

IMPORTANT PROOFS.
Of the efficacy of Dr. Harlick's Celebrated Medicines.

The following certificate was sent by Mr. E. B. Hinman, agent at Cincinnati, Ohio. There can be no mistake in it, as the patients are well known.

Mr. Ezekiel Rignold, of Anderson township, Hamilton county, Ohio, was several days troubled with ill-ordered affections, acidity of the stomach, and having made trial of various medicines without finding relief, was cured by the above medicines.

ATTEST:
Cincinnati, June 30th, 1840.

DISPEPSIA! DISPEPSIA!
That troublesome and peace-destroying disease. —Thousands and tens of thousands suffer from that common distressing complaint. *Dispepsia* is frequently caused by overindulging or drinking too much of excessive eating or drinking—improper and acid substances taken into the stomach, or from long continued consumption of the bowels, a sedentary life, fear, grief, anxiety, a copious draft of cold water, *drastic purgative medicines*, dysentery, miscarriages, intermittent and spasmodic affections of the stomach and bowels, irregular meals, late hours, and too frequent use of spirituous liquors.

The symptoms of *dispepsia* may be described as a want of appetite, or an unusual or voracious one, nausea and sometimes *bilious vomiting*, sudden and transient distensions of the stomach at eating, acid and putrescent eructations, water-brush, pain in the region of the stomach, costiveness, palpitation of the heart, dizziness and dimness of sight, disturbed rest, tremors, mental despondency, flatulency, spasms, nervous irritability, chilliness, salivaceous complexion, great oppression after eating, languor and general debility, sick head-ache, &c.

CURE—At the head of all remedies stands Dr. Harlick's Compound Strengthening Tonic and German Aperient Pills, which are warranted to give immediate relief. Thousands do we almost daily behold, whose countenances and pale emaciated cheeks bear witness to sickness and affliction. Could those persons be persuaded to use this invaluable medicine, they would soon find their weak and debilitated frames strengthened, their minds clear and alert, and pain and distress driven from their systems when the body will again renew its lost vigor, and put on a new life, and death for a while be deprived of its prey. What heart but feels glad to behold their dear relatives and dear friends, smothered as if by magic from that fatal disease *not death*—if they who are laboring under disease yet another day or night pass without procuring this medicine, as it will in a majority of cases effect a permanent cure. *Remember delays are dangerous*; and if disease is neglected, its ravages will doubly increase.

FEMALES.
WHO are troubled with sick headache, pain in the side, breast, and back, loss of appetite, flatulency, looseness of spirits, palpitation of the heart, faintings or giddiness, sickness at the stomach, bilious affections, tightness at the chest, nausea, vomiting, noise in the stomach, flushings of heat, and chilliness, disease of the nerves, and organs of digestion, &c. &c., those who may be thus afflicted, should not neglect to procure Dr. Harlick's Compound Strengthening Tonic and German Aperient Pills, which are warranted to give immediate relief. Thousands do we almost daily behold, whose countenances and pale emaciated cheeks bear witness to sickness and affliction. BOSTON NOTION,
THE LARGEST AND CHEAPEST NEWS-PAPER IN THE WORLD.

THE spirit of the age is utilitarian. Improvement is stamped upon the face of every thing. All the useful arts are progressing with unparalleled rapidity, and the Art of Printing is coming to its full maturity. The improvement is not to be confined to the ordinary, but to the extraordinary. Determined to be outdone in any thing that pertains to his profession, where there is a fair chance for exertion and enterprise, the undersigned has determined upon issuing a sheet twice the size of the Boston Weekly Times, (and it is to take the place of that paper), and will contain eight columns more matter than the Boston Weekly Times. This sheet will be called the **BOSTON NOTION**, and it is determined that it shall sustain a co-governance with the Times, and be interwoven with the established character of our Yankee city. It will be the **LARGEST NEWS-PAPER IN THE WORLD**—with no exception—and will be printed on a sheet thirty-seven by fifty-two inches. It will be filled entirely with reading matter, and will contain Three Thousand Eight Hundred and Eighty Eight square inches, or Twenty Seven square feet of print in fine type and a single number will contain more reading than an ordinary book of Three Hundred pages. These dimensions will enable the publisher to draw largely upon the most popular periodicals of the day, both American and Foreign; and as the selections will be made with great care, it is believed this paper will be a welcome **Notion** to every family. Besides a full synopsis of the current news of the day, as published in the Boston Daily Times, it will contain Poetry, Popular Tales, Theatrical Criticisms, Police and other Court Reports, Humorous Articles, &c. &c.

