reputation as musicians, the good people of New Washington can well recommend us as "famine breeders." Philadelphia owes his unrivalled success in the Philadelphia owes his unrivaried success in the freatment of palmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs nature throws it off by an easy expectoration for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heat. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stourach and liver, so that the Pulmonic Syrup and the food will make good

Liver Complaint is one of the most prominent causes of Conrumption. Schenck's Seawed Tonthe Seaweed, which this preparation is made of assists the stomach to throw out the gas trie juice to dissolve the food with the Pulmonie Syrup and it is made into good blood without fer-mentation or souring in the stomach. The great reason why physicians do not cure consumption is reason why physicians do not care consumption is
they try to do too much; they give medicine to
stop the cough, to stop chills to stop night sweats,
hectic fever, and by so doing they derange the
whole digestive powers locking up the secretions
and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to
stop a cough, night sweats chills or fever. Remove the cause and they will all stop of their own
accord. No one can be cured of consumption, liv-

If a per on has consumption of course the lungs in some way are diseased either tubercles, ab-seesses, bronchial irritation pleura adhesion, or the lungs are a mass of inflamation and fast de In such cases what must be done is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will dig st easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to gow, the lungs begin to head up, and the nations gets flesh, and the sections. grow, the lungs beg n to heal up, and the patient gets fleshy and well. This is the only way to enre consumption.

When there is no lung disease, and only live complaint and dyspepsia, Schenck's Seaseed Tonig and Mandrake Pills are sufficient without the Paimonic Syrup. Take the Mandrake Pitte freely in all billions complaints, as they are per-

A GOOD FARM FOR SALE

Persons desirous of purchasing a farm, are di-rected to examine that valuable property in Law-rence township, and situate at the mouth of Clearfield creek—two miles East of the Borough of Clearfield, and convenient to schools and churches.

The property contains ONE HUNDRED AND TWENTY ACECS, part of which is improved and under a high state of cultivation— the whole being well fenced. Coal, iron ore, and other minerals are found on the same.

The buildings consist of a good TWO-STORY DWELLING HOUSE, 28 by 48 feet—a GOOD BARN, and other convenient outbuildings. And there is growing on the premises a young bearing orchard of choice fruit trees.

This property is very pleasantly situated and being at the confluence of the creek and the river, it is a very desirable and inviting residence for a private family. Its position on the creek and river also render it a good situation for a board-ing house during the rafting season.

The west and north sides of this property being ounded by the creek and river makes it one of the best rafting grounds in this section, and as such yields a handsome revenue year y.

The owner, Mr. M. A. Frank, having permanently settled in the west, is the reason for dis-posing of this valuable property. For terms, etc., apply to S. J. ROW. October 6, 1869. SALT' SALT" - A prime article of ground a
