

POETRY.

ALL'S FOR THE BEST.

BY M. F. TUCKER.

To the same music as "Never give up"

All's for the best! be sanguine and cheerful; Trouble and sorrow are friends in disguise; Nothing but folly goes faithless and fearful; Courage forever is happy and wise; All's for the best! - A man would but know it; Providence ordains us all to be blest; This is no dream of the pundit or poet; Heaven is glorious, and - All's for the best!

All's for the best! set this on your standard; Soldier of sad, or pilgrim of love; Who to the shores of Despair may have wandered; A way-wearied swallow, or heart-stricken dove; All's for the best! - be a man but confiding; Providence tenderly governs the rest; And the frail tenure of his creature in guiding; Wisely and warily, all's for the best.

All's for the best! then fling away terrors; Meet all your fears and your foes in the van; And in the midst of your dangers or errors; Trust like a child, while you strive like a man; All's for the best! - unbiased, unbounded; Providence reigns from the East to the West; And by both worlds and mercy surrounded; Hope and be happy that All's for the best.

Dehong, the Mathematician.

The following letter from this famous "cypherer" has been sent to the papers: Perhaps you have noticed in some of the New York papers, a statement concerning "the remarkable powers of a mathematician" in that city, who adds, subtracts, multiplies, and divides, and performs all other mathematical operations with a rapidity that seems almost miraculous. As I am that person, I will endeavor to give you a correct statement of the facts:

First, let a column of figures, 5000 in length, and 10 or 20 in breadth, be set before me, and in less than five seconds of time, I will give the sum total, always commencing on the left hand side to place the answers down. It matters not what length the column is, or what breadth, I will give the sum total as fast as the figures can be written down.

Second, let a sum be written in multiplication, with 1000 figures in the multiplicand, and as many in the multiplier, & I will commence on the left hand, & write the product underneath, and in one line, as fast as the figures can be written down. Third, let a sum be written in division, with any large amount for a divisor, and I commence writing down the remainder first, then the quotient. Interest at any per cent, can also be performed in the same manner, without any extra figures. Fractions of every denomination, can be summed up instantly, without reducing them to a common denominator.

The rules can be learned in one half hour, by any one having the printed instructions. Any person wishing these rules, will enclose ten dollars through the New York post-office. Please forward me one paper which contains this, and on the receipt thereof, I will forward you a full set of these rules gratis, by which you can become as expert in figures as I am.

Your obedient servant, PETER M. DESHONG, Mathematician.

P. S. Editors copying the above, and forwarding to Mr. Deshong the paper which contains it, will be furnished with a full set of rules.

THE LAW OF NEWSPAPERS.

- 1. Subscribers who do not give express notice to the contrary, are considered wishing to continue their subscriptions. 2. If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrears are paid. 3. If subscribers neglect or refuse to take their papers from the offices where they are directed, they are held responsible till they have settled the bill and order their paper discontinued. 4. If subscribers remove to other places without informing the publishers, and the paper is sent to the former direction, they are held responsible. 5. The Courts have decided that refusing to take a paper from the office, or removing and leaving it uncalled for, is prima facie evidence of intentional fraud.

AFFLICTED, READ!

PHILADELPHIA MEDICAL HOUSE - Established 16 years ago, by DR. KINKELIN. The most successful and best kind of secret medicine, diseases of the skin and solitary habits of men, is DR. KINKELIN'S. No. 7, corner of Third and Union Sts., between Spruce and Pine, one and a half miles from the Exchange, Philadelphia.

YOUTH who have injured themselves by a certain practice indulged in - a habit frequently learned from will companions, or at school - the effects of which are nightly felt; even when asleep, and destroy both mind and body, should apply immediately. Weakness and constitutional debility immediately cured, and full vigor restored. All letters POST PAID.

YOUNG MEN!

If you value your life or your health, remember, the delay of a month, may, even a week, may prove the delay of a year, both of body and mind. Hence let no false modesty deter you from making your case known to one who, from education and respectability, can be believed in. He who places himself under DR. KINKELIN'S treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever locked the secret of the patient. The many think they will hug the secret to their own hearts, and cure themselves. Alas! how often like a fatal delusion, and how many a promising being, who might have been an ornament to society, has faded from the earth.

