THE MAIDEN'S FIRST LOVE.

Ab! I remember well, how oft I
But ever more remember, all I
When I began to know what
And looked upon each other, and conceived
Not what we were, but yet we were not well,
And what was our disease we could not tell.

but a full pleasure! If there were none on
earth to shed a tear for me, I should be
loath to live; and if no one might weep o-
ver my grave, I could never die in peace.
Dr. Johnson.

McAllister's Ointment.

Insensible Perspiration.

The preceding figure is given to represent the in-
sensible perspiration. It is the great evacuation for
the impurities of the body. It will be noticed that a
thick cloud must issue from all parts of the surface,
which indicates that the perspiration flows uninter-
ruptedly when we are in health, but ceases when we
are sick. Life cannot be sustained without it. It is
drawn off from the blood and other juices of the body,
and disposed by the means of nerves, all the impu-
rities within us. The language of the Scripture is
"in the blood is the life." It is a very important
fluid, and it is traced directly to the stoppage of the
Insensible Perspiration. This we see all that is neces-
sary when the blood is stagnant or arrested, is to open
the pores, and it relieves itself from all its impurities
instantly. Its own heat and vitality are sufficient,
without one particle of medicine, except to open the
pores upon the surface. Thus we see the folly of in-
fusing so much internal remedies. All practitioners,
however, direct their efforts to restore insensible per-
spiration.

To give some idea of the amount of the Insensible
Perspiration, we will state that the learned Dr. Lew-
den has estimated that five eighths of all we receive
from the stomach is passed off by this means. In other
words, if we eat and drink eight pounds per day, we
evacuate five pounds of it by insensible perspiration.
It is by stopping the pores that overworn mankind
with coughs, colds, and consumptions. Nineteen
of two world die from diseases induced by a stoppage
of the Insensible Perspiration.
Let me ask, now, every candid mind, what course
seems the most reasonable to untie the pores after
they are closed? Would you give a physic to untie
the pores? Or would you apply something that would
do this upon the surface, where the clogging actual-
ly is? And yet I know of no physician who makes
any external application to effect it. Under these
circumstances I present to physicians and to all oth-
ers, McAllister's Ointment, as the best, and the
world's savior. It has power to restore perspira-
tion on the feet, on the head, around the neck, upon
the chest, in short, upon any part of the body, wheth-
er diseased slightly or severely.
It has power to cure external sores, scrofulous
humors, skin diseases, poisonous wounds, to discharge
their putrid matters, and then heal them.
It preserves and defends the surface from all de-
rangements of its functions. The surface is the outlet
of five eighths of the bile and used up matter within.
It pierces with millions of openings to relieve the
interstices. Stop up the pores and Death knocks at
the door. It is rightly termed All-Healer, for there is
scarcely a disease, external or internal, that it will
not benefit. I have used it for the last fourteen years
for all diseases of the chest, consumption, fever, involv-
ing the utmost danger and responsibility, and I de-
clare before heaven and man, that not in one single
case has it failed to benefit, when the patient was
within the reach of mortal man.

