Medical.

BALTIMORE LOCK HOSPITAL
DR. JOHNSON, the founder of this Celebrated Institution, offers the most certain, speedy, and only effectual remedy in the world for Gleets, Structures, Seminal Weakness, Pain in the Loins, Constitutional Debility, Impotence, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Diseases of the Head, Throat, Nose or Skin, and all those serious and melancholy disorders arising from the destructive habits of Youth, which destroy both body and mind. These secret and solitary practices are more fatal to their victims than the song of the Syrens to the mariner Ulysses, blighting their most brilliant hopes, or anticipations rendering marriage, &c., impossible.

YOUNG MEN.

Young Men especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talent and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre; may call with full confidence.

MARRIAGE!

Married persons, or young men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., should immediately consult Dr. Johnston.

He who places himself under the care of Dr. Johnston may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS!
IMMEDIATELY CURED AND FULL VIGOR RESTORED.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those falling into improper habit than by the prudent. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive sympathy to mind and body arise. The system become deranged, the physical and mental powers weakened nervous debility, dyspepsia, palpitation of the heart indigestion, a wasting of the frame, cough, symptoms of consumption

☞ A CURE WARRANTED IN TWO DAYS. ☜
No Mercury or Nauseous Drugs.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE!

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nobs on the skin, bones and arms, blotches on the head, face, and extremities, *progressing with frightful rapidity*, till at last the palate of the mouth or the bones of the nose fall in and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns." To such, therefore, Dr. Johnston pledges himself to preserve the most inviolable secrecy; and from his extensive practice in the first Hospitals of Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact that thousands fall victims to this horrid disease owing to the unskilfulness of ignorant pretenders who by use of that deadful poison, Mercury, ruin the constitution, and either send the unfortunate to an untimely grave, or make the residue of life miserable.

TAKE PARTICULAR NOTICE!

Dr. J. addresses those who have injured themselves by private and improper indulgences.

These are some of the sad and melancholy effects produced by early habits of youth, viz:—Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY, the fearful effects on the mind are much to be dreaded: loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, have singular appearance about the eyes, cough, and symptoms of Consumption.

Dr. Johnston's Invigorating Remedy for Organic Weakness.

By this great and important remedy, Weakness of the Organs is speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated, who had lost all hope, have been *immediately* relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Trembling, Weakness or Exhaustion of the most fearful kind, speedily cured by Dr. Johnston.

YOUNG MEN,

Who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school, the effects are nightly felt, even when asleep, and if not cured, render marriage impossible, and destroys both mind and body, should apply *immediately*.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contemplating

MARRIAGE

should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection, that the happiness of another becomes blighted with our own.

OFFICE No. 7, SOUTH FREDERICK ST., BALTIMORE.

TO STRANGERS.

The many thousands cured at this Institution in the last fifteen years, and the numerous important surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee to the afflicted.

N. B. There are so many ignorant and worthless quacks advertising themselves as Physicians, ruining the health of the already afflicted. Dr. Johnston deems it necessary to say to those unacquainted with his reputation, that his Diplomas hang in his office.

WONDERFUL SCIENTIFIC DISCOVERY.—At the present time thoughtful minds everywhere are looking for the revelation of new and important discoveries in science, and when a theory is presented claiming to have discovered new light and to have removed the veil of obscurity from a subject of the highest importance, upon which much has been written, it is proper that the claims of this theory be presented and carefully examined and tested, which is destined to transcend in importance to suffering humanity, all other discoveries, the lightning rod and telegraph not excepted. We hold that the human system is but a galvanic arrangement, with its acids and alkalies, constituting the positive and negative forces, and that every mental and physical manifestation, either voluntary or involuntary, is the result of this antagonism; that digestion, circulation, secretion, and excretion are wholly attributable to the law of electrical influences; that the nerves are the conductors of ELECTRICITY, and that there is a polar action established through the nervous system which connects with every part of the body, establishing and preserving a proper balance of the electric element, which constitutes health, and a disturbance of which causes disease; that there are strictly but two conditions of disease—the one positive, the other negative; and as ELECTRICITY possesses these two inherent principles, it will, if applied according to the electric polarities and requirements of the system, arrest, or, in other words, neutralize the disease by the restoration of proper polar action. We also assert that all drugs taken into the system act strictly upon electrical principles; that from decomposition the latent electricity is set free, and that though the electrical polarities of the nervous system all changes are produced either for good or for evil; that in the incipient stage of disease it may tend to equalize the forces, and restore harmony; but after the case has become refractory, paralyzing the nervous communications, and changing the constituents of the fluids, and arresting the digestive action of the stomach and its power of approbation, no internal process of medication ever has, or ever can, succeed in removing the cause of the disease, its only tendency being to multiply and complicate the symptoms.

On the contrary, ELECTRICITY being the vital element upon which life depends, can be directed to any part of the body, and even after the vital functions seem paralyzed, possesses the power of arousing the dormant energies, equalizing the circulation, and the system to a self sustaining system. One very important feature of this treatment is, that no time is lost in experimenting with disease. By means of electrical test an accurate diagnosis is given at once, determining the locality and character of the disease, and indicating the treatment to be pursued. The patients are perfectly under the control of the operator, and can be regulated to suit the delicate nerves of a child without any unpleasant sensation. All those who have long suffered from painful and obstinate disease—Acute, Chronic, Inflammatory or Paralytic—are invited to call and consult.