COUNTRY INVALIDS.

Nothing is so inconvenient to make personal application, as, by stating their case explicitly, together with all their symptoms, (per letter, post-paid), have forwarded to them a chest containing Dr. K's medicines approved accordingly. Postage of Medicines forwarded in any part of the United States at a moment's notice. Free-paid letters, addressed to Dr. KINKELIN, Philadelphia, will be promptly attended to. M'Allister's Ointment.

Insensible Perspiration.

THIS OINTMENT HAS POWER to cause all EXTERNAL SORES SCROFULOUS HUMORS, SKIN DISEASES, POISONOUS WOUNDS, to discharge their putrid matters and heal them. It is rightly termed All-healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, consumption, liver, involving the utmost danger and responsibility, and I declare before heaven and man, that not in one single case has it failed to benefit, when the patient was within the reach of mortal means. I have had physicians, learned in the profession, I have had Ministers of the Gospel, Judges of the Bench, Aldermen, and Lawyers, gentlemen of the highest erudition, and MULTITUDINE of the poor use it in every variety of way, and there has been but one voice, one united, universal voice, saying, "McAllister, your Ointment is good."

CONSUMPTION. It can hardly be credited that a salve can have any effect upon the lungs, seated as they are within the system. But if placed upon the chest, it penetrates directly to the lungs separating the poisonous particles that are consuming them and expels them from the system. It is curing persons of consumption continually. HEADACHE. The Salve has cured persons of the Headache of 12 year's standing, and who had it regularly every week, so that vomiting often took place. Deafness and Ear-Ache are helped with like success. RHEUMATISM. It removes almost immediately the inflammation and swelling when the pain of acute cases.

COLD FEET. Consumption, Liver Complaint, pain in the chest or side, falling off the hair, one or the other, always accompanied cold feet. It is a sure sign of disease in the system to have cold feet. This Ointment is the true remedy for SCROFULA ERYSIPELAS, SALT RHEUM, LIVER COMPLAINT, SORE EYES, CURVED SPINE, TUBERCLES, BRONCHITIS, BROKEN SORE BREAST, PILES, ALL CHIEF DISEASES, such as WOUNDS, OPRESSION, PAINS, also, SORE LIPS, CHAPPED HANDS, TUMORS, CUTANEOUS ERUPTIONS, NERVOUS DISEASES, and of the SPINE. There is no medicine now known so good.

SCALD HEAD. We have cured cases that actually defied every thing known, as well as the ability of fifteen or twenty doctors. One man told us he had spent \$500 on his children without any benefit, when a few boxes of the ointment cured them. BALDNESS. It will restore the hair quicker than any other thing. BURNS. It is the best thing in the world for Burns. (Read the directions around the box.) WORMS. It will drive every vestige of them away. (Read the directions around the box.) CORNS. Occasional use of the ointment will always keep corns from growing. People need not be troubled with them if they will use it. PILLS. Thousands are yearly cured by this Ointment.

PETTER. There is nothing better for the cure of Tetter. JAMES McALLISTER, & Co. Sole proprietor of the above medicine. CAUTION. "No Ointment will be genuine unless the names of James McAllister or James McAllister & Co. are written with a PEN upon every LABEL." PRICE 25 CENTS PER BOX.

Read the Following Communication.

