RELIGIOUS.—Divine services will be held next Sabbath, in Clearfield, as follows:

By Rev. Hall, in St. Andrew's Episcopal church, at 11 A. M. and 7 P. M. Sunday evening at 7 o'clock.

By Rev. Butler, in the Presbyterian church, morning at 10 o'clock. Sabbath school at 3 P. M. Prayer meeting every Wednesday evening at 7 o'clock.

By Rev. J. H. McCord, in the Methodist church, morning and evening. Sabbath school at 9 A. M. Prayer meeting, every Thursday at 7 P. M. Communion services First Sabbath of every month at 10 A. M.

By Rev. Mr. Skinner, in the Baptist church, morning and evening, alternately.

WANTED.—A girl to do general housework. Apply at this office.

MR. BOYNTON is having his residence, and the building occupied by the First National Bank painted a light drab color, which adds much to their general neatness.

TWO AND A HALF cents a pound for beef, is considered exorbitant in Texas. Wonder what those Texas claps would do if they came to Clearfield? Twenty-two cents or starve?

MR. GAULIN has had the old building removed from his lot on Market street, where he will at once proceed to erect a two story brick—the lower floor to be occupied by Mr. G. as a Postoffice, and Book and Stationery store.

OUR FRIEND, Capt. D. McLaughlin, has just refitted and repainted his restaurant, which adds greatly to its appearance and convenience. The ladies' saloon is on the second floor, and is reached by a separate entrance from the street.

TO CLEAN TINWARE.—An exchange says: The best thing for cleaning tinware is common soda. Dampen with a cloth and dip into soda, and rub the ware briskly, after which wipe dry. Any blackened or dirty ware can be made to look as well as new.

GAPING BRIGADE.—This highly useful organization was in attendance, in full force, at the M. E. Church, on Sunday evening last. Constable McClellan's presence was much needed on the occasion. The dispersion of the "Brigade" would be a great convenience to all respectable church-goers.

LOOK AT THIS.—Business men should not send a letter or bill without printed headings upon them. Such headings are excellent advertisements, and a slight advance upon the plain paper. We are prepared to print all such stationery at reasonable rates and do the work in the very best style.

WE NOTICED, the other day, a very nice looking "pig" driving up Market street, and upon inquiry found it belonged to our young friend Al. Southard—he is using in delivering Sewing Machines—the having taken the agency for the Grover & Baker machine for this county. Al is a good fellow and we wish him success.

A COUPLE of country crows were there reeled of some of their hard earnings at the game of "three card monte," on "show day"—one to the amount of \$50, and another \$20. Persons of so little "gaunpion" should stay at home on such occasions if they wish to save their money. "Go another \$50? You go another \$20? Sure to win this time!"

BUTTEN BY A DOG.—We learn that Mr. Richard Evans, of this place, was bitten by a white dog to Forepaugh's menagerie, while at a Brownsville, on Thursday last. Mr. E. was passing a wagon over some obstacle and fell against the wheel, whereupon the dog seized and bit him severely. Mr. E. brought suit against the Menagerie, laying his damages at twenty thousand dollars.

ARRESTED.—The two fellows—only named Jillion, and the other Lovejoy—who robbed Jere Brady of \$200, and a gold watch, at the Smith House, on Tuesday night of last week, were traced to within three miles of Gettysburg, Indiana county, by Constable Mack, and there arrested by him on Friday, and lodged in jail at this place on Saturday. The watch and money both being found upon the persons of the parties arrested, makes their guilt certain, and their chance very good for a couple of years in the Western Penitentiary. There was also found upon the person of one of them a "slung shot" of cast-iron, weighing three pounds, and attached to a heavy strip of leather. They are "boarding" at Sheriff Pie's while awaiting their trial.

GODEY'S LADY'S BOOK continues to lead the monthly fashion journals, and is as good as ever. The literature of Godey is never trashy, nor will any subscriber think her money foolishly spent when she examines the book for herself.

GOOD ADVICE.—A contemporary says: "Now is the time to put every dollar into circulation." Yes; don't lock up the money. A "nimble" or circulating sumpen will do more to make business brisk, and work plenty, than thousands that are under lock and key. Every dollar put into circulation will pay hundreds of dollars of debts in a very short time. Let all remember this.

HOW TO KILL A TOWN.—Underrate your neighbor's property; withhold your support from home mechanics and manufacturers and artisans; buy what you need elsewhere in preference to home; and if you are in business refuse to advertise. If this won't kill the most prosperous town in America, it is proof against ingratitude and hard times. Some persons we wot of should remember this.

"DIE MOERWELT," is the title of a new fashion magazine, published in Berlin, Germany, and of which we have received a copy. It contained sixteen pages of illustrations of the different fashions, a fine, colored fashion plate, a large sheet of patterns, and a supplement containing four pages of choice literary matter, besides many other excellent features. \$3 a year. Address S. T. Taylor, 291 Canal Street, N. Y.

ACCIDENT.—A colored man named John Moulton had one of his legs so badly crushed, on Monday the 7th inst., as to make amputation necessary. He jumped from the train, while it was in motion, at Sifers, a station in this county on the Tyrone and Clearfield railroad, and striking an embankment, one of his legs was thrown on the track and the train passed over it, crushing it as above stated.

