CLEARFIELD, PA., AUGUST 16, 1871.

To Patron.—To insure the safe transmission of money by mail, patrons should remit by check or money order, or have their letters registered. A receipt will be enclosed in the first paper after the money comes to hand.

Notices inserted under the heading of "Special Local" at 15 cents a line for first insertion; and 5 cents a line for each subsequent insertion.

Table with columns for 'Clearfield R. R.—Summer Arrangement', 'Express leaves Clearfield', 'Express leaves Tyrone', 'Arrives at Clearfield', and 'Arrives at Tyrone'.

RELIGIOUS.—Divine services will be held next Sabbath, in Clearfield, as follows: By Rev. Hall, in St. Andrew's Episcopal church, at 11 A. M. and 7 P. M. Sunday school at 3 P. M. Prayer meeting every Wednesday evening at 7 o'clock.

OUR READERS will find, in another column, a very interesting communication from "Charlie." Read it.

BETTER pay the printer a couple of dollars than stick up written notices containing such words as "wicked," "knocks," "maney," "useful," "label," etc., etc. No remarks.

DIRT.—The debris before several recently erected buildings on Second street, still obstructs the free passage of vehicles. Remove it, and charge the expenses for so doing to the property holders.

CHICKEN THIEVES.—These petty thieves have been plying their trade pretty extensively in this place, during the past week or two. We advise these gentlemen to be a little cautious, or they may catch a good deal more than they bargained for.

A NEURASME.—An almost intolerable stench arises from some stables along Third street, which should be abated by the borough officers. The removal of the manure and other filth, and the erecting of high fences, would remedy the evil. What say ye?

THE PARK ASSOCIATION.—This "institution" is in successful operation, and proposes to give its first "entertainment" Saturday following the Agricultural Fair. Premiums amounting to \$600 will be distributed among the successful competitors of fast trotting horses.

THAT long line of "brassy" boys, better known as the "gaping brigade," still keeps its position at the church doors on Sunday evenings. If the officers of our different churches had the least regard for the feelings of the people who attend church, the "gaping brigade" would soon be "mustered out."

CONCERT.—The singing class (composed of a large number of boys and girls of this place) which has been under the instruction of Mr. C. H. Jones for some time past, will give a concert in the Court House on to-morrow (Thursday) evening. Mr. Jones is an efficient teacher, and deserves success. Tickets 25 cents. The public generally is invited to attend.

THE FAIR.—The Clearfield County County Agricultural Society will hold their Ninth Annual Exhibition, on the Park grounds near this place, commencing on Tuesday, September 16th, and continuing four days. We hope the farmers, and all others interested in the advancement of agricultural pursuits, will use their utmost endeavors to make the fair a success. The premiums offered are liberal.

OUR exchanges nearly every week, notice some victim of patent right vendors, especially among farmers. The safest plan, when approached by one of these gentlemen, is to give him abrupt orders to go—and stay gone. Or if you cannot get rid of him without making a bargain, pay him at once, take a receipt in full, but never, under any circumstances, sign a note. If you do, look out for its return in an unexpected shape.

A ROMANCE.—On Thursday night last, some villain, or villains, who had no fear of God or man before their eyes, cut out a window glass at Showers' grocery store, and appropriated divers articles to their use without the consent of the owner. The thieves secured about six dollars in change that was in the money drawer, two bottles of brandy punch, half dozen cans of core oysters, three prize boxes of candies, and perhaps a few other articles. Pity that the scraps cannot be discovered and punished as they deserve.

BEAR SHOT.—We are informed that, on Saturday evening, August 5th, as Mr. John Burgoon, of Penn township, was returning from his saw mill on Curry's Run, in Bell township, he met a huge she-bear with two cubs. Mr. B's dogs at once grappled with the bear, but after a severe fight was forced to give up the contest. The bear then reared on its hind legs, when Mr. B. shot it dead. Bruin measured seven feet in length, and evidently was an old rick and offender, as it was missing the left fore paw, which probably, was lost in a trap. The cubs of the bear, during the melée between the "manney" and the dog.

THE Marietta came to us last week enlarged and improved, and its name changed to the Marietta Register, having been purchased by Mr. J. E. Wolfberger. We wish Mr. W. success in this new enterprise.

THE MODERNITY for August came to hand recently. It, like the former number, contains more fashion literature than any other magazine of the kind that we have ever seen; it not only excels in quantity but quality. Send for it. Address S. T. Taylor, 391 Canal street, N. Y.

LIST OF LETTERS remaining unclaimed in the Postoffice, at Clearfield, Aug. 14, 1871: Brown, Scott; Kivall, G.; Conway, Deliah; McCaffery, John; Cumming, Tom P.; McPhee, Alex.; Darvall, John; Oberhiser, D.K.; Feltwell, Joshua; Ligley, Robert; Hesser, G.; Shultz, S.S.; Hahn, J.B.; Sallingor, Miss Anna; Hoffman, Miss Lizzie; Troxell, P.H. (2); Johns, William (2); Tageriz, John; Keefer, James; P. A. GAULIN, P. M.

