

THE DOLLAR.

Clearfield, Pa., Feb. 1, 1850.

Our Country Merchants are requested to notice the advertisement of MELLO & FORD's extensive Tinware establishment in Philadelphia.

Persons in want of Castings or wrought-iron machinery will do well to call at the Foundry of George Welch, in Bellefonte, who is well prepared to supply all orders.

The late Accident at Wilkesbarre.

We publish in this number an authentic account of the late melancholy accident at Wilkesbarre, taken from the Wilkesbarre Farmer, by which it will be seen that we committed several errors in the hasty notice we made of it last week.

We understand that a meeting of the Members of the Bar was held in this place the other day, who came to the conclusion to notify Judge WOODWARD that, as a mark of their condolence for his recent severe affliction, they will not expect him to preside at the next term of our court which commences next week.

The Foreign News.

We have read the late foreign news with care, and find nothing of particular interest. The Austrians continue their cruel treatment of the Hungarians, in disregard as well of the feelings of humanity as of their treaty obligations.

An Elective Judiciary.

For the purpose (as it is believed by some) of defeating the proposed amendment of the Constitution, providing for the election by the people of all our Judges, resolutions were offered in the State Senate, instructing the Committee on the Judiciary to inquire whether further amendments were not necessary.

The \$500 Exemption Law.

We regret to see a number of petitions presented in the Legislature from different parts of the State, asking a repeal of the law of last session exempting from sale a homestead of the value of \$500.

Change in the State Cabinet.

TOWNSEND HAINES, late Secretary of the Commonwealth, under Gov. JOHNSTON, has been appointed Register of the National Treasury.

Good Sleighting.

Last Saturday and Sunday our good sleighing had every appearance of coming to an end. But a fresh supply of snow on Monday, and a little freezing since, has restored it in complete order.

COMING TOGETHER.

President TAYLOR, in a late message to Congress in answer to a resolution calling for copies of documents and correspondence relating to the organization of the State of California, takes ground in favor of the doctrine of non-intervention by Congress, on the question of Slavery in the Territories.

THE STATE PRINTING.

The miserable farce of letting the State printing to the lowest bidder came off at Harrisburg last week. THEO. FENN & Co., were the successful bidders, and have the job at 81 per cent. below par.

GEN. CASS'S GREAT SPEECH.—This great statesman has delivered another speech in the U. S. Senate, setting forth his views at great length in opposition to the so called Wilmot Proviso.

It is understood that Mr. CLAY will take a position similar to that of Mr. Cass on this question.

NEXT CANAL COMMISSIONER.

FOR THE COUNTRY DOLLAR. GENTLEMEN.—In looking over the different papers I have seen the names of a number of good men mentioned in connection with the next nomination for Canal Commissioner.

A FRIEND TO TRUE MERIT.

Outrage and Probable Murder.—An examination has been going on at Albion, during the past week, of Mr. Lowder, residing in the town of Yates, about fifteen miles north of that village, for the supposed murder of his wife.

circumstances of her death were, that she went to bed in usual health, and was found dead in the morning. When the coroner's inquest was held, Dr. Huff, of Albion, took the stomach to his residence, in which was detected, on examination, a considerable quantity of oxalic acid.

The Cuba Expedition Started Again.

WASHINGTON, Jan. 17, 1850. News has been received here, for some days past, by the Administration, that the Cuba Revolutionists are again at work—that they have raised large sums of money—that their expedition is again pretty well under way—that they have plenty of arms, munitions of war, &c., &c.—but that now they will act according to law—that they will not concentrate their forces here, in the United States—nor rendezvous here—nor organize here—but assemble altogether, at a fixed time, say on the Isthmus of Darien, or it may be in Yucatan, or it may be on some island, the locus in quo, if agreed upon, not yet being known.

The head-quarters of these Revolutionists is at one of the hotels in this city, from whence they are carrying on operations upon a grand scale. One of the largest theatres of their operation is in New York city.

THE HUNGARIAN EXILES.—The Hungarian exiles have been treated with great respect and consideration during their sojourn in Washington city. Gov. Ujhazy—of whom it has been truly said, he looks like a man of great intellect, who has gone through severe trials, which have left their effects upon his constitution.

Ingenious Rifle.—We were shown a few days ago, a very ingeniously constructed rifle, the invention of Mr. Charles Hartung, of Prussia. It loads at the breech, but differs materially from any now in use.

DIED.—On Tuesday last, in Becocria township, after a lingering illness of Consumption, CHARLES LITTLE, aged about 30 years.
