Small Profits and Quick Sales.

JONES' NEW STORE, LEWISTOWN PA.

THE Public are respectfully informed that C. L. JONES has received a very large Stock of

WINTER GOODS,

Comprising all articles kept generally in the other stores, with the addition of many other goods not brought before to this place. A list of articles is herewith furnished, with the prices; and an examination of this extensive stock is invited before purchases are made elsewhere. At this store, goods will continue to be sold at least 20 per cent. lower than can be had elsewhere, or less than one-half the price of goods in Clearfield county. This certainly offers great inducements to country buyers; the amount of so large a per centage, even on a small purchase, will amount to enough to make it a matter of consideration. There are many who deal in Lewistown in the old fashioned way, by trading, thus giving the storekeeper the advantage of high prices—such I would respectfully ask before making trades with the other stores to call and see my goods and hear the low prices, and I am confident that such will see the advantage of selling their produce and buy goods for cash. In a market like this, if a slight effort be made, all kinds of Country Produce can be disposed of for cash; it only requires a little inducement and determination on the part of the seller, as the home consumption of produce in Lewistown alone is very great, and the necessities of life, at whatever price, must be had, and they can be disposed of for cash.

Since I commenced business in this place, on the cash system, I have sold a large amount of goods, and my business is daily increasing. The public appreciate the advantage of buying for cash, and where business is done for cash only, as there is no risk to run, of credit or trade, the goods are sold at a small advance on cost prices, and the city purchases being made for cash only, and with a lengthened experience in business, on Market Street, Philadelphia, enables the subscriber to buy, I think, lower than other merchants. I am convinced that there are a great many who would like to deal with me and get cheap goods for cash if they only could command cash for their produce, to such I say sell cheap and sell for cash only. Now for the list of goods on hand:

CONSUMPTION

In all Christianized and civilized countries, has caused a larger proportion of deaths than any other malady that afflicts the human family; and will, without a few years, there has not been any certain remedy to stop the devastation of the destroyer. But now—

BRANT'S INDIAN PULMONARY BALSAM

Cures very many of the most strongly marked and developed cases of Pulmonary Consumption—acute, indolent, chronic of advanced and distant stages—much lighter cases as were never before cured by any other medicine. So many hopeless cases of the afflicted persons, as to have been pronounced by physicians and friends to be ACTUALLY DEAD. Some who had their burial clothes made, have been cured, and yet live—others who were said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues usually so powerful and active as the preparations which we call

BRANT'S INDIAN PURIFYING EXTRACT

This differs from that, because this purifies, instead of merely cleansing, and does not destroy the system, and is, in fact, a powerful and active as the preparations which we call

Coughs and Consumptions, and all diseases of a pulmonary nature—such diseases usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM has cured 11 cases in the Lung, and has been internally used, and with the most successful results. It has cured 11 cases of Cough and Consumption on 100 after all other remedies have failed to do so.

Thousands of Consumptions and Chronic Coughs, abundantly prove its efficacy. It cures in all cases, and is sold in bottles of 25 cents, 50 cents, and 1 dollar. It is sold in all the principal cities, and is the only one of its kind. It is the only one of its kind. It is the only one of its kind.

FEMALE WEAKNESSES & COMPLAINTS

Not only has it been offered to the public, but it has been used by many of the most distinguished physicians and chemists, and has been found to be a most valuable and reliable remedy for all the above mentioned diseases. It is the only one of its kind. It is the only one of its kind. It is the only one of its kind.

CONSUMPTION

A Dying Woman Cured!

We state this cure to prove the power to cure life, when this BALSAM is used, even after the person is considered by physicians and friends to be in the last stages of disease. A lady who had been in bed for several years, and who was considered by all the physicians to be in the last stages of disease, was cured by the use of this BALSAM. She is now as well and hearty as she ever was.

LIVER COMPLAINT.

See the cure of Dr. Hubbard, of Stamford, Ct., and other cases.
