A SAFE MEDICINE.—The use of the Brandreth Pills can in no case do injury, but they are made of those herb and roots which experience has fully proved always harmonize with the human body. The omission of purging with them in cases of sickness, is often the cause of a long attack, often ending only by a cessation of life.

How important it is that this course should be pursued—it will not only be the surest means of restoring, but it will in a great measure prevent the recurrence of constitutional maladies; it will surely weaken the malignity of the attacks and insure secure robust health.

As with all valuable medicines the Brandreth Pills have been shamefully counterfeited, but have succeeded in having executed THREE LABELS (and which are appended to each box of such intrinsic workmanship as to bid defiance to all future imitations. Now however, a new evil presents itself. My advertisements are taken verbatim, and used by all the medicine mongers of the day, who merely take my name out and insert the name of their medicine in the place Brandreth Pills occupied in the advertisement thus stolen from me. Time will prove how these speculating gentlemen sustain themselves.

My FRIENDS may rest satisfied that I shall, so long as my life and energies are permitted me, by an OVER-RULING PROVIDENCE, attend personally to the Brandreth Pills, and that those properties which have thus far rendered them so popular, will be still continued unimpaired.

The Brandreth Pills are sold by one agent in every place of importance throughout the world, each agent having a certificate of agency from Dr. Brandreth, having fac-similes of labels on the Brandreth Pill boxes engraved thereon.

INFLAMMATORY SORE THROAT, or QUINCY, is an acute and sometimes highly dangerous complaint, and should be attended to in the early stage of the malady, as the slightest delay is often attended with serious consequences. Wright's Indian Vegetable Pills of the North American College of Health, are the best medicine in the world for the cure of an inflammatory sore throat, because they not only purge from the body those humors which are the cause of every description of inflammation and swelling, but they suit all ages, and may be administered without a moment's delay. For a grown person from four to eight of said Indian Vegetable Pills should be taken night and morning, until the urgent symptoms have abated, after which three or four pills taken once in twenty-four hours, will in a short time make a perfect cure.

The popularity of WRIGHT'S INDIAN VEGETABLE PILLS has proved a strong bait to unprincipled men, who, instigated by the hope of gain, attempt to palm off a spurious article on the unsuspecting. To detect the wicked designs of such men, we have procured new labels, and the signature of William Wright will be found WRITTEN WITH THE PEN on the top label of each box. NONE OTHER IS GENUINE. AND TO COUNTERFEIT THIS IS FORGEIV.

Remember, the only original and genuine INDIAN VEGETABLE PILLS have the WRITTEN SIGNATURE OF WILLIAM WRIGHT on the top label of each box.

John J. Read vs. In the Common Pleas of Clearfield county, No. 7, February term, 1847. Representatives of George Hunter vs. Citation to enter satisfaction on mortgage.

CLEARFIELD COUNTY, ss:

The Commonwealth of Pennsylvania to the Sheriff of Clearfield county, Greeting:

YOU are hereby commanded that you summon the heirs and legal representatives of George Hunter, late of Lawrence township, Clearfield county, dec'd, so that they be and appear before the Judges of the Court of Common Pleas of and for said county of Clearfield, to be holden at Clearfield on the first day of February next, there to answer to a petition of John J. Read, which was presented in our Court of Common Pleas at November term, 1846, setting forth that he, the said John J. Read, on the seventeenth day of May, Anno Domini, 1836, purchased of the said George Hunter a certain tract or parcel of land, situate in Lawrence township, Clearfield county, Pennsylvania, containing two hundred and seven acres, more or less. That the said George Hunter, on the 14th day of August, A. D. 1838, executed to the said John J. Read, a Deed, in fee simple, for the said premises. And the said John J. Read, on the said 14th day of August, Anno Domini, did execute to the said George Hunter, a mortgage on the said premises for the payment of the sum of eight hundred and fifty dollars, by paying annually the sum of seventy dollars until the whole sum shall be paid. The petitioner further states that he has made all the several payments at the proper time and manner as mentioned and covenanted in said mortgage. But satisfaction has not been entered on the said mortgage by the said George Hunter, and that the said George Hunter is now deceased, and died intestate. Therefore, the said Court directs that the said heirs and legal representatives be cited to be and appear before said Court at February term, 1847, to show cause, if any they have, why the Recorder of the said county of Clearfield, should not enter satisfaction on said mortgage agreeably to the acts of Assembly in such case made and provided, and have you then there this writ. Witness the Hon. GEORGE W. WOODWARD, President of our said Court, at Clearfield, the third day of December, Anno Domini, one thousand eight hundred and forty-six.