A DESPERATE VILLAIN.—On Wednesday evening, of last week, a very large crowd repaired to the depot to welcome the notorious James Johnson, who, by particular invitation from officer Clark, of the Altoona day police, has again returned to take quarters in our jail. Johnson will be remembered as the man who escaped from our jail some time since, while awaiting sentence upon conviction of having obtained a receipt for money on false pretences, and who, later still, assaulted and escaped from Sheriff Pie, and on whose head the County Commissioners had placed a reward of \$300. Tuesday a week Johnson walked from Glen Hope, in this county, to Tipton, Blair county, and there bought a ticket and took the train for Pittsburg. Upon arriving at Altoona, where a telegram had preceded him, he was arrested by Mr. Clark, and conducted to this place on Wednesday. He took it quite cool until the train stopped at the depot, when he attempted to escape through a car window, but being unsuccessful in this, he feigned an attempt to escape after he was off the train, for, we do not believe he had any idea that he really could escape, but just thought he would "have a little fun." When at last they got started with him, they took him from the depot to the jail on double quick. He was put in irons and confined to a cell. It is altogether probable that he has escaped from Sheriff Pie's hands for the last time. Johnson certainly deserves the full extent of the law, and that will, without a doubt, be his fate.

Elms on Women. Of all the evils prevalent among men, we know of none more blighting in its moral effects than to speak slightly of the virtue of woman. Nor is there anything in which young men are so thoroughly mistaken, as to the low estimates they form of the integrity of women—not their own dear mothers and sisters. As a rule, no person who surrenders to this debasing habit is to be trusted with any enterprise requiring integrity of character. Plain words should be spoken on this point, for the evil is a general one, and deep rooted. If young men are some times thrown into the society of thoughtless or lewd women, they have no more right to measure all other women by what they see of these than they would have to estimate the character of honest and respectable citizens upon developments of crimes in our police courts. Let our young men remember that their chief happiness of life depends upon their utter faith in women. No worldly wisdom, no misanthropic philosophy, no generalization, can cover or weaken this fundamental truth. It stands like the record of Almighty God itself—for it is nothing less than this and should put an everlasting seal upon lips that were wont to speak slightly of women.

Letter from Florence, Kansas.

FLORENCE, KS., August 6th, 1871. EDITOR JOURNAL: Did I hear you say, "drouthy Kansas?" Well! Had you been here during the past ten days, your cry would have been, "Oh! for a short drouth. We have had exceeding heavy rains for six nights out of ten, and prior to that time we did not suffer for rain, as it came regularly three times a week since May 1st. As a result we have the best kind of crops of all sorts. Having told you of small grains and corn in my last, I wish simply to state, that a gentleman adjoining our city on the south, planted corn in seed on the 15th of June, and on the 25th of July it was nine feet high, with three and four ears on each stalk—having been worked only once. It is nothing strange to see corn fourteen or fifteen feet high—in fact the corn fields are perfect forests.

An immense yield of potatoes is expected. Many farmers anticipating 300 and 400 bushels to the acre. So rapid has been their growth, that they have actually burst the hills apart in order to have room to grow in.

Take these facts, and the nutritious blue-stem and Lullala grasses, which this year attained a height of three and four feet, into consideration, and who can say that Kansas is a barren waste?

Untold acres of rich prairie and bottom lands, are still lying idle, only awaiting the coming of settlers to plow and seed, that wealth, comfort and peace may be their portion.

In this, Marion county, one of the newest, as well as one of the largest counties in the State, where taxes are light, provisions plenty and cheap, with stone, wood, and water in abundance, there is room for them sends more. We have residents from Maine to Texas, from Oregon to Florida—from most of the isles of the sea, and all parts of the Eastern hemisphere, and the general opinion expressed by each and every one is, that if their neighbors and friends did but know the value and the extent of agricultural lands of Marion county, 'twould be but few years until it would be one of the most densely populated counties in the State.

Our ranges for stock are vast; no trouble on account of water—and a few dollars invested in cattle, will, in a few years, bring independence to those who so invest. I

have many instances to refer to, to support the assertion.

In towns and villages, we are not behind our neighboring counties.

Florence, the principal town of the county, is now about four months old, has one hundred and twenty five houses, and still improving. The citizens are enterprising and energetic. Her business men are capable, and possessed of capital sufficient to attract trade from a distance of one hundred miles. We have two very extensive lumber yards, whose daily sales will aggregate \$3000, three wholesale and retail grocery stores, two general merchandise stores, one exclusive dry goods, one wholesale boot and shoe, three hardware and stoves, one wholesale and retail furniture, one wholesale liquor, one saddle shop, two blacksmiths, two real estate offices, one lawyer, two doctors, two drug stores, one printing office, one tank, capital \$30,000, two bakeries, two hotels, three restaurants, two shoemakers, carpenters, masons, etc. We need a good shoemaker, and a good wagon maker.

We have the finest never failing water power in Southwestern Kansas, and any person putting up a good grist mill, will have the mill site, and all necessary lands given to him—there is but one mill within 45 miles of us, and it but a "pocket" mill. A mill at this point will command the business for a distance of fifty miles around us, to the north, west and south, and there is no water in that distance, and no fuel for steam west of this place.

