SORE THROAT, Coughs, Consumptions, Pains in the various parts of the body, and other unpleasant symptoms, are the usual effects of catching cold.

Wright's Indian Vegetable Pills are a delightful medicine for carrying off a cold, because they purgo from the body all morbid and corrupt humors in so casy and natural a monner, that the body is speedily of relieved of every kind of suffering as if by magic From three to six of said Indian Vegetable Pills, tas ken every night on going to bed, will in a short time. make a perfect cure of the most obstinate celd—at the same time the blood and other fluids will be tho-

THOSE WHO ARE SUFFERING FROM REmitting or Intermitting Bilious Complaints, should

read the following, and be guided thereby: CAUSE OF PAIN .-- Pain is the consequence of the exertion of the organ or part where it is present to throw off morbid or corrupt humors, for no pain can exist but from the presence of those matters which are of an unbealthy character. When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is the occasion of pain. To be bled, only re-lieves the anguish in proportion as the amount of life is reduced, and the same may be said of all lulling or soothing remedles. Not so with Brandreth's Pills they at once go to the assistance of the blood in aiding it to discharge bad humors, to conquer the Deal Principle. To relieve pain in this way does not leave any bad effects. The Life Principle is not reduced nor are the teeth destroyed; but all the organs are cleaned and their health insured.

Let me ask, now, every candid mind, what course soems the most reasonable to unstop the pores after they are closed? Would you give a physic to unstop the pores? Or would you apply something that would to this upon the surface, where the clogging actualy is? And yet I know of no physician who makes any external application to effect it. It has POWER to restore perspira-tion on the feet, on the head, around old sores upon he chest, in short, upon any part of the body, whether diseased slightly or severely.

It has Power to cause all external sores, scrofulou humers, shin diseases, poisonous wounds, to discharge their putrid matters, and then heals them.

It preserves and defends the surface from all de-

Stop up the pores and Draft knocks at the door. It is rightly termed All-healing, for there is scarcely a disease, external or internal, that it will not benefit.
