THE MILK CURE. - Some years ago phy sicians had a habit of recommending every consumptive patient to take cod-liver oil. The incredible pastiness of the dose must have constituted its peculiar merit; for, as a matter of fact, any result accomplished by cod liver oil would have been attained by the patient, had cream instead of oil been prescribed. Suddenly this idea seems to have dawned upon the medical faculty. As a consequence we now have the "milk cure" announced as a specific for consumption. Patients who formerly put their trust in codlivers are now told that the cow is their only | nish all kinds of Goods hope. They are made to drink vast quantities of pure milk instead of frequent doses of the unspeakable vile cod-liver oil. The effect is all that can be desired. The paof the unspeakable vile cod-liver oil. The tient who tries the milk cure finds himself | DRY GOODS. rapidly growing fat, and it is also said that he becomes gentle, child like and bland in his demeanor. The advantages of the milk cure will doubtless make it extremely popular among those who have tried in vain to swallow cod-liver oil.

WHITEWASHING TREES .- Don't whitewash the bark upon the bodies of fruit and ornamental trees. We are at a loss to know for what purpose some persons thus coat the bark of fruit and shade trees about their premises with lime, unless it is to make them look nice. It certainly does them more harm than good, as it serves to obstruct the respiratory organs, and in a measure prevents a thrifty growth. Should the bark become diseased and rough, or covered with moss, scrape it thoroughly with a hoe or scraper of some suitable description; after which wash thoroughly with a strong solution of soap and water. If this is done properly every season, it will prove a great benefit, Being specially engaged in the business of buy by destroying the insects which prey upon the bark, and otherwise promoting a healthy and vitality of the tree.

MAKE COWS GIVE MILK. -The agricultural editor of the Bee Journal vouches for the following handed him by a friend: "If you desire to get a large yield of milk, give are necessary. your cow, three times a day slightly warm water, slightly salted, in which bran has gallons of water. You will find that your cow will gain twenty-five per cent. immediately under the effects of it, and will become so attached to it as to refuse to drink clear water, unless very thirsty, but this mess she | FLOUR, will drink at any time and ask for more The amount of this drink is an ordinary water pailfull at each time, morning, noon and night. Your animal will then do her best at discounting the lacteal."

The man who called tight boots comfortable defended his position by saying they made a man forget all his other miseries.

March 8, 1571-3m A Great Medical Discovery!

DE. WALKER'S CALIFORNIA

VINEGAR BITTERS

Hundreds of thousands bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE FANCY DRINK, Made of Poor Rum, Whiskey, Proof Spirits, and

Refuse Liquors, doctored, spiced and sweetened to please the taste called "Tonics," "Appetizers," Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine made from the Native Roots and Herbs of California, free from all Atsohelic Stimulants. They are the Great Blood Purifier and a Life Giving Principle a perfect Renovator and Lavigorator of the System carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and re-main long unwell, provided the blues are not destroyed by mineral poison or other means and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rhomasticm and Govt. Dyspepsia or Indicastion. Billions Remittent and Intermittent Ference, Discusses of the Blood, Lever, Kidneys and Bladder, these Bitters

have been most successful. Such diseases are caused by vitiated blood, which is generally produced by derangement of the digestive organs. Dyspoj sia or Indigestion headsche, pain in the shoulders, coughs tightness of the chest, dizzinoss, sour cructations of the stomach, bad tuste in the mouth, billious attacks, palpitation of the heart, inflammation of the lungs, pain in the regions of the Kidneys and a hundred other painful symp-

the kidneys and a hundred other paintal symp-toms, are the eff-prings of Dyspepsia.

They invigorate the stemach and stimulate the torpid liver and lowels, which render them of unequalled efficacy in cleansing the blood of all tmpurities, and imparting new life and vigor to ite whole system.

Bilions, Remittent and Intermittent Pevers,

which are so prevalent in the valleys of our great rivers throughout the United States, eipecially those of the Mississippi, Missouri, Hinois, Ten-nessee, Alabama, Savannah, Roanoke, James and many others with their vast tributaries, during the Summer and Autumn, and remarkable so during seasons of unusual heat and dryness, are in-variably accompanied by extensive derangements of the stomach and liver, and other abdominal of the stomach and liver, and other abdominal viscora. There are always more or less obstructions of the liver, a weakness and ir itable state of the stamach, and great torpor of the bowels, being elogged up with vitiated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they speedily remove the dark colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. The universal populary of this valuable remedy in regions subject to missimatic influences, is sufficient evidence of its power as a remedy in such cases.

One bottle in such cases will convince themost incred-

ulous of their curative effect. Cleanse the Viviate i Blood whenever you find Its impurities tursting through the skin in pim-ples, eruptions or sores; cleause it when you find it obstructed and singgish in the veins; cleause it when it is foul, and your feelings will tell you when.
