M'Allister's Ointment.

Insensible Perspiration.

THIS OINTMENT HAS POWER to cause a EXTERNAL SORES SCROFULOUS HUM ORS, SKIN DISEASES, POISONOUS WOUNDS, to discharge their intrid matters und then heals them. It is rightly termed All-healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years in all diseases of the chest, consumption, liver, invol-ving the utmost danger and responsibility, and I declare before heaven and man, that not in one single case has it failed to benefit, when the patient was within the reach of mortal means

I have had physicians, learned in the profession, I have had Ministers of theGospel, Judges of the Bench Aldermen, and Lawyers, gentlemen of the highest erudition, and MULTITUDES of the POOR use it in eve ry variety of way, and there has been but one volce. one united, universal voice, saying, "McAlistor, your Ointment'is good." CONSUMPTION. It can haroly be credited that

a salve can have any effect upon the lungs, scated as they are within the system. But if placed upon the chest, it penetrates directly to the lungs separates the us particles that are consuming them and expels them from the system. It is curing persons of rousemption continually. HEADACHE. The Salve has cured persons of the

Headache of 12 year's standing, and who had it regul larly every week, so that vomiting often took place Deafness and Enr.Ache are belowd with like suc

cress. RHEUMATISM. It removes almost immediately the inflummation and swelling when the pain of

course coases. · COLD FEET. Consumption, Liver Crmplaint, pans in the chest or side, falling off of the hair, one or the other, always accompanies cold feet. It is a sure sign of disease in the system to have cold feet. This Ointment is the true remedy for SCROFULA ERYSIPELAS. SALT RHEUM, LIVER COMPLAINT, SORI EVES, QUINEY, SORE THROAT. BRONCHITIS, BROKEN OR

SORE BREAST, FILES, All CHEST DISEASES, Such as Asth-MA, OFFRESSION, PAINS, also, SORE LIPS, CHATPED HANDS. TUMORS, CUTANEOUS ERUPTIONS, NERVOUS DISEASES, and of the SPINE. There is no medicine

slive known so good. SCALD HEAD. We have cured cases that actu-slly defied every thing known, as well as the ability of fitteen or twenty doctors. One man told us he had spent \$500 on his children without any benefit, when oxes of the omtment cured them.

BALDNESS. It will restore the hair quicker that any other thing. BURNS. It is the best thing in the world fo

Burns. Read the directions around the box.) WORMS. It will drive every vestige of them a-way. (Read the directions around the box.) CORNS. Occasional use of the oiniment will al-

ways keep corns from growing. People need not be troub'ed with them if they will use it.

PILES. Thousands are yearly cured by this Ointment TETTER. There is nothing better for the cure of

Mc ALISTER'S SALVE I am willing to enumerate some of the benefits which I have experienced in the use of the article.

in my face, which became very painful, and estended into one of my eyes, being attended with fever, my distress was great and i became to be fearful of los-

Although not much a believer in what is termad quack medicines, I purchased a box and made appli-cation to my face. To my surprise the pain soon abated and in a week's time I was entirely cured, and I firmly believe it was the salve under Providence that cured me.

From that time to the present I have used the article as occasion required, and in every case where i have used it, I have found a decided benefit:

Atone time in going to bed at night, my throat was so sore that I swallowed with difficulty, but by an application of the salve I was relieved before morning.

I have used it in cases of burns, brunses, sprains and flesh cuts all with the happiest effects, and one one of poisoning by a wild vine in the woods has been dried up and cured by a few applications. From my own experience I would strongly recom

mend it to all, as a cheap convoluent medicine. It requires no preparation other than to rub it on the al flicted part. I have become so partial to it that I expect to keep

it constantly in my family. Though not ambitious to appear in print, yet I can

not refuse to have this communication made public if judged best to serve the cause of humanity.