WM. C. WELCH, Proth'y.

Agreeably to the act of Assembly in such case made and provided the Sheriff of Clearfield county publishes the above Writ of Citation, there being no heirs or legal representatives of said George Hunter, in Clearfield county.

Wallister's Ointment.

Insensible Perspiration.

The preceding figure is given to represent the insensible perspiration. It is the great Evaporator for the impurities of the body. It will be noticed that a thick cloud of insensible perspiration flows uninterruptedly when we are in health, but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposed by the means of nearly all the impurities within us. The language of the Scripture is "the blood is the life." If it ever becomes impure, it may be traced directly to the stoppage of the insensible perspiration. Thus we see all that is necessary when the blood is stagnant or thickened, is to open the pores, and it receives itself from all its impurities instantly. Its own heat and vitality are sufficient, without the aid of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal medicine. All practitioners should direct their efforts to restore insensible perspiration.

To give some idea of the amount of the insensible perspiration we will state that the learned Dr. Lewin has ascertained that a man of the average size and constitution, in a moderate climate, and in a moderate exercise, discharges by this means, in other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by insensible perspiration.

It is by stopping the pores that overworn mankind, with cough, cold, and consumption, are afflicted. The cold wind from the north induces a stoppage of the insensible perspiration.

Let me ask now, every candid mind, what course seems the most reasonable to stop the pores after they are closed? Would you give a physic to stop the pores? Or would you prefer something that would do this upon the surface, where the clogging actually is? And you know of no physician who makes any external application to effect it. Under these circumstances I present to physicians and to all others, Wallister's Ointment, as a means of restoring the insensible perspiration.

It has power to restore perspiration upon the feet, on the head, around cold sores, upon the chest, in any part of the body, which perspiration is stopped.

It has power to open all internal sores, scalds, and ulcers, and to draw out the pus, to discharge their putrid matters, and then heal them.

It preserves and defends the surface from all dangerous eruptions. The surface is the outlet of the vitality of the life, and used up matter within the pores with millions of openings to relieve the interior. Stopping the pores and death knocks at the door. It is a righteously healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, consumption, liver, indigestion, the most dangerous and responsible, and I declare before heaven and man, that not in one single case has it failed to benefit, when the patient was within the reach of mortal men.

I have had physicians, learned in the profession, I have had Ministers of the Gospel, Judges of the Bench, Attorneys, and Lawyers, gentlemen of the highest erudition, and MULTITUDES of the poor use it in every variety of way, and there has been but one voice, unanimous, universal voice, saying, "Wallister, your Ointment is good."

CONSUMPTION. It can hardly be credited that a disease may have any effect upon the lungs, seated as they are within the system. But I placed upon the chest a portion of this Ointment, and in a few days the consumption was cured, and the patient was restored to his former state of health.

The Salve has cured persons of the Headache of 12 years standing, and who had a regularly every week, that a salve would often take place.

GOLD FEET. Consumption, Liver Complaint, pains in the chest or side, falling off of the hair, one or the other, a ways uncompanion cold feet, it is a sure sign of disease in the system to have cold feet.

This Ointment is the true remedy for scalds, burns, eruptions, salt rheum, liver complaints, SORE EYES, QUINCY, SORE THROAT, BRONCHITIS, BROKEN OR SORE BREAST, PILES, and other diseases, such as ASTHMA, DEPRESSION, PAINS, SORE THROAT, CHAPPED HANDS, HEADACHE, CHRONIC ERUPTIONS, NERVOUS DISEASES, and of the SKIN.

There is a medicine now known so good.

BURNS. It is the best thing in the world for Burns. Read the directions around the box.

TUMORS ON THE FACE. Its first action is to expel all humors, and then begins to reflect upon the skin, and becomes as smooth and delicate as a child's.

WORMS. It will drive every vestige of them away. Read the directions around the box. There is a salve, a salve on the face of the earth at present, so good and so safe in the exhibition of worms.

OLD WOUNDS. That salve does as an outlet to the system, it is because they cannot pass off, through a natural channel of the insensible perspiration. If a sore is heated up, the impurities will have some other outlet, or it will endanger life. This Salve will always provide for such cases and cures.

WIND COLIC. It is an almost immediately the inflammation and swelling upon the pain of colic ceases.

SALAD HEAD. We have cured cases that actually defied every thing shown, as well as the ability or fitness of any doctor. One man told us he had spent \$500 on his children without any benefit, when a few boxes of the ointment cured them.

CORNS. It is the best use of the ointment will always be found to grow. People need not be troubled with it, if they use it.

AS VALUABLE MEDICINE, no man can measure its value.