The whole world of Literature will be ransacked to fill it. From the study of the philosopher down to the police courts, through all regions of reason, poetry, romance, wit, and the ample record of folly, we shall glean from the past and the present, and from all nations, to present as pleasing and useful a combination of recorded thought and current history, as the world can supply or industry produce. This is our **BOSTON NOTION**.

This great amount of wisdom and fun—and wit and philosophy—of novelties and antiquities—we are able to offer weekly for six cents per copy, only six cents; and we can do it because of the facilities of our press and office, and the connection of daily and weekly publications. For THREE DOLLARS we can sell a year's volume, equal in quantity of matter, with every variety of title, to Fifty-two Volumes of Novels, such as are issued from the press of this day. Fifty-two large Volumes for Three Dollars! Effected all by improved machinery, and by a determination that we will not be outdone in enterprise and usefulness.

TERMS—Fifty Dollars a year, always in advance—no orders, no matter from what source, will be attended to unless accompanied with the CASH. Single copies six cents each. Post Masters or others remitting Twenty Dollars shall have Eight copies sent to such persons and places as they may designate.

MORE POSITIVE PROOF
Of the efficacy of Dr. Harlick's Compound Strengthening and German Aperient Pills.
ALLEGHENY, Jan. 8, 1840.

To Dr. Harlick's Agent—Sir: I wish to state for the benefit of the world who may be afflicted, that Dr. HARLICK'S PILLS have entirely cured me of Dyspepsia, of which I have been afflicted for many years. I used both kinds, the Aperient and Strengthening, and am constrained to say, that they are a valuable discovery, and act upon the system mildly, but very effectually. I found the Tonic pills to quicken the circulation and cause a determination to the surface, and to strengthen the weak stomach and increase its powers. The Aperient pills are the best cathartic I ever used. I am confident all Dyspepsias would do well to make immediate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure.

LIVER COMPLAINT.
THIS disease is discovered by a fixed obduracy in the right side under the short ribs, attended with heat, uneasiness about the pit of the stomach; there is in the right side also a distension; the patient loses his appetite, and becomes sick and troubled with vomiting. The tongue becomes rough and black, the countenance changes to a pale or sallow color, or yellow like those afflicted with jaundice, difficulty of breathing, distended rest, utterance with a dry cough, difficulty of laying on the left side, the body becomes weak, and finally the disease terminates in another of a more serious nature, which in all probability is far beyond the power of human skill. Dr. Harlick's Compound Strengthening Tonic and German Aperient Pills, if taken at the commencement of this disease, will check it, and by continuing the use of the medicine a few weeks, a perfect cure will be performed. Thousands can testify to this fact.

Certificates of many persons cured daily by the use of the efficacy of this valuable medicine, by applying at the Medical Office, No. 19, NORTH EIGHTH STREET, Philadelphia.

PRINCIPAL REASONS
Why Dr. HARLICK'S Compound Strengthening Tonic and German Aperient Pills are used by all classes of people, in preference to other Medicines, because they are prepared from a pure extract of herbs, a wholesome medicine, and in its operation and pleasant in its effects—the most certain preserver of health, a safe and effectual cure of Dyspepsia or Indigestion, and all stomach complaints, a restorer and purifier of the whole system.

Because they soothe the nerves of sensibility to a healthy state, and imparting to their muscular fluid its primitive tone, thus giving strength and clearness of mind.

Because they never destroy the coats of the stomach and bowels, as all strong purgatives do.

Because science and experience teach us that no more purgative alone will cure the disease of the stomach and bowels. Weakness is the primary cause of a host of diseases, and by continually resorting to *Drastic purgatives*, you make the disease much worse, instead of better.

Because Dr. Harlick's Medicines are put up upon the common sense principle, to "cleanse and strengthen," which is the only course to pursue to effect a cure—Lastly.

Because these Medicines really do cure the disease for which they are recommended. Principal Office for the United States, is at No. 19 North Eighth street, Philadelphia.

GODEY'S LADY'S BOOK
Volumes 22 & 23, 1841.

THE only Magazine in this country intended for the perusal of Females, that is edited by their own sex. This is an important matter, and should be borne in mind by those mothers who intend catering for their own, or their daughters' instruction and amusement. Miss E. LITTLE will have a contribution in every number.

General Contents—The original large & 2 d Steel Engraving, by A. L. Dick, in each number; a Fashion Plate, colored, (mark that), every month; two pages Music, (generally original) in each number; four-eight pages Reading Matter.

The Literary Department—The same attention to this department will be displayed. The splendid Steel Engravings, by A. L. Dick, Esq., that gave so much satisfaction last volume, will be continued. Throughout this year the plates will be varied, and year shall contain a dash of humor. All tastes shall be consulted.

