A VALUABLE RECIPE. - The long celebrated "white Diamond Cement" is composed of Russia Isinglass 8 ounces, soft water I pint, White Carbonate of Lead, 2 ounces, and Absolute Alcohol 5 fluid ounces. This forms the strongest known cement, and is used by jewelers in setting diamonds, which gives it its name. For cementing glass, porcelain, wood, iron, or any other solid material, it is very useful, and as it will keep good for years, will save many times its cost in any family. The ingredients for making this useful article may be had at any drug store.

THE PILORIM.—This name has been given to a moral and religious Exhibition, founded upon Pilgrim's Progress. It consists of a pleasing display, under various colored lights, and with modern evenue effects, of 54 paintings, which in size are the largest, and in representation the best specimens of Art now before the public. They are all original and by the most celebrated artists. In no part of the world is their equal to be seen. The exhibition of Painting is accompanied by a suitable and impressive Lecture, interspersed with appropriate songs and music, and closes with a gem of scenic arta beautiful and allegorical representation of

Death and Heaven. After some 25 or 30 exhibitions of the Pilgrim in Boston, an article appeared in the Boston Jonrnal, by its art and dramatic critic, from which we select the following :

The Pilgrim is one of the most brilliantly successful Exhibitions ever brought forward in Boston. It is drawing large houses at the most capacious hall (Tremont Temple) in this city, and frequently hundreds are turned away from the doors, unable to gain admission. The immense success is well merited, for the Painting are not only exeedingly beautiful, but the Lecture by Pro . Bain is earnest and eloquent, while the mu sic (vocal and instrumental) is of itself worth the price of admission. The whole entertainment is instructive, and morally benefi-

The "Pilgrim" will be exhibited at the Court House, in Clearfield, on Wednesday and Thursday evenings, February 22d and 23d. Admission 35 cents; Children 25 cts. Reserved sents, 50 cents.

Musical. - Among the thousand and one Pianos offered to the public, we scarcely know any instrument so fully uniting all the desirable qualities sought for as the Knabe Piano. It is a matter of some difficulty and perplexity to inexperienced persons to select a good instrument of any capacity. We too often rely upon the judgment of friends in the selection of a piane, and are thus frequently disappointed. The only sure way, in our opinion, is to go to the best maker. For this reason, we recommend to our readers to purchese Pianos of William Knabe & Co's manufacture. This will relieve them the vexatious necessity of wasting time in a long search. The reputation of the Knabe Pianos is an infallible guaranty of excellence. In the houses of the most accomplished and wealthy of our citizens, and in our best seminaries and colleges, these magnificent inrender them elegant, comfortable, and use- struments may be found. Nor is this any ful. The furniture is of the best, and of wonder, for in purity, depth and constancy the most improved kind. His instruments of tone, they are unsurpassed. They are the Freat Blood Purifier and a Life Giving Principle a perfect Renovator and Invigorator of the System currying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bittert neverthing to direction and re-main long unwell, provided the bines are not destroyed by minoral poison or other means and the vital organs seasted beyond the point of repair. For Inft. minatory and Chronic Rhenmatism and Gont. Dyspepsia or Integration. Billions Remittent and Intermittent Ferens. Diseases of the Blood. Lever. Kidneys and Blodder these Bitters

have been most successful. Such diseases are caused by vitisted blood, which is generally publiced by derangement of the digestive organs.

Dyspon sia or Indigestion he didache, rain in the shoulders, coughs, tightness of the chest, dizziness, sour eructations of the stom ish bad taste in the mouth, billious attacks, palpitation of the heart, ir flammation of the lungs, pain in the regions of the Kidneys and a hundred other painful symp-lones, are the off-prings of Dyspepsia. They invigorate the stomach and stimulate the torpid liver and lowels which render them of unequalled efficacy in cleaning the blood of all impurities and imparting new iffe and vigor to

ite whole system.

Bilious, Remittent and Intermittent Fevers which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Missouri, Illinois, Ten-irsee, Alabama, Sarannah, Roanoke, James and many others with their vast tributaries, during the Summer and Automu, and remarkably so du-ting summer and Automu, and remarkably so during seas as of unusual beat and draness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal vicera. There are always more or less obstructions of the liver, a weakness and initable state of the statisch, and great torpor of the bowels, heing clogged up with vitiated accumulations. In heing clogged up with vitiated accumulations. In their treatment, a pergative exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Ritters, as they speedly remove the dark colored viscid matter with which the bowels are loaded, at the appretime stimulating the secretions of the liver and generally restoring the healthy functions of the digestive organs. The universal popular v of ligestive organs. The universal popular y of this valuable remedy in regions subject to mins-matic influences is sufficient evidence of its power as a remedy in such cases.

For skin diseases, cruptions, toltor, salt rhoum, blotches, spots, pimples, pustules, boils, carbun-