RESERVED.—The miners at the Morrisdale Collieries resumed work on Saturday, May 13th, at the old prices, and without having gained any of the points for which they struck. A change, however, has been made in the weigh master, of no importance in its effect upon the demand of the men. Everything is running smoothly, and the usual amount of coal daily leaves the mines. —Philadelphia Journal.

D. Johnson & Son, Oseola, made a party of gentlemen at their ease a few days since, in the manner best known to the highest Boniface talent. The Leonard House flourishes as its well known merits demand. —Tyrone Herald.

Brainerd must have had "it" terrible bad when in this place on Sunday night a week in order to get Clearfield so awfully "moxed" up with Oseola. It strikes us that D. Johnson & Son fold forth in the Leonard House at Clearfield.

VEGETATION.—Owing to the warm and favorable state of the atmosphere during the past week, vegetation of all kinds advanced very rapidly. The prevailing dryness, however, is somewhat retarding the oats and grass crops, but with an auspicious season we anticipate a good yield. Wheat and rye look well, although somewhat injured by the late heavy frosts. Corn is just being planted, and the buckwheat sown. Some potatoes are up and look thrifty.

BRISK.—Notwithstanding the rather limited circulation of "greenbacks" in this region, owing to the failure of much of the lumber to reach the larger markets, business of all kinds is pretty brisk in this place. This, perhaps, is owing to the central location of the place, the terminus of the railroad, the varied character of our industrial pursuits, and the liberal inducements offered to purchasers by our business men generally. We state these facts for the benefit of our readers.

TURF-DIGGING.—The numerous Bellefleur have united in holding street prayer meetings. They usually "make a stand" in front of one or other of the numerous hotels or saloons. We have heard, however, that they deviated from this rule one night last week, and held forth in front of the *Whitcomb* office, offering their prayers for the editor thereof; and who seems to have taken it as an unpardonable insult, or, at least, we infer as much from the manner in which he "goes for" the participants therein.

THE LATE MAJOR J. HARVEY LAMMIMER.—A monument, to the memory of Major James Harvey Lammimer, who was killed near Battle Station, Va., during the late rebellion, has just been erected over his remains, at the instance of the members of his regiment, and some personal friends. The monument is of Italian marble, ten and a half feet in height, of beautiful pattern (after an original design), and of superior make and finish. The work was executed at the shop of Mrs. S. S. Liddell, in this place, by Mr. Nisley, one of the best workmen in the State. The monument is a highly creditable piece of workmanship, and a worthy tribute to the memory of a patriotic citizen and brave soldier.

From the Counties Around Us.

CENTRE COUNTY.—On Saturday, May 13th, while leading a horse into the stable of L. W. Munson, Mr. Jacob Stofel was kicked by a horse which was standing in one of the stalls, breaking two of his ribs. A tree fell across engine No. 146, during the storm on Tuesday evening, May 9th, near Powelson, demolishing the cab over the head of Engineer Miles, who escaped uninjured. The grain crops throughout the county are said to look well, with prospects for a large yield. At the Menagerie, in Bellefonte, on Saturday a week, one man's pocket was relieved of a forty dollar watch and \$10, and another of about \$600.

SOMERSET COUNTY.—At the Sand Patch tunnel, on the Pittsburg and Connellsville Railroad, just after a blast, a mass of rock fell from overhead and crushed two men to death, and injured seven others. They were engaged in widening the tunnel for a double track. On the evening of the 12th, while the members of the Good Templar's Lodge in Somerset—male and female—were engaged in laying down a carpet in their hall, a lamp was upset, the oil running out over some straw and the floor, and then ignited, causing much consternation for a short time, as the flames cut off retreat from the room. A boy of 16 picked up the lamp and threw it through a window, when the flames were soon extinguished. He was somewhat burned, but prevented a horrible catastrophe by his intrepidity.

INDIANA COUNTY.—On Monday, May 7th, the house owned and occupied by Mr. George Warner, at what is known as Warner's Mills, in East Mahoning tp., was totally destroyed by fire. The fire is supposed to have originated from a defective flue. All the household goods were saved. The house of John Stewart, in the same township, was destroyed by fire on Thursday morning of the same week. This fire originated from sparks falling on the roof. All the household goods were destroyed. On Saturday of the same week, the house of Thomas Danlap, in South Mahoning tp., was also totally destroyed by fire. The house is supposed to have taken fire from a stove pipe, which passed through the roof. Loss \$1,500—no insurance. On Sunday of the same week, the dwelling house of E. B. Widdowson, in Green tp., was totally destroyed by fire. Nearly all the household goods were saved. The fire originated from a defective flue. No insurance. The child of Robert Morris, injured some time since by the falling of a fork from the hay mow, one of the prongs of which struck the child on the head, died on Tuesday, the 9th inst. On Wednesday, the 10th inst., Alfred Johnson, of Rayneps, accidentally shot himself, while in the act of blowing in the muzzle of a gun, to ascertain if it was loaded.

MARRIED.—On Saturday, May 6th, 1871, by Rev. A. B. Dwyer, Mr. CONSTANTINE DUBBLES and Miss MARY SUTHERMAN, both of Pennfield, Clearfield county.

DIED.—On Thursday, May 11th, 1871, Mrs. ELIZABETH FULTON, consort of the late Samuel Fulton, of Lawrence township, aged nearly 85 years.

The deceased was a member of the Presbyterian church—kind, affectionate, accommodating, and much beloved by all who knew her. Peace to her remains.
