DREADFUL CASE OF HYDROPHOBIA.—A young man named Henry Bathelor, aged about twenty-two years, who resided with his mother, in Black Horse Alley, Moyamensing, died on Saturday night, the 17th inst., of hydrophobia, after suffering for two days the most excruciating agony.—The deceased was bit in the hand by a dog, in his mother's house, about six weeks previous, and the hand was lascerated in the most shocking manner. He went to the hospital and had the wound dressed, but did not remain in that institution. The dog, which manifested symptoms of madness, was at once shot. The young man did not suffer much pain from the wound, and had almost forgotten the circumstance of the bite up to Thursday last, when the premonitory symptoms of hydrophobia began to be apparent. In a short time the spasms came on, and from that until Saturday evening he was, with slight intervals, a raving madman. When the violence of the spasms were over he was quite sensible, and warned his friends against coming too near him, fearing lest he should do them some injury. He frequently said that he felt as if he could "bite through a brick."—Doctor Dudley was the attendant physician, and every thing was done that his skill could suggest, to relieve the sufferer. Chloroform was tried without success. It was thought, at times, to put an end to his sufferings by suffocation, but this was not done. The deceased was well known in Moyamensing.

Gold and Paper.

The accounts from California, says the Harrisburg *Keystone*, of the discoveries of gold, many of which will be found in this paper, are astonishing. These discoveries seem to put to flight, entirely, the old objection to a specie currency, that there was not enough of it to answer the purpose of a circulating medium. In fact, they not only dissipate this foolish objection, but, if the statement made can be fully relied on, they indicate the existence of gold, in such quantities as might raise an apprehension of the depreciation of its value, to an extent, that might disturb the existing relation of things. Of this, however, we do not entertain much fear, as, we believe gold and silver were designed by a wisdom superior to that of man, as a convenient and indestructible commodity, to facilitate the exchange of property, and that it never will be obtained in such quantities, as to destroy its value and use for this purpose.

We are, therefore, of opinion, that our State legislature, instead of creating new banks to manufacture more paper money to expel gold and silver from circulation, should be devising means, the most efficient, to lessen it, and increase that of the precious metals, especially now, when it is rendered certain that gold exists in such ample abundance. If we increase the demand for it, by the expulsion of paper, we will command our full share of the products of the California mines; but if we do not do this, it will go to other countries, go into the banks and made the means of inflating the paper currency to an excess that will greatly disturb the relation of debtor and creditor, and produce a spirit of wild and extravagant speculation, which will, in the end, not only be ruinous as to property, but demoralising and injurious to the whole community.

MURDER IN LOUISIANA.—A horrible murder was recently perpetrated near Palmyra Island, on the west bank of the Mississippi, Louisiana. The negroes in that vicinity had murdered the crew of a trading boat, loaded with merchandise, groceries, &c., and sent the boat adrift. The principal owner was not among them, as he had been left behind on some business. Himself, with a number of citizens, succeeded in getting some 25 or 30 negroes, and found upon their persons, as well as scattered about the huts, many of the goods.

Louis Napoleon rides about Paris, escorted by a squadron of Cuirassiers. Nice republican.

On the 22d inst., by S. C. Thompson, Esq., Mr. JOHN HAUHENBERRY to Miss SUSANNAH BROWN, all of Morris township.

SCROFULA

If thousands of Cures of Scrofula, Cancers, Syphilis, and other impure diseases of the Blood—and if the very SMALL QUANTITY which was used of a Medicine to effect Cures of such Diseases, be any proof of the purifying medical power in the Medicine which has subdued and conquered such Diseases—then there is unquestionably evidence that—

BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine, in every respect; and there is abundant proof, in *great cures* effected, that ONE BOTTLE of it contains *more* purifying, healing virtue, and *medical power*, than there is contained in *Four Bottles* of any *sarsaparilla*, or any *other medicine* that has ever been offered for sale. There is undoubted proof in our pamphlets, that by the use of this great *Indian Purifier*, they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS, and otherwise diseased, have been HEALED and CURED.

