

Whigs have surrendered to them one or two Congressmen—a Senator—four or five Assemblymen, and several of the city officers—who are sure to be elected—in consideration of the votes of the Nativists for the Whig candidates for Governor and Canal Commissioner—who are just as sure not to be elected.

What think our naturalized Whig friends of this wedding? Are you not ashamed of your company?

Tuesday Next!

DEMOCRATS, remember that Tuesday next is the day of the ELECTION. Be on the ground early. Take all your neighbors with you. Vote the WHOLE TICKET. The following are the names of the Democratic candidates. They are all first rate men. None of them tainted with the least stain of Federalism:

For Governor,

Morris Longstreth.

For Canal Commissioner,

Israel Painter.

For Congress,

Alfred Gilmore.

For Assembly,

GEORGE WALTERS,

JOHN B. MEEK.

For Prothonotary, &c.,

WILLIAM C. WELCH.

For County Commissioner,

BENJAMIN BONSALE.

For Auditor,

WILLIAM WALLACE.

Outrageous abuse of the Franking Privilege.

Every mail that arrives here is filled with Federal electioneering documents addressed to our Whig Congressman. If the Democrats were thus extravagant in the abuse of the Franking privilege, Uncle Sam would be compelled to carry an extra mail bag. More than three fourths of all the mail matter to this place is now composed of this trash, and all addressed FREE to one man.

If the Federal candidate for Congress had addressed his discourse to correct this shameful abuse, instead of abusing the poor revenue collectors stationed along the coast to watch the smugglers, it would have been quite as much to his credit.

It is not that we fear that the circulation and reading of these documents will injuriously affect the prospects of the Democratic party, that we object to them. On the contrary, we would have them placed in the hands of every Democrat in the county. They would but show to them the degradation of the Federal party and remind our old veterans of the days of Jefferson—of "Jim Madison's war"—of the Tyrant Jackson—who the latter was exhibited in the COFFIN HANDBILLS, and the former stigmatized as an INFIDEL, and a JACKOBIN &c. Such an outpouring of Democracy as we would then have would destroy the prospects of Federalism in this county forever.

The Veto Power.

Among the documents so abundantly sent to Mr. Irwin is one on the subject of the Veto Power by John M. Clayton. The efforts of the federalists to convince the people that this power should not be exercised is as vain as to try to convince them that they should abolish all their Constitutions.

Why don't federalists attack the Supreme Court? This court has the power to veto a law that may have already been vetoed by the President and afterwards passed by the Constitutional majority of two-thirds of Congress. The Judges of this court are not responsible to the people at all—but are appointed for life, or which is the same thing—during good behavior—yet not a word is said against their veto power.

But the exercise of the veto by Jackson conferred too many blessings on the people of this country for the people to consent to part with it—or to think of electing a non President—entrusting him with the whole executive authority of the government—who is not capable of judging for himself whether he should approve or disapprove—as he swears to do—the acts passed by Congress.

\$77,812 02!

We were greatly mistaken in stating, last week, \$25,000 as the amount of extra allowances received by Gen. Taylor. The Washington Union has obtained from the reports made by the proper accounting officers, and laid before the House of Representatives during the last session, but which the Whigs very prudently concluded not to print! a full copy of the items, showing that Gen. Taylor has received, in the shape of extra allowances, over and above his regular pay, up to the 1st of January last, the sum of \$74,804 04 To which add extra allowances from Jan. to June last, 2,947 98

Making the very modest sum \$77,812 02 This statement cannot be controverted. But we do not complain of Gen. Taylor on this account. He is not to blame for it.—We only give the statement to show with what little reason the friends of Taylor can charge Gen. Cass for receiving (not extra pay) but pay for extra services!

DEMOCRATS—Remember that Wm. F. Johnston, the Whig candidate for Governor, loved the MONEY POWER OF BANKS so much that he left the

Democratic party because that party determined that the funds of the Government should be taken from the control of the Banks by the establishment of the Independent Treasury System.

No Tickets.

The present Whig candidate for Congress is the first to ask the people of Clearfield county for their votes without getting his tickets printed in the county. It is an invariable rule to have the tickets printed in the county where the votes are polled, if there is Press and types to do it with.—Mr. Smith, however, is the first to depart from this rule. Perhaps his prospects were so gloomy that he thought he would save that V by bringing his tickets from Butler county.

