

THE DOLLAR.

Clearfield, Pa., Nov. 23, 1849. Judge Woodward's Address. We cannot too earnestly call attention to the very eloquent address of this gentleman, which will be found on the fourth page of this sheet.

New Mail Arrangements. The Postmaster General has made arrangements by which the mails to and from the West will hereafter be transported on the Central Railroad, which is now finished to Lewistown.

IS IT WAR? The Washington correspondent of the Philadelphia Daily News, in his letter dated the 17th inst., speaks in the most ominous terms concerning the difficulty between our government and that of Great Britain, respecting the Mosquito kingdom.

The correspondent says:—"The Mosquito question is likely to produce trouble. It is not yet developed. There is some gunpowder in it. When the State correspondence in regard to it shall have been given to the public, it will create a commotion, the like of which has not yet been seen."

LATEST FOREIGN NEWS. The steamship America arrived at New York on Sunday last, bringing seven days later news than that published in another part of this paper.

This news is of a very interesting character. President Buonaparte, finding it impossible to get along harmoniously with his ministry, "took the responsibility" of dismissing them and forming a cabinet of a new set of men.

Up to the 3d of November Mr. Rives, the newly appointed Minister of the United States, in the place of Mr. Rush, recalled, had not been presented to the French government—which, of course, looks very warlike.

All apprehension of a war between Russia and Turkey have suddenly vanished, or nearly so—the Autocrat backing out by limiting his demand that the Hungarian refugees shall not be allowed to return to their native country.

The bloody executions that have so signally disgraced the Austrian authorities, were progressing throughout Hungary with unabated rigor.

The State of California. We devote a large space this week to the detailing of the late news from California, and which will no doubt be found peculiarly interesting by every reader.

It is now rendered almost certain that California will be a State, and be represented in the United States Senate, at the approaching session. They have progressed in the formation of a Constitution with much greater rapidity, and, we think, with better success, than generally crowns the efforts of similar Conventions in the old States of the Union.

The Yellow Boys.—Up to Saturday last, three million seven hundred and thirty thousand dollars worth of California gold dust had arrived at the United States Mint, in Philadelphia—so says the Philadelphia.

A SPECK OF WAR presents itself away up among the Lakes, between the Indians and Canadian authorities. It appears that a Canadian Copper Mining Company purchased certain claims of the Indians in the British possessions, for which they were to be paid a stipulated compensation, but neglecting or refusing to do so, the Indians are now threatening a war of extermination against the Miners.

Singular Freak of Electric Fluid. During the thunder storm on Thursday last, a bolt struck the building occupied as a Feed Store, by Messrs. Snyder & Co., near Lock No. 12, at East Schuylkill Haven. The fluid struck the roof, passing down the front of the building, and separating, descended on either side of the front door, through which it entered into the store, where Mr. Francis Benesman and Mr. Snyder were standing.

Another Steamboat Explosion—Loss of Life. NEW ORLEANS, Nov. 18. The steamer Belle Creole, burst her boilers last evening, between this city and Mobile, killed the engineer and several deck hands. Several of her passengers were more or less injured.

MURDER AND ROBBERY IN JEFFERSONVILLE, LA.—We learn that a most brutal murder was perpetrated in Jeffersonville on Thursday night by two brothers.—Their victim was a German by the name of Smith, who was employed as gardener at the Springs. They waylaid him, and beat his brains out with a hammer. They then robbed him of his money, amounting to \$108, and buried the body in a field.

NEW ORLEANS, Nov. 16, A. M. One of the most disastrous steamboat accidents that ever took place at this port, occurred about 5 o'clock last evening.—The Magnificent, first class boat Louisiana, was putting out from the levee, bound to St. Louis, just as the steamers Storm and Boston were coming in from above.

THE YELLOW BOYS.—Up to Saturday last, three million seven hundred and thirty thousand dollars worth of California gold dust had arrived at the United States Mint, in Philadelphia—so says the Philadelphia.