I have had physicians, learned in the profession, I
have had Ministers of the Gospel, Judges of the Bench,
Aldermen, and Lawyers, gentlemen of the highest
reputation, and multitudes of the poor use it in ev-
ery variety of way, and there has been but one voice,
one united, unanimous voice, saying, "McAllister, your
Ointment is good."
CONSUMPTION. It can hardly be credited that
a snive can have any effect upon the lungs, seated as
they are within the system. But if placed upon the
chest, it penetrates directly to the lungs, separates the
poisonous particles that are consuming the tissue, and ex-
pels them from the system. It is curing persons of
consumption continually.
The Salve has cured persons of the Headache of 12
years standing, and who had it regularly every week,
so that vomiting often took place. It is the best
COLD FEET. Consumption, Liver Complaint,
pains in the chest or side, falling off the limb, one
or the other, always accompanies cold feet. It is a
sure sign of disease in the system to have cold feet.
This Ointment is the true remedy for SCORFOLA,
ERYSIPELAS, SALT RHEUM, LIVER COMPLAINT, SORE
EYES, QUINSY, SORE THROAT, BRONCHITIS, BROKEN OR
SORE BREAST, PILES, ALL CHEST DISEASES, SUCH AS ASTH-
MA, DEPRESSION, PAINS, ALSO, SORE LIPS, CHAPPED
HANDS, TUMORS, CUTANEOUS ERUPTIONS, NERVOUS
DISEASES, AND OF THE EYES.
There is no medicine now known so good.
BURNS. It is the best thing in the world for
burns. (Read the directions around the box.)
PAINFUL ON THE FACE. Its first action is to
expel all humors. It then begins to soften, until the
skin becomes as smooth and delicate as a child, and ex-
pels them from the system. It is curing persons of
consumption continually.
WORMS. It will drive every vestige of them a-
way. (Read the directions around the box.) There
is probably no medicine on the face of the earth as
good as this for the expulsion of worms.
OLD SORES. That sore which is the outlet for
the impurities of the system, is because they cannot
pass off through the natural channel of the Insensible
Perspiration. If such sores are healed up, the impu-
rities must have some other outlet, or it will endan-
ger life. The Salve will always provide for such
emergencies.
RHEUMATISM. It removes almost immediately the
inflammation and swelling when the pain of
course ceases.
SCALD HEAD. We have cured cases that actually
defied every thing known, as well as the best of
fifteen or twenty doctors. One man told us he had
spent \$500 on his children without any benefit, when a
few boxes of the ointment cured them.
CORN. Occasional use of the ointment will al-
ways keep corns from growing. People need not be
troubled with them if they will use it.
As a FAMILY MEDICINE, no man can measure its
value.

Look. Look first, and then leap, if you
think best. In any undertaking whatever,
look to the consequences. It was the ad-
vice of John Rogers—not the flour mer-
chant, but the martyr—"build not your
house too high," and capital advice it is.
Thousands have followed it to their satis-
faction and profit.
If you spend all your means and ener-
gies on one thing, without looking to or
caring for the consequences, you make a
fool of yourself, and give your creditors
the supreme control over you.
Look ahead, then. Never let the dust of
gold, the tongue of flattery, or the meed
of praise, shut your eyes. See for your-
self and be prepared for every emergency.
Thus only will you succeed and prosper.
Another and a wrong course may prove fa-
tal to your best interests.—Portland Bul.

SEVERE REMARK.—A man who marries
a rich wife must expect occasionally to
have it hung in his teeth. We have heard
a report, however, which we think must
have silenced such threats. A gentleman
who had the misfortune to marry a fortune
was once exhibiting the fine points of his
horse to a friend.
"My horse, if you please," said the wife,
"my money bought that horse?"
"Yes, madam," replied the husband,
"bowing," and your money bought me."

Savannah of Tears.—There is a sa-

more eloquently than ten thousand tongues.
They are the messengers of overwhelming

DR. OSBORN'S
INDIAN VEGETABLE RESTORATIVE
PILLS.

Prepared by Dr. George Bennett, of New York, and
for sale by the annexed list of agents in Clearfield
County.

THE unprecedented success that has
attended the use of these pills in the
practice of the proprietor for the last
six or eight years, has induced him to yield
to the importunities of many who have
used and been benefited by them, and
make arrangements to place them within the reach
of the public generally. In doing so he feels call-
ed upon to say that the Indian Vegetable Restora-
tive Pills is decidedly superior to any with which
he is acquainted. They combine the proprie-
ties of many of the best vegetable medicines,
(used in no other pills) in such a manner as to af-
ford not only immediate and temporary but perman-
ent relief.

The valuable tonics which enter into their com-
position by their action upon the circulatory organs
hold in check the purgative principle and induce a
gentle and natural operation without inconvenience
or pain, and while they restore a natural and health-
ful action of the stomach, liver and bowels, they
increase, instead of diminish, the strength of the
patient.
They have been used as a family medicine for
years by many of the first respectability—and al-
though they are not recommended to "heal all the
ills that flesh is heir to," yet it has been very rare
that it has been found necessary for those using
them to employ any other medicine, and their occa-
sional use will almost invariably prove an effective
preventive to disease. They are especially adapted
to the use of families, travellers and seamen; they
cleanse the blood, causing a free circulation—open
obstructions and promote the secretion of healthy
bile, and consequently are an excellent medicine
for Nausea, Indigestion, Nervous Disorders, Dejection,
Liver Complaint, pains in the Head, Side, and
Bread, Costiveness, Loss of Appetite, Urinary ob-
structions, Ague and Fever, Bilious and Intermit-
tent fevers, Dysentery, Rheumatism, Scrofula, and
are eminently useful in all female complaints—and
secretions arising from unhealthy
accretions and impurities of the blood. Numerous
testimonials of their efficacy in particular cases,
might be added, but the proprietor prefers present-
ing a few certificates of their general character,
from persons of unquestionable candor and veracity,
who would not in any degree lend their influence
to promote any thing that is not of decided utility,
and rely on their intrinsic merits to gain them a
reputation, feeling a most precious confidence that
none will abandon their use who give them a fair
trial.

