Some sticks had beep previously taken away, leaving a space of about six feet between the timber and the wagon. They were in the act of assisting C to lift a piece on the wagon when the other sticks subbody slid down upon them, catching Jordan's right leg in such a manner as to smuch it from the knee down to the foot, and Smith's left ankle and foot. The injuties are of a painful, but not serious character. Both are getting along finely. Their speedy recovery is confidently anticipated.

Fare good and charges moderate Feb. 23, 1870 HOOVER & FRAZER. seruls of boys, some of them not out of their tiens, have been seen copying from the dockets, and for no other purpose than to entertam strangers with their neighbor's standing and indebtedness. It is had enough for old men to make such examinations out of mere curiosity; but for small boys with small result of their investigations in bar-rooms and on the street corners, is an outrage upon the business men of this county that has been suffered too long, and which needs a prempt and effectual remedy. Should any pere a, in a business capacity, require to know the financial standing of any man in the community, the law makes provisions therefor, the Prothocotary is privileged to make a transcript for that, purpose, and is entulal to a fee for so doing-which fee he loses under the present unlawful mode for obtaining the required information. The only persons who are privileged to examine these dockets, are the officers of Court, Atturneys, etc. All others are by law prohib ited from so doing. Now, Mr Editor, I want it perfectly understood that I do not blame the present Prothonotary for this state of affairs. The custom has been prevalent for many years; and, as the present incumbent an accommodating and clever man, the Paul Prys take advantage of his good nature, for they know he will not abruptly deny the privilege accorded by some of his predecessors. I hope the attention of Judge Mayer will be called to the abuse above referred to, and that he will issue an order forbidding all such intermeddling in the future-otherwise, the people will be compelled, as in Indiana county, to ask the passage of a special

law on the subject. JUSTICE. An act has passed the Pennsylvania Legislature exempting sewing machines in use in families from levy and sale for debt.

Schenck's Pulmonic Syrup, Seeweed Tonic and Mandrake Pills.will oure Con sumption. Liver Con.plaint and Dyspepsia, if ta-ken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work ; then the appetite becomes good, the food digests and makes good blood, the patient begins to grow in flesh the diseased matter ripens in the longs and the patient outgrows the disease and gets well. This is the only way to cure the consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heat. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleaner the stomach and liver, so that the used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good

Liver Complaint is one of the most prominent causes of Consumption. Schenck's Seaweed Ton-ic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is alkati in the Scaweed, which this preparation is made of, assists the stomach to throw out the gas trie juice to dissolve the food with the Pulmonie Syrup, and it is made into good blood without fermentation or souring in the stomach. The great reason why physicians do not cure consumption is they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, heetic fever, and by so doing they derange the whole digestive powers locking up the secretions and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of consumption, liver complaint, dyspepsia, catarrh, canker, ulcerated throat unless the liver and stomach are made healthy.

If a person has consumption of course the lungs

If a person has consumption of course the lungs in some way are diseased, either tubercles, ab-scesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflamation, and fast de caying. In such cases what must be done? It is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will digest easily and make good blood; then the patient begins to gain in flesh and as soon as the body begins to grow, the lungs begin to heal up, and the patient gets fleshy and well. This is the only way to

When there is no lung disease, and only liver omplaint and dyspensia, Schenck's Scawced ouic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billous complaints, as they are per-

feetly harmless. Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton. in the very last s'age of pulmonary consumption, his physicians having uronounced his case hepeless and abandoned him to his fate. He was cured by the aforesaid me, icines, and since his recovery many similarly afflicted have used Dr. Schenck's preparations with the same remarkable snecess.

The directions accompanies a cach, make it not The directions accompanying each, make it not absolutely necessary to see . r. Schenck, unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office, Philadelphia, every Saturds v. where all letters for advice must be addressed. He is also professionally at No 32 Bond Street, New York, every other Tuesday, and at No. 35 Hamozer St., Boston, everyother Wednesday. MISS H. S. SWAN'S, School for Girls, OFFICE OF FISK & HATCH, BANKERS AND DEALERS IN GOVERNMENT SECURITIES,

No. 5 NASSAU STREET, NEW YORK.

FEBRUARY 15th, 1870.

The remarkable success which attended our negotiation of the Loans of the Central Pacific Railread Company and the Western Pacific Railroad Company, and the popularity and credit which Loans bave maintained in the markets, both in thic country and Europe, have shown that the First Mortgage Bonds of wisely located and honorably managed Railroads are promptly recognized and readily taken as the most suitable, safe, and adventageous form of investment, yielding a more liberal income than can hereafter be derived from Government Bonds, and available to take their place.

