GOSPEL WITH OUR FRIENDS.—Once more has the ruthless invader been driven beyond our borders, with all their stolen cattle, horses and store goods, with all their cannon and munitions of war, with all their new boots, stockings, drawers, pants, vests, coats, shirts, collars, cravats and hats. Washington is once more safe, and Maryland will be paid for her losses one day after the day of judgment, about the time the people of the Cumberland Valley will be compensated for their losses of last year and the year before.

What a strange people we Americans are—week before last our valley turned inside out, business suspended, and ruin staring us in the face; last week our capital threatened, a successful enemy thundering at its very suburbs; and now all quiet and busy as though the war were over.

By the bye there is a rather remarkable echo near Harper's Ferry which we tested the other day as follows: "Echo," we whispered, "who two years since, allowed the rebels to steal across the Potomac?" Echo gently replied "Mac."

"To whom," we repeated in a louder tone, "do we owe the escape of the rebels across the Potomac?" and in bolder tones Echo again responded: "To Mac."

As town gossip, and as "one who loves his fellow-man" (and woman) we are constrained to note the condition of the sewer in front of the Post Office. This same sewer has suggested many scientific as well as profane remarks.

QUOTAS UNDER THE NEW CALL.—We submit the quotas under the call for 500,000 men, of the State, of the congressional district, of each county, and also of sub-district in Franklin county.

Under this call may put in substitutes at any time for one year—no longer. No man can receive a certificate of exemption for a longer period than one year.

We see it stated, it do not know that it is officially authorized that all who paid \$300 commutation money before February last—when the new law passed—are not subject to draft until the expiration of three years, while all who have paid commutation, since the law was amended were exempted only for the draft under which they paid, and are therefore liable to be drawn under the new call.

Any person volunteering before the draft is made, whether subject to duty or not, will receive \$100 bounty one year; \$200 for two years and \$300 for three years, from the general government.

GENERAL QUOTAS.

WOULD THAT I could find words of comfort to those that mourn loss, but I feel too deeply myself to do more than share their grief. Outside of his home circle of us, school-mates, companions and teachers, remember the brave hearted Samuel Dowell, as long as memory and appreciation remain.

FRANKLIN COUNTY.—The crops of Franklin county have gathered with but little loss, notwithstanding the rebel raid and the consequent loss of it in the busiest season of the year.

Official news from the front at Atlanta is meagre but no reverses are reported. Gen. Sherman still maintains his position and is vigorously advancing. Gen. Rosseau has successfully fulfilled his orders and reports a loss of only twelve of his command.

A dispatch received 40 days from Gen. Sherman states that his loss in the battle of Friday last was less than 2,000, while that of the enemy cannot be less than 7,000, owing to the advantage Sherman took of their effort to turn his left flank.
