

THE DOLLAR.

Clearfield, Pa., Aug. 8, 1849.

DRY WEATHER.—The weather continues to be extremely dry. Corn, oats buckwheat & potatoes, are suffering very much. Without rain in a very few days, corn and buckwheat will be a total loss.

Much of our space is occupied this week with the late and interesting news from California. By this intelligence the reader will see that after all the time spent in Congress on the question of slavery in California, the Californians claim the right of regulating that matter themselves. It was a government—without regard to the slave question—that they wanted.

Our Mails and Mail Routes.

The manner in which this place has been supplied with the United States mail has always—with the exception of very brief intervals—been a just cause of complaint.

At the last post-route letting this route was advertised to be run "three times a week" on the new pike by way of "Morrisdale and Clearfield to Curwensville."

These are the facts. Where the fault lies, is another matter. If the contract is in accordance with the proposals issued by the department, then is the Department basely disregarded, and made the instrument of wonton outrage on an unoffending community.

Garibaldi has succeeded in making his escape good from the French Division, who were put upon a false scent, and he is now in the mountains of Abruzzi.

Under the present arrangement, letters going from this place, either east or west, are detained at Curwensville more than twenty-four hours longer than they would be if the mails were carried according to the way the proposals were issued.

From a report of Gen. Haynau, addressed to the Emperor of Austria, it appears that a very sharp conflict took place on the 11th before Comorn between the combined armies and the Hungarians.

Attempt to murder a Wife by her Husband.—The New York Globe, July 13, says: Yesterday morning, shortly after 6 o'clock, the lower part of Broome street was thrown into considerable excitement by the cry of murder, proceeding from the house No. 72, occupied by Fernando Dular and family.

The Arrest of Francisco Rey. The New York Herald announces that the general government have ordered the Home Squadron to Cuba, to demand the restoration of Francisco Rey, clandestinely abducted from New Orleans, it is supposed with the connivance of the Spanish Consul. We hope this is so. If it should prove to be true, and the facts of the case are not misstated, we shall be among the first to applaud the patriotic promptitude of the administration of General Taylor.

Debates in the English Parliament.—Riots in Ireland.—Arrest of the Prince of Canino in France.—Return of the Pope.—Successes of Garibaldi.—Affairs of Venice, &c., &c.

St. JOHN, N. B. Thursday, Aug. 2, 8 1/2 P. M. The steamship Cambria, Capt. Shannon, arrived at Halifax at 3 o'clock this morning, and will be due at Boston at 4 o'clock to-morrow afternoon.

Parliament is to be prorogued on the 9th. A motion, which Lord Brougham previously announced his intention to make, reference to the French expedition in Italy, was laid upon the table of Peers on Friday.

IRELAND.—RIOTS.—THE CROPS. On the 12th, a very serious riot took place between a party of armed Orangemen and Catholics, near Castle William, in the county of Down.

On the 12th, a very serious riot took place between a party of armed Orangemen and Catholics, near Castle William, in the county of Down. The Orange party having celebrated the day, it being the anniversary of the battle of Anghran, at Tullymore, & being on their march home, whilst passing a defile called Dolly's Brae, found their path waylaid.

ROME.—Preparations are making at Rome, which leads to the belief that Pius 9th is expected to return to the Quirinal. The French are doing all they can in distributing money freely to get up a cry in his favor but in vain.

VENICE. The recent operations against Venice have been discontinued in consequence of the fatal prevalence of fever and sickness amongst the Austrian troops by the excessive heat and hard work.

THE REVOLUTION IN HUNGARY.—A Turkish Ambassador in Paris received a dispatch on the 19th inst, by courier, announcing that the Polish General Bem had again completely defeated the Russians under the command of Leurs, in Transylvania, and that the latter had been obliged to take refuge in Wallachia, with a small remnant of his army.

Advices from Vienna, of the 12th of July, state that Buda and Pesth had surrendered to the Austro-Russian troops on the 11th inst, without resistance.

From a report of Gen. Haynau, addressed to the Emperor of Austria, it appears that a very sharp conflict took place on the 11th before Comorn between the combined armies and the Hungarians.

Another and probable more reliable account of this battle states that 180 pieces of cannon were bro't into the field by the Hungarians, and the loss sustained by the latter and artillerymen, may be estimated from the circumstance that several of the guns had to be secured by the diet Meister (!) in Finly. Nothing could be more complete than the defeat of the united Russia-Austrian armies under Haynau. He was obliged to fall back on Raab where his headquarters are at present, and which city is filled with wounded. He had been obliged to send 800 wounded to Presburg. But for the timely arrival of the Russians to cover his retreat, Haynau and his staff would have been taken.

THE SPANISH CONSUL DIFFICULTY. NEW ORLEANS, August 1. The trial of the Spanish Consul, charged with the abduction of the young Spaniard, Rey, was proceeded with yesterday.

One of the witnesses testified that the Consul, several weeks previous to the abduction, had sent for him, and offered to pay him well, if he would seize Rey, and put him on board of a vessel bound for Havannah. Others expressed their firm conviction that Rey was made drunk, and put on board the Schooner, which immediately left for Havannah. The evidence is very strong against the Consul.

THOMPSON'S Compound Syrup of Tar & Wood Naphtha, FOR THE PREVENTION AND CURE OF Pulmonary Consumption, Pleurisy, Bronchitis, Chronic Sore Throat, Liver Complaint, Asthma, Chronic Affections of the Kidneys, &c.

More proof!—Another astonishing Cure!! TUCKERSON, N. J. March 16, '46. Three years ago, in consequence of over exertion in assisting to launch a boat, I ruptured a blood vessel in my lungs, which was followed by profuse spitting of blood, and consequent debility, so that I had to stop work. I procured the best medical treatment, but the bleeding recurred very often, accompanied with great oppression, hectic fever and night sweats. I then went on, gradually growing worse, and I became completely discouraged, until three months ago, I made a trial of THOMPSON'S Compound Syrup of Tar, which I used regularly for three months, during which time I gradually improved, and I now bear my testimony to its value, as the only medicine which has benefited me, and has restored me to health.