The following letter from the Rev. George Bowers,
will serve to show the efficacy of these pills.
E. H. HORN, Walworth Co., Wisconsin.
Dr. OSBORN.—With pleasure I inform you of the
great benefits which I have derived from your pills.
I have been in a decline for some time, which has
greatly alarmed me, more especially as my com-
plaint was a consumptive one, and also had been
very bilious, and have labored severely with pain
in my head, and my eyes have been so affected as
to turn of a yellow, cloudy, and other disagreeable
complexion. My wife had suffered also from great
weakness and severe pains, and as your Pills have
so wonderfully relieved us, we have founded the
name of them all over our neighborhood; they will
certainly be ever regarded in this place, and every
agent here is out of the city, as the most valuable
preparation for purifying the blood and regu-
lating the system. I should not have known the
worth of your Pills had it not been for the Rev.
Wm. F. Dewitt, of Caledonia, Sullivan Co., N. Y.,
who with great kindness sent me a box to try them,
and to that box of Pills owe my health, and as the
agent here is out of your pills, I wish you would
send us a package of boxes as soon as possible.
With best wishes for your prosperity, I am, dear
sir, yours respectfully,
GEO. BOWERS.

A NATURAL REMEDY,

Bright's Indian Vegetable Pills,

OF THE

NORTH AMERICAN COLLEGE OF HEALTH.

These extraordinary Pills are composed of plants
which grow spontaneously on our own soil, and
are, therefore better adapted to our constitutions
than Medicines concocted from foreign drugs, how-
ever well they may be compounded; and as
BRIGHT'S INDIAN VEGETABLE PILLS are
founded upon the principle that the human body is
in truth

SUBJECT TO BUT ONE DISEASE,

namely, corrupt humors, and that said Medicine
cures this disease on

NATURAL PRINCIPLES.

By cleansing and purifying the body, it will be man-
ifested that, if the constitution be not entirely ex-
hausted, a perseverance in their use, according to direc-
tions, is absolutely certain to drive disease of every
name from the body.

When we wish to restore a swamp or morass to
fertility, we drain it of the superabundant water.
In like manner, if we wish to restore the body to
health, we must cleanse it of impurity.

BRIGHT'S INDIAN VEGETABLE PILLS will

be found one of the best, if not the very best medi-

cine in the world for carrying out this

GRAND PURIFYING PRINCIPLE,

because they expel from the body all morbid and
corrupt humor, the cause of the disease, in an easy
and Natural Manner; and while they every day
GIVE EASE AND PLEASURE, disease of every
name is rapidly driven from the body.

Not with Mexico but with the old Tyrant

RHEUMATISM.

DR. W. M. P. HILLS, feeling much
sympathy for those afflicted with
Rheumatism, takes this method of inviting
them to call at his office and get cured.—
This method is almost new, and very sim-
ple, but will positively effect a cure on the
most scientific principles. Rheumatism
has long been a desideratum with physi-
cians, and it is only of late that the true
principle of cure has been discovered.
He would state, to all concerned, that he
has already performed a number of
cures, and can confidently assert that his
is the only true method.

RED & BROWN PILLS.

THE demand for the above medicine
in the last 2 or 3 years, is deemed
a sufficient apology for placing it now fully
before the people; and the diseases for
which it is applicable have become so pre-
valent in this country that a remedy entit-
led to confidence, is a great desideratum.
The diseases I allude to are Hepatitis,
(Liver affection), Dyspepsia, and female
complaints in general.