Assured that, in the selection and negotiation of superior Railroad Loans, we are meeting a great public want, and rendering a valuable serrice-both to the holders of Capital and to those great National works of internal improvement whose intrinsic merit and substantial characte. entitle them to the use of Capital and the confidence of investors-we now offer with specia confidence and satisfaction the

FIRST MORTGAGE BONDS

OF THE Chesapeake and Ohio Railroad Company

The Chesapeake and Ohio Railroad, connecting the Atlantic coast and the magnificent harbors of the Chesapeake Bay with the Ohio River at a point of reliable navigation, and thus, with the entire Railroad system and water transportation of the great West and Southwest, forms the additional East and West Trunk Line, so imperatively demanded for the accommodation of the immense and rapidly growing transportation between the Atlantic seaboard and Europe on the one hand and the prest producing regions of the Ohio and Mississippi Valleys on the other.

The importance of this Read as a new outlet from the West to the sea magnifies it into one of national consequence, and insures to it an extensive through traffic from the day of its completion; while, in the development of the extensive agricultural and mineral resources of Virginia and hest Virginia, it possesses, along its own line the elements of a large and profitable local bu-

Thus the great interests, both general and local which demand the completion of the Chesapeake and Ohio Railroad to the Ohio River, afford the surest guarantee of its success and value, and render it the most important and substantial railroad enterprise now in progress in this country.

Its superiority as an East and West route, and the promise of an immense and profitable trade awaiting its compixtion, have drawn to it the attention and so operation of prominent Capitalists and Qailroad men of this City, of sound judgment and known integrity, whose connection with it, together with that of eminent citizens and bu siness men of Virginia and West Virginia, in sures an energetic, honorable and successful man

The Road is completed und in operation from Richmond to the celebrated White Sulphur Springs of West Virginia, 227 miles and there re main but 200 miles. (new partially constructed) to be completed, to carry it to the proposed terminus on the Ohio river at, or near, the mouth of the Big Sandy River, 150 miles above Cincinnati and 350 miles below Pittsburg.

Lines are now procected or in progress through Ohio and Kentucky to this point, which will connect the Chesapeake and Ohio with the entire railroad systems of the West and Southwest, and with the Pacific Railroad. Its valuable franchises and superior advanta-

res will place the Chesapeake and Ohio Railroad Joropany among the richest and most powerful and 'rustworthy corporations of the country; and there exists a present value, in completed road and work done, equal to the entire amount of the mortgage.

The details of the Loan have been arranged with special reference to the wants of all classes of investors, and combine the various features of convenience, safety, and protection against loss

The Bonds are in denominations of

#### \$1000, \$500 AND \$100.

They will be issued as Coupon Bond. psyable to Bearer, and may be held in that form; or the Bond may be registered in the name of the own er, with the coupons remaining payable to beaver attached, the principal being then transferable only on the books of the Company, unless re-assigned to bearer : or the coupons may be detach ed and cancelled, the Bond made a permanent Registered Bond, transferable only on the Books of the Company, and the interest made payable only to the registered owner or his attorney.

The three classes will be known respectively as

1. 'Coupon Bonds payable to Bearer.' 2. "Registered Bonds with Coupons attached. 3. "Registered Bonds with Coupons detached,

and shold be so designated by correspondents in specifying the class of Bonds desired. They have Thirty years to run from January 15, 1870, with interest atsix percent, per annum from November 1, 1869. Principal and interest paya

ble in gold in the city of New York. The interest is payable in May and November that it may take the place of that of the earlier issues of Five-I wenties, and suit the convenience of our friends who alroady hold Central and Western Pacific Bonds, with interest payable in January and July and who may desire in making

additional investments, to have their interest re ceivable at different seasons of the year. The Loan is secured by a mortgage upon the entire Line of Road from Richmond to the Ohio River, with the equipment and all other property

and appurtenances connected therewith A Sinking Fund of \$100,000 per annum is provided for the redemption of the Bonds, to take effect one year after the completion of the road. The mortgage is for \$15,000,000, of which \$2,-000,000 will be reserved and held in trust for the redemption of outstanding Bonds of the Virginia Central Railroad Company, now merged in the Chesapeake and Ohio.

Of the remaining \$13,000,000.a sufficient amount will be sold to complete the road to the Ohio rfver, perfect and improve the portion now in operation, and thoroughly equip the whole for a large and active traffic.

The present price is 90 and accrued interest. A Loan so amply secured, so carefully guarded. and so certain hereafter to command a prominent place among the favorite securities in the marke's, both of this country and Europe, will be at

once appreciated and quickly absorbed.