Arrival of the America. STARTLING INTELLIGENCE FROM IRELAND. REAL REBELLION AT LAST!

ARREST OF BRITISH SOLDIERY!

NEW YORK, Sept. 29.

The steamer America arrived here yesterday afternoon, about five o'clock, bringing one week later intelligence from all parts of Europe. She had a large number of passengers, and made the voyage in good season. We commence with the glorious intelligence from

IRELAND.

CLONMEL, Sept. 13.—The patriots have posted themselves in almost inaccessible positions at New Inn, near Carrick on Suir, and Kilmacthomas mountains. Doherty commands in Waterford. The government troops yesterday captured nine scouts. Last night there was a general rising of the peasantry, within about six miles of Carrick.

At six o'clock, a large body of patriots marched to attack the Police station.

Sept. 14.—The out houses of the parsonage of the Protestant clergyman were burned last night. The 3d Buffs came into Clonmel to day with 28 of their men handcuffed for shooting Repeat.

At the patriot's camp, seven miles from Clonmel, they roast bullocks and sheep on iron gates, and are pressing every one to join them.

At Glenbowser, about 8 miles from Clonmel, the Police were preparing to seek refuge in Carrick, when the insurgents fired on them. A light ensued, which lasted a quarter of an hour. A number were killed on the part of the assailants, but only two or three were wounded on the part of the police. The patriots left their dead upon the field.

The Police have fled from the out stations, and to night it is feared will reveal awful scenes.

CALLAN, Sept. 13.—The reports prevalent in Kilkenny are thought to be much exaggerated, and the number of the patriots overrated. The Police were nowhere disarmed, and on every occasion defeated the insurgents. Among the insurgents which assailed the Police station, four or five wore the uniform of the 82d Regt. It is believed that some pieces of cannon have been captured by the patriots.

The Cork Examiner of the 13th publishes the following: Rumors reached Cork this morning in reference to the disturbances in the county of Waterford.—Information was received by the Police authorities this day, that the Police barracks at Postlaw was attacked at an early hour by a body of armed peasantry. The barracks was occupied by about ten Police, commanded by constable O'Regan.—After a short struggle the assailants were put to flight, but not without some loss on either side—two of the Police having been shot and several of the assailants having been killed, and others seriously wounded. It is not known whether the Police were shot dead or only wounded. We give the report as it reached us, without being enabled to add any confirmation.

It is rumored this morning that the bridge at Waterford had been blown up or otherwise destroyed yesterday. It is also rumored that the bridge of Grany ferry, about a mile from the city, or Waterford, and on the road to Carrick, shared a similar fate.

By the arrival of the Youghal coach at 12 o'clock, we have confirmatory intelligence with respect to the latter bridge. The troops stationed at Youghal barracks were despatched at early dawn this morning to Cappoquin, by a steamer, on their route to the localities said to be disturbed. It may be mentioned, in confirmation of this movement of troops toward Waterford, that two detachments have received orders to hold themselves in immediate readiness to leave Cork as a garrison for Youghal, and Middleton to replace the troops sent on. They may have marched out of Cork before this.

The surrounding districts have been much more alarmed than was anticipated. No doubt now remains of the fact that a considerable patriot force have assembled and shown a spirit of the utmost determination. The main body of the assailants, said to be 4000 strong, has encamped on Aheay Hill, in the county of Tipperary, immediately adjoining the slate quarries in that county. There can be no doubt that their leaders have some military experience, and that the men are regularly drilled. They are chiefly armed with pikes, but many have rifles.

Richard O'Gorman is said to be the

chief in command, and Doherty is also said to be among them.

FRANCE AND THE CONTINENT.

The latest advices from Paris is not very satisfactory. The Socialists were mustering in their strength, having been much dissatisfied with the speech made by M. Thiers. The Government it was supposed would close the clubs. It is thought that the Red Republicans have a majority in Paris at the election.

Gen. Cavaignac and Lamoriciere are not on good terms, the former having in the opinion of Lamoriciere, latterly leaned too much towards the Democratic party.

ERUPTIONS OF THE SKIN.—It should be remembered, when the coarse particles of impurity are diverted from their proper channels and become deposited in the skin, that cutaneous eruptions are the certain consequence.
