vers, Cramps and Spasms, and all Complaints of either Sex, arising Y from Bodily Weakness whether inherent in

THE SYSTEM OR PRODUCED BY SPECIAL CAUSES.

NOTHING that is not wholesome, genial and restorative in its n-ture enters into the composition of HOS-TETTER'S STOMACH BITTERS. This popular pre-

paration contains no mineral of any kind, no deadly botanical element : no fiery excitant ; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and, so far as the human system can be p otected by human means against maladios engendered by an unwholesome atmosphere, impure water and other external causes, HOS TETTER'S BITTER'S may be relied on as a safeguard. In districts infested with FEVER AND AGUE, it has been found infallible as a preventive and irresistible as a remedy, and thousands who resort to it under apprehen sion of an attack, escape the acourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Ague patients, after being plied with quinine for months in vain, until fairly saturated with that dangerous alkaloid, are not unirequently restored to health within a few days by the use

of HOSTETTER'S BITTERS. The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of DISPEPSIA and in less confirmed forms of INDIGESTION. Acting as a gentle and rainless apperient, as well as upon the liver, it also invariably relieves the CONSTIPATION superinduced." by irregular action of the digestive and secretive.organs. Persons of feeble habit, liable to NERVOUS ATTACKS LOWNESS OF SPIRITS and FITS OF LANGUOR, find prompt and permanent reliet from the Bitters.-

from both serves The agony of BILOUS COLIC is immediately assure ged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of CON-STITUTIONAL WEAKNESS, PREMATURE DECAY and DEBILITY and DECREPITUDE arising from OLD AGE, it exercises the electric infinence. In the conve lescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last; but not least, it is THE ONLY SAFE STIMU LANT, being manufactured from sound and innocuous materials, and entirely free from the acid elements pre sent more or less in all the ordinary tonics and stomach ics of the day.

No family medicine has been so universally, and, it may be truly added, descreedly popular with the intel ligent portion of the community, as HOSTETTER'S BITTERS.