Received from an old, respected, and well known citizen of Philadelphia, and then judge for yourself. To T. B. Peterson No. 98 Chestnut street: Having been requested to give my opinion on the merits of McAllister's Salve I am willing to enumerate some of the benefits which I have experienced in the use of the article. In the spring of 1845 I had an attack of Erysipelas in my face which became very painful, and attended into one of my eyes, being attended with fever, my distress was great and I became to be fearful of losing my eye. Although not much a believer in what is termed quick medicines, I purchased a box and made application to my face. To my surprise the pain soon abated and in a week's time I was entirely cured, and I firmly believe it was the salve under Providence that cured me. From that time to the present I have used the article as occasion required, and in every case where I have used it, I have found a decided benefit. At one time in going to bed at night, my throat was so sore that I swallowed with difficulty, but by an application of the salve I was relieved before morning. I have used it in cases of burn, bruise, sprain and flesh cuts all with the happiest effects, and one case of poisoning by a wild vine in the woods has been dried up and cured by a few applications. From my own experience I would strongly recommend it to all, as a cheap convenient medicine. It requires no preparation other than to rub it on the afflicted part. I have become so partial to it that I expect to keep it constantly in my family. Though not anxious to appear in print, yet I cannot refuse to have this communication made public if judged best to serve the cause of humanity. Respectfully thine, WM. ADAMS, No. 26 Old York Road. Price 25 cents per box.

NORTH AMERICAN. FOR TOWN AND COUNTRY.

A weekly Newspaper, dedicated to Politics, Literature, Science, Commerce, News, Agriculture, and the Fine and Useful Arts.

This popular periodical, though published but for a few months, has already obtained an immense circulation in all parts of the U. States. In its politics it is broadly & nationally Whig, devoted to the principles of that great party, which it maintains in all their integrity, with zeal, spirit and ability. As evidence of this, it may be mentioned that it has received the sanction of the entire WHIG Delegation of both branches of Congress, who testify that "by the force of superior talents, energy and enterprise, it has deservedly assumed a high position among the most enlightened and influential journals of the country, and may be classed in the front rank of the most important auxiliaries and defenders of Whig principles."

It has also received the unqualified commendation of Henry Clay, John J. Crittenden, and John McLean, who severally recommend it as follows:

OPINION OF HENRY CLAY. I have received and attentively perused for many months the North American, published in Philadelphia, with which the United States Gazette is now associated, and I take pleasure in bearing my humble testimony to the consummate ability with which it is generally edited, and to the soundness of the principles which it labors to illustrate and establish. I think it eminently merits public patronage, and especially Whig support. If that great cause should be triumphant, as there is now ground for confident hope, that paper must be regarded as one of its most fearless champions and enlightened supporters. August, 1847. H. CLAY.

JUDGE McLEAN BEARS THE FOLLOWING TESTIMONY.

Columbus August 11, 1847. My Dear Sir, - All you say concerning the North American, in Philadelphia, meets my cordial approval and concurrence. I regard that paper as among the very ablest and most influential advocates of the Whig cause, and the extension of its circulation in all quarters of the Union, would in my judgment, be among the most efficient means of disseminating those great principles, upon which the party of the constitution and the country stands. With every desire that it may reach the friends of the West, and aid in spreading general intelligence and sound political truth, I am yours, very truly, JOHN McLEAN. To - - - - - , Eq. New York.

Extract of a letter from the Hon. John J. Crittenden; to a friend, dated Frankfort, August 12, 1847.

"I hope to hear of even a still greater increase in the circulation of the North American. I have been for some time a subscriber for, and reader of that paper; and consider it one of the soundest and ablest advocates of the Whig cause, and eminently entitled to the support and patronage of the Whig party."

As a Literary Gazette, the North American, for Town and Country, 'challenges competition. Its ample columns are stored with Tales, Essays, Poems, Criticisms, &c. &c. from the pens of the ablest writers.

In its Commercial and News Departments it stands unrivalled; as its ample arrangements, both by the Magnetic Telegraph and Extraordinary Expresses, combined, with its extensive correspondence, enable it to furnish the latest and most accurate intelligence, both Foreign and Domestic.

To the Politician it supplies spirited and fearless disquisitions on all topics of public interest. To the Man of Taste, a choice repository of the most refined and elegant literature; - and, To the General Reader, an agreeable & most extensive variety of miscellaneous information; While the Farmer, the Manufacturer, the Mechanic, and the Operative, will each find in it instruction and amusement.

The North American, for town and country, is elegantly embellished with Engravings, intended to illustrate great National Events, and striking objects in Art and Nature. Each number contains a carefully prepared Review of the Philadelphia Markets; & a summary of the Markets generally in the U. States, digested at the latest moment from the Telegraphic despatches received by the proprietors.
