It is said that as the result of the co oper ative and instructive movements in Bir mingham, England, over twenty thousand dwellings have been creeted. Many artisans own their own houses by this method, who would without such societies have been still paying heavy rents for miserable accommo dations. Any movement that puts a decent roof over the workman's head, and makes him frugal, sober and independent, is "pro gress" of the best kind.

SPECIAL NOTICE.

Schenck's Pulmonic Syrup, Seeweed Tonic and Mandrake Pills will cure Consumption. Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanso the stomach, relax the liver, and put it to work; then the appetite becomes good the food digests and Takes good blood the patient begins to grow in flesh the diseased matter fipens in the 1 ngs and the patient outgrows the disease and gets well. This is the only way to cure the consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treasurent of pulmonary consumption. The Pul-monic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectora-tion, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to bent. To do this, the Scaweed Topic and Mandrake Pills must be freely Pulmonic Syrup and the food will make good blood.

Liver Complaint is one of the most prominen enuses of Consumption Schenck's Scawced Ton-ic is a gentle stimulant and alterative and the Syrup and it is made into good blood without fer mentation or souring in the stomach. The great reason why physicians do not one consumption is reason why physicians do not one consumption is they try to do too much; they give medicine to stop the cough, to stop chills to stop night sweats, heetic fever, and by so doing they derange the whole digestive powers locking up the secretions and eventually the patient sinks and dies.

Dr Schenek, in his treatment, does not try to stop a cough, night sweats chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of consumption, liver complaint, dyspensia, catarrh, canker, ulcer er complaint, dyspepsia, catarrh, canker, ulcer ated throat unless the liver and stomach are made

If a person has consumption of course the lungin some way are diseased either tubercles, a esses, bronchial irritation, pleara adhesion, or the lungs are a mass of inflamation and fast de caving. In such cases what must be done? I is not only the langs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will dig at easily and make good blood; then the patient begins to gain in flesh and as soon as the body begins to grow, the lungs begin to heal up, and the patient gets fleshy and well. This is the only way to

When there is no lung disease, and only liver complaint and dyspensia, Schenek's Scawced Tonic and Mandrake Pitls are sufficient without the Palmonic Syrap. Take the Mandrake Pitls freely in all billous complaints, as they are per-fectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a more skeleton, in the very last stage of sulmonary consumption, hi physicians having pronounced his case hapeless, but abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery m.
