SPECIAL NOTICE.

Schenck's Pulmonic Syrup. Seeweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint and Dyspepsia, if ta ken according to directions. They are all three to be taken at the same time. They aleanse the stomach, relax the liver, and put it to work; then the appetite becomes good the food digests and makes good blood, the patient begins to grow in flesh the diseased matter ripens in the l ngs and the patient outgrows the disease and gets well.

This is the only way to cure the consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pul-monic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phiegm or matter is ripe. a slight cough will throw it off, and the patient has rest and the lungs begin to heal. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Liver Complaint is one of the most prominent causes of Consumption. Schenck's Scaweed Ton-ic is a gentle stimulant and alterative and the alkali in the Scaweed, which this preparation is made of, assists the stomach to throw out the gas ric juice to dissolve the food with the Pulm tric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fer-mentation or souring in the stomach. The great reason why physicians do not cure consumption is they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats bestic fever, and by so doing they derange the whole digestive powers.looking up the secretions and eventually the patient sinks and dies. Dr Schenck, in his treatment, does not try to top a cough, night sweats chills or fever. Re-nove the cause and they will all stop of their own No one can be cured of consumption, liver complaint, dyspepsia, catarrh, canker, ulcer-ated throat, unless the liver and stomach are made

If a person has consumption of course the lungs in some way are diseased either tubercles ab-scesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflamation and fast de caying. In such cases what must be done? It is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the ee is to take Schenok's three medicines which will bring up a tone to the stemach, the patient will begin want food, it will dig st easily and make good blood; then the patient begins to gain in flesh and as soon as the body begins to grow the lungs begin to heal up, and the patient gets fleshy and well. This is the only way to

When there is no lung disease, and only liver complaint and dyspepsia, Schenck's Scawced Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billous complaints, as they are, pertectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of oulmonary consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines and since his recovery many similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. The directions accompanying each, make it not absolutely necessary to see Dr. Schenck unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office, Philadelphia every Saturday, where all letters for advice must be addressed. He is also professionally at No 32 Bond Street, New York, very other Tuesday, and at No. 35 Hanover St on everyother Wednesday. He gives advice but for a thorough examination with his Rest i cometor the price is \$5 Office hours at each
