APOPLEXY.—This dreadful complaint is generally preceded by pain in the head, giddiness, especially on turning suddenly round, dimness of sight, stupor, loss of memory, and other unpleasant symptoms, which indicate a loaded and corrupt state of the blood.

Wright's Indian Vegetable Pills are a certain preventive of apoplexy, because they expel from the body those stagnant and corrupt humors, which are the cause of this and every malady incident to man.

Wright's Indian Vegetable Pills also aid and improve digestion, as well as purify the blood, and therefore drive disease of every name from the body.

BEWARE OF COUNTERFEITS AND IMITATIONS!

Remember that the original and only genuine *Indian Vegetable Pills* have the signature of WM WRIGHT written with a pen on the top label of each box.

A PLAIN STATEMENT
THOMPSONS
Compound Syrup of Tar and Wood Naptha.

This medicine, the invention of a man who gave the subject of Pulmonary, Bronchial and Pectoral Diseases the most rigid examination, has now been before the public near four years. During this period it has performed some of the most remarkable cures on record of Pulmonary Consumption—secured the recommendation and use of physicians in their practice, and the warmest approval of thousands of persons in ordinary and severe colds, coughs, hoarseness, spitting of blood, &c.

Certificates of its wonderful power have been given in some instances, and sworn to as true, by persons, who, at any time, will give verbal verifications of their contents.

But, beware of imitations, and purchase Thompson's Compound Syrup of Tar from none but advertised agents, or of those above the suspicion of dealing in counterfeits.

It is frequently used and highly recommended by some of the most respectable physicians in *N. York* and Philadelphia.

A FAIR OFFER
To the People of Clearfield county.

THE subscribers, deeply anxious for the welfare and prosperity of the people of Clearfield county, and being well aware that nothing will more materially aid in securing real prosperity than the general diffusion of useful information among the people, propose to publish a weekly paper, in the borough of Clearfield, at the very low price of

ONE DOLLAR per YEAR,
(In Advance.)

To enable us to do this, we must have at least ONE THOUSAND subscribers. This number, it is believed, can be raised within the limits of Clearfield county, if proper exertions are made But there must be no holding back on the part of any man who can possibly get a paper conveyed to him. It will require the unanimous effort of the citizens of the county.

We therefore appeal to those of our fellow citizens who desire the dissemination of general information among the people, to use their efforts and influence in behalf of this useful enterprize. Your county cannot get along without a paper. We are unwilling to publish one at a loss of labor and money to ourselves. To enable every man to assist in thus sustaining the name and credit of the county, therefore, we offer to reduce the subscription price within the reach of all.

For at least three years, there will be no political excitement, and our paper will bear more the character of an *Independent*, than that of either a *Partizan* or a *Neutral* Journal. That is, we shall approve, or condemn, as the acts of either party may seem to deserve—speaking our own sentiments as freemen—and allowing the free use of our columns for others of either party to do the same—Thus we appeal with as much confidence to the members of one party as the other Our aim shall be to make our paper *beneficial* to the people of Clearfield county, by supporting and defending their interests—by aiding to develope and make profitable the various resources of the county—and by laying before them, regularly every week, a faithful sketch of the events, great and small, as they may occur throughout the world.

When so much is to be gained, shall we appeal in vain to the friendship—to the liberality—to the patriotism—*to the county pride*—of the citizens of Clearfield county? We hope not. Then, gentlemen, all you have to do, is to assist us in procuring the required number of subscribers

It is our intention to issue the first number about the first of May next. In the meantime, persons having Prospectuses will procure all the subscribers they can, and inform us, at the February court, of the number they may have.

The paper shall be printed on new type, and as large, and perhaps larger, than the present size of the BANNER, and contain as much reading matter as any of the country papers of the State.

☞ In every case the subscription price ($1) must be paid in advance—on or before 1st May, 1849
