Temperance Convention.

A State Temperance Convention will meet at Harrisburg on the 21 WEDNESDAY (instead of 2d Tuesday, as stated in our last,) of January next, (1841.) Topics of importance will then be submitted for the considers ion of the Convention. It is therefore desirable that every Temperance Society throughout the State be represented.

Newspapers. A child beginning to read, becomes delighted with a newspaper, because he reads of names and things that are familiar. A newspaper in one year, says Mr. Weeks, is worth a quarter's schooling to a child, and every father must consider that substantial information is connected with this advancement .- New World.

MARKIED.

By the Rev. Mr. Marr, on Monday evening, 30th irst. Mr. John A. Green, of McEwensville to MISS ELIZABETH F. daughter of Wm. CAMERON Esqn. of Chilisquaque.

Transportation Line

TO BALTIMORE (VIA TIBE WATER CANAL.)

Warehouse foot of Chesnut Street on the Penn-sylvania Canal.

A BOAT leaves the wharf of the subscriber every morning at 8 o'clock, ranning through to Baltmore in three days. Consignments of produce, iron, &c., will receive a despatch by this line, which has not hitherto been equalled by any other. Rate of freight as low as by any other regular line.

References: JOHN W. BROWN, BUCK & HERR, KERNAN & STILLNIGER, Baltimore. J. & A. H. HERR.

Goods intended for Pittsburg, or any point on the Pennsylvania Canals, will be shipped without delay on their arrival at Harrisburg, as this connects with the North American line of Portable Boats to Pittsburg daily, and with the Susquehan-na Packet Line to Northumberland, Williamsport, Wilkesbarre, and all intermediate places. GEORGE W. LAYNG.

Harrisburg, Sept. 9, 1840. Works of Nature.

IN a state of health the intestinal canal may be compared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improves their qualities; and to keep up the comparison of the river, so long as it runs on smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure ut soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humorial fluid (serocity) in the intertinal tubes, and costive essiakes place, it fl. ws back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and tho e of its tr-butary stream. With the body, follow the same natural principal; r move, by that valuable purgative medicine Brandieth's Universal Vegetable Pills, which are an exf ctual assistance of nature, the superabundance of humors in the intestine canal. By per evering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly establish ed Remember, never suffer a drop of blood to be taken from you-Evacuate the humors as oft or and as long as they are degenerated, or as long sa

you are sick. Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions.

Only agent in Sonbury, is H. B. Masser Esqr. Sunbury, Sept, 9, 1840.

THE CAUSE OF DISEASE. Nearly all classes of disease, are caused by some obstruction in the system, which prevent the regular and wholes me operation of the animal functions. This state of the system, is disease, which is manifested in a variety of forms, more or less mal grant in their character. To restore the system to a state of health, then, it is only necessary to remove the cause of disease, and the end is acconplished. The cause is obstruction somewhere, This can be removed by purgation, which is the only means that should be resorted to, because, sugges d by reason, and by nature. Dr. Harlich's Strength-ening and German Aperient Pills, are allowed by the thousands who have used them, to be the last purgative medicine in existence. Because, they not only remove all obstructions, and purge the system of its impurities, but, because, and which is extremely important, strengthen and give proper tone to the stomech, and produce a healthy action of all the parts. Besides, they are so mild and gentle in their operation, as to render them at all times a pefeetly safe and desirable remedy. The afflicted SPERM OH .- Winter and Summer strained would do well, then, to purchase a box or two of this invaluable medicine, and give it a fair trial, in stend of destroying their systems with oft-repeated doses of calomel, and wher drugs, so injurious to

human life and happiness, Fee above medecine for sale at the Drug store of HENRY YOXTHEIMER, Oct. 31, 1840.

TO THE COMMUNITY.

THE success which has attended the use of D-Harlich's German Aperical and Compound strengthening Tonic Pells, is truly astoni-hing. It is no vain boast to say this medicine has proved by its happy effects in the cure of a variety of diseases to which the human frame is liable, to be vastly superior to the many preparations before the public. Many of these preparations are compounded by individuals who are posturely ignorant of the mysteries of the burran system, and mere pretenders to medical knowledge. Dr. Harlich, however, is celebrated among the German faculty as a man of the highest scientific attainments, and equally distinguished throughout Europe, as a successful medical practitioner, spent most of the years of a useful life in the aquisition of such knowledge as might prove beneficial to his fellow creatures. In the pills which he invented, and which bear his name, the public are assured of an article that possesses more than dinary virtues. From the acknowledged talents of this inventor, nothing less than a good article could be expected; and the experience of many years has afforded demonstration of the virtues of his medicine. In Germany and other parts of Eutope, its r putation is established. In this country into which it has but been recently introduced, it is rapidly gaining the most substantial reputation. The numerous cert ficates of cures of the most obstinate dire sessificated by the use of Harlich's Pills, which the propri tor is constantly receiving, is proof of the fact. Day after day he receives new testimonials of their efficiery, and week after week increases the demand for them. This is not more assertion; innumerable certificates are open for the Inspection of the public, and the doubts of any who are skeptical, can be removed by examining them at the office of the proprietor.

We take the liberty, then, of suggesting to every family, that they make use of Dr. Harlich's Pille, Let them keep a supply constantly on hand, to be used when occasion demands, and they will receive the most unequivocal proofs of utility.-Medical