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested ALL the *sarsaparillas* and other medicines recommended to cure blood diseases, have *decided* that—

Brant's is the Cheapest,

because *One Bottle* of it has *more* medical, curative matter in it and, in consequence, cures *more disease* in much *less time*, than *one bottle* of any other medicine.

If then, *ONE Bottle* of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle* of *sarsaparilla*—BRANT'S PURIFIER" would be as *cheap* at *four dollars* a bottle, as *sarsaparilla* at *one dollar*. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it *has* cured, and is *capable* of curing, *Four Times* as much disease as *one bottle* of *sarsaparilla*, therefore, sarsaparilla, in consequence of its *less* power and less medical efficacy, should be sold at *no more* than *Twenty Five Cents* per bottle, to be as *cheap* as the PURIFIER at *One Dollar*.

One Dollar's Worth!

How much CANCER—how much SYPHILIS, how much SCROFULA will *One Dollar's worth of Brant's PURIFIER* cure? Read the following statement, which is a specimen of its power.

CANCEROUS SCROFULA!

This is the case of a *Dying man* who *yet lives*. He *was cured* of a worse case of Scrofula, by only *Twelve Bottles* of Brant's Purifier, than were required by the use of *Twelve Gallons* of the *best sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *worst class hopeless case*.

Mr. J. B. HOUSE of *Rose Charlotte Co., N. Y.*, had *Scrofula four years*—was confined to his bed the *last year*—he was so much emaciated and debilitated as to be unable to raise his head from his bed. He had the *best* medical advice—had used *all* the *Sarsaparillas* to no good effect—got *worse* and *worse* and was considered to be in a *dying state*, and could not live *twenty-four hours* longer, when he commenced using BRANT'S PURIFIER. His *neck was eaten nearly off* from *ear to ear*—a *hole* was eaten through his *windpipe* under his chin, so that he breathed through the hole—his *ear* was so eaten around that it could be *lifted* up out of its place, it only holding by a *small* piece—the use of *one dem* was destroyed by two Ulcers—*Ulcers* under the arm as large as a man's *hand*, had nearly *eaten* through his side into his body. Thus, he was afflicted with *Twenty* such *painful, awful, offensive Ulcers*, on various parts of his person. For further and full particulars, see our *Pamphlets*.

Doct. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to cure Haskin the *day before* he commenced using *Brant's Purifier*. Doct. W. examined him, and then told him that *all* the *medicines* in the *world* could *not cure* him—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure. He said: "Soon after I received one bottle of *BRANT'S PURIFYING EXTRACT*, that Doctor Williams gave me *to get off my bed*—the second bottle enabled me to *get out of the house*—the third or fourth one to *walk to church*, and when I had finished *four Large Bottles*, I CAMPED out of *Twenty Ulcers*. I took no more and *that* is the more effected a perfect and rapid cure of me, *I ever took*."

FOURTEEN WITNESSES!

The above facts are vouched for by DOCTOR T. WILLIAMS, Mr. G. R. BROWN, *Agent* &c., *Utica*, Messrs. BISSELL & LEONARD, Druggists, and FIFTEEN other *credible witnesses* at Rome.

GODEY'S LADY'S BOOK FOR 1850.

THE OLDEST MAGAZINE IN AMERICA.

In 1849, the Lady's Book gave 916 pages—which is 116 more than one, and 148 more than the other Philadelphia monthly. He gave 281 engravings—among which were 20 colored, and 93 full page—which is 136 more than one, and 180 more than the other.

We have long stood at the head of the Magazine world for our contributions; they are always moral and instructive, and such as may be placed before a family without hesitation. We have much more than fulfilled all our promises, and enter upon the year with a new one, which to those who know us—and who does not?—will believe.—Godey's Lady's Book for 1850 shall surpass that for 1849, and exceed all magazines past, present and to come.

John Fletcher,'—the last two, though separate engravings, we count only as one premium.