McReynolds & Kurtz, Real Estate Agents, at Florence, will give any information concerning the mill site and water power, that may be desired.

They are also agents for the sale of 800-000 acres of land, belonging to the Atchison, Topeka and Santa Fe R. R., which they offer at low prices on eleven years time, and if one-tenth of the land is improved in three years time, a deduction of seven-tenths per cent, is made, from amount remaining unpaid—if at the end of the fifth year, two-tenths improved a further discount of five-tenths per cent, is made. This, I believe, the most liberal proposition ever made by any railroad company. There is also large bodies of private lands, that these gentlemen have for sale; they also locate warrants, pay taxes, etc., and if one desires any information concerning any portion of Kansas, at letter to them will receive prompt attention, as they take pleasure in making Kansas known to all parties interested.

Marion Centre, the county seat, is ten miles Northwest of Florence, and is a thriving, prosperous place.

Peabody is on the railroad, eleven miles Southwest of Florence, and has made rapid strides since started. There are several other trading points in the county, but as they have just been started, not much can be said concerning them.

My letter has grown to so great a length, that I must close, or I may compel you to issue a supplement, or have the letter consigned to the waste basket. Truly yours, CHARLES.

Special Locals.

Good news for the million! Plenty of wet weather, for the sign is in the fish, or at least you would think so if you were to see the stock at Mossop's, and the very low price at which he sells them.

CREAK Lubricating Castor Oil, Lightning Fly-killer (paper), Sponges of all varieties and sizes, Flavoring extracts of a superior quality, for sale at Hartwick & Irwin's Drug Store, Second street. July 19-3m.

DR. F. PLATTO, formerly of Syracuse, N. Y., desires us to inform the people of Clearfield and vicinity that he has permanently located among them, for the purpose of practicing his profession. The Doctor will be in readiness to attend to all professional calls, either night or day. DEBILITY AND EMACIATION both result from the lack of ability to convert the food into nutriment. How necessary, then, for those suffering from these alarming symptoms to immediately resort to a remedy that will strengthen the stomach and digestive organs. For, as soon as this desirable object has been accomplished the health improves, and the patient resumes his usual personal appearance. Hostetter's Stomach Bitters have attained a world-wide popularity in such cases, and have been proven the best and safest means of removing constipation, toning the stomach, giving energy to the liver, and relieving every symptom of nervousness and depression of spirits. Its cheering and beneficial effects are highly spoken of by thousands, who owe to it their restoration to health. No restorative in the annals of medicine has attained the same popularity in the short space of time it has been before the public, or has won the high endorsements accorded to this excellent tonic. Many other preparations, purporting to be restoratives and restoratives, have been introduced, and have perished one by one, while the popularity of Hostetter's Stomach Bitters continues to increase, and is now recognized as a standard household medicine. The success which attends the use of the Bitters evinces at once its virtues in all cases of debility and disease of the stomach. Certificates, almost without number, have been published, attesting its truly miraculous power in removing those painful and fearful diseases. And at this time it seems idle to do more than call attention to the great anxiety of the age, in order to awaken public attention to its excellence. It is the only preparation of the kind that is reliable in all cases, and it is therefore worthy of the consideration of the afflicted.

PITTSBURGH FEMALE COLLEGE.—The Presbyterian Banner says: As the time is at hand when parents are beginning to inquire for suitable schools for their daughters for the coming year, we can scarcely render them a better service than by calling their attention to the advertisement of the Pittsburgh Female College. An experience of sixteen years has given the officers of that institution the practical knowledge so essential to full success, and of much value to the pupils, and placed the College in the very front rank of American educational institutions. The buildings, recently enlarged, and refitted in handsome style, are among the finest for the purpose in the country. The location is quiet and retired, and yet within a few minutes' walk of the

termini of all the railroads, the principal churches, the new City Hall and the buildings of the Mercantile Library Association, the Allegheny Parks, and other places of interest. The course of study is ample and well selected. The Faculty—one of the largest to be found in any school in the United States—numbers upwards of twenty teachers, selected with special reference to their experience and qualifications for their work. The methods of teaching are thorough, and intended to develop the mental and moral powers of the pupil. The charges are claimed to be less than any school affording equal accommodations and advantages. The total charges for boarding, light, furnished and carpeted room, fuel, church sitting, ten pieces washing each week, tuition in the full English course and Latin, are less than three hundred dollars a year. Better than all else is the moral tone pervading the school. The Master is honored, and a constant effort is made to culture the heart as well as the brain. We can and do most cordially commend the College to all who have daughters to educate.

The fall term commences Sept. 5. Send to Rev. I. C. Purshing, D. D., Pittsburgh, Pa., for a catalogue.

HALL'S VEGETABLE SICILIAN Hair Renewer. Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair Dressing ever used, as it requires fewer applications, and gives the hair a splendid glossy appearance. A. A. Hayes, M. D., State Assayer of Massachusetts, says: "The chemicals are pure, and especially selected for excellent quality; and I consider it the Best Preparation for its intended purposes."

Sold by all Druggists and Dealers in Medicines. Price One Dollar.
