To T. B. Peterson No. 98 Chestnut street: Having been requested to give my opinion on the ments of Mc ALISTER'S SALVE I am willing to commente some of the benefits which I have experienced in the

use of the beneaus which I have experienced in the use of the article.

In the spring of 1845 I had an attack of Erysipelas in my face which became very painful, and extended into one of my eyes, being attended with fever, my distress was great and I became to be fearful of los-

ang my eye.

Although not much a believer in what is termed quack medicines, I purchased a box and made appli-cation to my face. To my surprise the pain soon a-bated and in a week's time I was entirely cured, and I firmly believe it was the salve under Providence

From that time to the present I have used the article as occasion required, and in every case where I have used it, I have found a decided benefit. have used it, I have found a decided benefit.

At one time in going to bed at night, my throat was so sore that I swallowed with difficulty, but by an application of the salvo I was relieved before morning. I have used it in cases of burns, bruises, sprains and flesh cuts all with the happiest effects, and one case of

poisoning by a wild vine in the woods has been dried possoning by a wild vine in the woods has been dried up and cured by a few applications.

From my own experience I would strongly recommend it to all, as a cheap convenient medicine. It requires no preparation other than to rub it on the afficient way.

I have become so partial to it that I expect to keep it constantly in my family.
