MORE MYSTERY—A GHOSTLY ARRANGEMENT.—It is said that no little excitement prevails at Accadia, Wayne co., N. Y. in regard to an "underground" arrangement, in which it is supposed some discontented inhabitant of the other world has a hand. The story goes, according to the "City Items" of the Geneva Gazette, that a servant girl having some errand in the cellar of the house, on crossing the ground floor perceived a portion of it give way beneath her feet, and at the same time heard a loud rap. The man of the house was called, and on proceeding to the spot the same supernatural rap was heard, and the "hole in the ground" perfectly visible. On putting the inquiry, "Is there any one buried down there?" it was answered by the same unearthly rap. "Was he murdered?" received the same reply. "How long have you been here?" was answered by five raps, supposed to indicate five years. Other questions were asked, and answers given in the same mysterious way. Picks, bars & spades, were procured, & at it they went, to relieve the murdered man from confinement.

At the depth of about four feet forth gushed a stream of water, filling the hole almost to the top. On attempting to bail it, they were unable to lower it more than a foot. On thrusting a bar down two feet below the bottom of the hole, it struck a board, but no further discoveries have been made. Hundreds are flocking to the spot, and stories are already afloat of a pedlar having been missing from that region some years since, and that suspicion rests upon a man in that vicinity as the murderer! This is a great world, and the present month peculiarly prolific in wonderful discoveries. — Rochester Advertiser.

WHIGGERY IN MEXICO.

The following is an extract of a letter from our old friend and fellow-townman, Samuel Horn, who went to Mexico, as Drums in Captain Miller's company. "Sam," is an old soldier and a very good one—this is his third campaign, and we'll warrant he has hickory enough in him to go through one more. His Democracy is as tough as his physical strength. This letter was received by his brother. — Lancaster Intelligencer.

"Col. Wynkoop is a good officer, and very much respected in the army. He has come out a strong democrat. The Speeches published by our great men at home, have had a bad effect here; among the soldiers, many who have been Whigs, have turned Democrats—there are five or six instances of this kind in our own company. The Lexington speech of Henry Clay has been published in the Mexican papers, and very highly commented upon by them. Men who profess to be friends of our country, and conduct themselves in this manner, ought to be sent out here, & placed in front of such forts and batteries as we had to face at the Castle of Chapultepec. I don't think they would make many more such speeches." — Easton Argus.

MILITIA TRAININGS.

We have the pleasure of informing our readers that those yearly forces, Militia Trainings, are forever abolished in Pennsylvania. By the new law, each individual liable to military duty, is taxed twenty-five cents in lieu of personal service upon training days. The fund thus produced, after the payment of all militia expenses (?), is to be divided among the several volunteer corps of the Commonwealth. This doing away with a system which is a farce in time of peace, and a folly in time of war; and encouraging in its place the formation of volunteer companies that can be depended upon in the hour of battle. — Sat. Eve. Post.

Which is Right?—Mr. Batts in his speech at Philadelphia, declared that no portion of Whig principles were obsolete; that the tariff question was not obsolete, but that its battle may be fought over again by the Whigs. Mr. Cost Johnson not only calls that question obsolete, but a fungus on the Whig party. Which is right?

New Monster Painting.—Hudson, the famous landscape painter, has reached Pittsburgh, and is about completing his Panoramas of the Ohio and Mississippi rivers. The Louisville Democrat predicts that it will, as a work of art, surpass anything of the kind in the New world. It will occupy four miles of canvass.

Commerce of Michigan.—The Detroit Advertiser states that a million barrels of flour, and nearly 20,000,000 bushels of wheat were exported from that State last year, besides 1,000,000 pounds of wool and other products.

RHEUMATISM AND GOUT.—Wright's Indian Vegetable Pills are a most extraordinary medicine for the cure of Rheumatism and Gout, because they not only cleanse the stomach and bowels of those morbid humors which, if taken into the circulation and thrown upon the membrane and muscle, are the cause of the above painful maladies; but they excite the absorbent vessels to take up that which is already deposited, and therefore are absolutely certain to make a certain cure of Rheumatism and Gout. A single twenty-five cent box of Wright's Indian Vegetable Pills will give the most astonishing relief; and perseverance according to directions will be certain to drive pain of every description from the body.

BEWARE OF COUNTERFEITS AND IMITATIONS!—Remember that the original and only genuine Tilden Vegetable Pills have the signature of Wm. T.

Wright written with a pen on the top label of each box.

He died, according to his own account, was born and raised in Kentucky, near the Tennessee line, and was the only son and brother of a widowed mother and six sisters. Although he suffered and died among strangers, he received every care and attention that friends could have rendered.

Just Returned

DR. A. M. HILLS, from Phila. WITH a large lot of new and most improved Dental instruments. ALSO, a large stock of carefully selected premium teeth from Stockton's Manufactory.

DR. S. W. STOCKTON has drawn the premium for manufacturing the best Metallic Artificial Teeth, not only in the United States, but in London and Paris, and Dr. Hills has taken particular pains to select a choice lot of them, so that his patrons may be assured of getting a good and substantial article. Dr. H. has also procured a very large variety of Extracting instruments, made according to Harris' latest patterns, and he can confidently assure all those who are troubled with those abominable pests, decayed teeth, that the Forceps are not only a much more safe and easy instrument with which to remove a tooth, but they cause much less pain at the time, and comparatively no soreness following. Dr. Hills has also a variety of other Dental requirements, such as Gold Plate, Gold Foil, Tooth Powders, Washes and Brushes, and he is fully prepared to perform all operations in the line of DENTISTRY, such as inserting on Gold Plate, or on Pivots, Plugging, Extracting and Cleansing. And from past experience and success, hence feels confident of giving entire satisfaction, and warrants all his work well done, and to please his patrons. A reasonable length of time given for trial to all jobs over \$5, and if not found to answer all the purposes promised, no pay will be required. Office at the New Drug Store, the sign of the GOLD MORTAR, ap. 18. '48.
