Arrival of the Caledonia. FROM THE PHILA. PENNSYLVANIAN. ONE WEEK LATER. Sr. JOHN'S, Aug. 31—8. A. M. The Caledonia, Capt. Leitch, arrived off Halifax at 1 o'clock yesterday morning...

GREAT BRITAIN. In England, local politics were never in abeyance more than at this moment, the interest of the royal visit to Ireland having passed away. The London journals find the greatest difficulty in filling their columns with any attractive matter.

The Queen's visit to Ireland has terminated with the same enthusiastic delight with which it commenced. Her Majesty, after visiting the Duke of Keister, at Carton, on the 10th inst., returned to Dublin, and then proceeded to Kingston, where she embarked in the evening.

FRANCE. At length, after a sitting of eighteen months, only interrupted by the brief intervals occupied in the elections, the Legislative Assembly of France has adjourned to the 1st of October next.

The Red River Trade—Hudson Bay Company. From the Minnesota Register, St. Paul, Aug. 11. The Red River traders, who have been with us a fortnight, are preparing to depart for their northern homes.

TRUTH.—Truth is the foundation of virtue. An habitual regard for it is absolutely necessary. He who walks by the light of it has the advantage of the midday sun...

THE FRENCH GOVERNMENT, it is said, have received information that Austria had applied to Bavaria for military assistance, & that the latter power was about to send 50,000 troops to protect the Austrian capital.

THE TROOPS LEFT AT ROME by Gen. Oudinot have exhibited strong feelings of dissatisfaction at not being permitted to return to France; the object of the expedition having been accomplished, they deem it not only an act of injustice, but of cruelty, to detain them any longer from their families and friends.

AUSTRIA AND HUNGARY. The accounts from Vienna are of much interest, the entrance of the Hungarians from Comorn into Raab is fully confirmed, and they only differ as to the booty which was secured in or near Raab by the Magyars.

A continued battle on the 23d, 24th, and 25th ult., took place between the Russians and Hungarians, near Myskolz, on the left bank of the Sava. It seems that after the day, Georgey quitted his position, and the Hungarians, a good deal cut up, followed him to the yard.

Independence of Hungary. The intelligence by the Canada confirms the victories by the Hungarians, and even brings rumors of other important successes. We think that now the ultimate triumph of the Magjars is rendered certain.

Florida—The Indians. The following extracts from a letter of Lieutenant Commanding G. W. Totten, dated Pensacola, August 19, throw much light on the condition of Florida, and on the course adopted by the Government in relation to the hostile Indians.

THE FIVE POINTS AT NEW YORK. The condition of the population of this den of iniquity may be inferred from the following facts in a petition to the councils for breaking it up by extending and widening Anthony street.

THE FOREIGN NEWS. We publish on our first page the details of the foreign news by the Caledonia. The most important feature is the intelligence from Hungary, where, notwithstanding the immense force brought into the field by the allied armies, the patriotic Hungarians are still gaining important advantages capturing here and there immense quantities of ammunition and arms.

THE ABDUCTION CASE. The New Orleans papers bring us a small volume of letters, received in that city by the Adams Gray, from Havannah in relation to the abduction of Rey.

THE HABIT OF READING.—The young should always cultivate a habit of reading, for it may be to them, not only the means of information, but the perennial source of many of the finest enjoyments of life.

HORRIBLE CASE.—We heard of a shocking event yesterday, which took place on the previous day in Reserve Township and which, though we did not learn the names of the parties concerned, we can vouch for it being true, having it from the best authority.

THE YANKEE CHARACTER.—The London Athenaeum, in speaking of the tide of emigration to California, says, "the Yankee has an admirable trick of carrying a printing press upon his shoulders wherever he goes—he cannot live without his paper."

business in the Red River Colony, and was one day sent for by the Governor, Alexander Christy, on a charge of trading in furs. On replying to the Governor's official sent—fort Gury—the accusation was stated by that dignitary, and a fine of £1000 imposed upon him...

THE PROGRESS OF BROWNVILLE. The progress of Brownsville has had some effect upon Matamoras. Several spacious brick buildings are going up there, and a general system of repairing is going on throughout the city.

THE WHITE SETTLERS in the neighborhood have moved into Fort Brook, and appear to have been quite uneasy as to their safety. The settlers at Maniee river are fortifying themselves.

THE REMOVAL OF REY.—The condition of the population of this den of iniquity may be inferred from the following facts in a petition to the councils for breaking it up by extending and widening Anthony street.

MURDER.—Mr. Anderson, a resident of Vache Grasse (fat cow), in Arkansas, was murdered by his slave, on the 4th inst., while the twin were going to Fort Smith, for the purpose of selling the negro.

THE RIVER GRANDE.—The presence and enterprise of the people of the United States in the valley of the Rio Grande are already beginning to manifest their appropriate fruits. The Brownsville (Texas) Flag gives gratifying evidence of progress on the Rio Grande.

THE DOLLAR. Clearfield, Pa., Sept. 7, 1849. Allman's Trial. On Tuesday Morning last, when the new trial of Lorents Allman, who was tried at the February term for the Murder of his brother, and found guilty of Murder in the first degree, was called up, the prisoner through his counsel plead guilty of Murder in the second degree.

OUR PAPER IS VERY MUCH CROWDED this week with the proceedings of the Democratic Meeting—compelling us to postpone many articles prepared for this paper.

THE OTHER SIDE OF THE STORY. In reference to the American prisoners, confined at Jalappa, on whose behalf we have lately seen so much newspaper sympathy, the editor of the New Orleans Bulletin, a whig paper, that bears Mr. Clifford, our Minister in Mexico, no love, says:—Pennysonian.