In speaking of our Engravings, we beg leave to call attention to the following published in last volume, viz: View of Constantinople, Schuykill Water Works, The Indian Maid, The Pidgeon, Happy as a King, The Death of a Youth. With each of these we published a Fashion Plate, containing either three or four figures, beautifully and tastefully colored. Universally pronounced superior to any other Magazine illustrations in this or any other country. Beautiful they will be, and we pronounce, without hesitation, that those for the year shall be superior. The engraving shall always be worth more than the price of subscription. We do not as many of our contemporaries do, who would scorn to tell a verbal falsehood, pass off second hand plates as original. Ours are undoubtedly so, and the designs selected by ourselves, and they will be continued throughout the year.

It will be seen by this advertisement, that every effort has been made by the proprietors of this work, to make it superior to any other in America; and as a New Year's Gift, the Lady's Book is probably the most proper that could be desired for Ladies, edited by their own sex, and assisted as the Editorial Department is, by the Patriotic Enthusiasts, it is justly the PARAGON COMPANION.

The Literary Department is placed under the superintendence of Mrs. SARAH J. HALE and Mrs. LITIA H. BROWN, two ladies so well known to the world, that to mention their names, in connection with any publication, is at once a guarantee of its morality, virtue and utility. Of their capability to conduct the *Lady's Book*, it is presumed no person will doubt, and the proprietor mentions in his preface, that no English or American Magazine can publish in connection with its literary department, two names so celebrated in the world of letters. It will be remembered that Miss LITTLE contributes to each number.

The Musical Department is under the superintendence of J. G. OSBORN, than whom no person is more capable of doing it justice. **General Features**—Literature, Tales, Essays, Legends, Romantic Incidents in History, Extracts from the Old Poets, Reviews, Poetry, Female Education, Embellishments, Fashion Plates, Colored, Lace, Embroidery, Fair Scenes, Music, &c. &c. A great deal of curiosity is often expressed as to the character of the celebrated Female writers of the day. We should endeavor to do justice to their talents, by giving from time to time, correct translations of the most celebrated Female writers of the day.

Transmission by Mail—One advantage the subscribers of this work will have, is its early reception. It will be received at the remotest cities of the Union, by the first day of the month of publication.

Business Department—The price of the publication is THREE DOLLARS per annum—the money to be positively received before a number is sent. No letters will be taken from the Post Office, unless the postage on them is paid. Unless positive orders are given at the time of subscribing, the work is continued after the first year, and it not paid during the year, the price will be increased to FOUR DOLLARS.

We still continue to furnish WALTER SCOTT'S NOVELS complete and the L. B.'S Book one year, for TEN DOLLARS.

For the convenience of persons wishing to subscribe for any of the foregoing publications—General Magazine, Saturday Evening Post, Saturday Chronicle, Alexander's Weekly Messenger, or Sunday Evening Post—will be furnished with the *Lady's Book*, and any one of these publications one year, upon the receipt of FIVE DOLLARS, postage paid. The Brother Jonathan.

THE largest and most beautiful newspaper in the world, larger by fifty square inches than any other newspaper in the United States. Published Saturday, at 162 Nassau street, New York. Price three dollars a year—two copies for five dollars.

The proprietors of this mammoth sheet—the "Great Western" among the newspapers—have the pleasure of a reading before the reading public a very popular and interesting miscellany, than is to be found in any similar publication in the world.

Each number of the paper contains as large an amount of reading matter as is found in a volume of ordinary duodecimo, which cost \$2—and more than is contained in a volume of Living's Columbian or Bancroft's History of America, which cost \$3 a volume—and all for Three Dollars a year. For \$5 two copies will be forwarded one year, or one copy two years.

Since the publication of our original prospectus, the *Brother Jonathan* has been ENLARGED and its size, simply to be, has been so much increased, that much more than its former quantity of the most interesting literature of the day is embraced in its immense capacity. Sections from all the most prominent and celebrated writers of the day are selected in its contents; and whatever is new, rich, or rare, is immediately translated to our country readers, and the issues of the foreign press are laid under contributions, as soon as received in this country. To the miscellaneous and Literary Department, the closest attention is paid; and in all the selections and original contributions, strict care is devoted to avoid all that may touch upon the opinions of any party in religious or political.

Experience having taught us that we had misdirected a path for ourselves, in which all sorts of people delight to follow, the *Brother Jonathan* shall continue, as it began, to be a bold, stout, healthy, light, grave, every-where, witty, smooth, dashy, interesting, inspired, and incomparable newspaper. It shall be a stupendous mirror where-in all the world will stand reflected. It shall contain the most beautiful of Novels, Romances and Stories for both sexes—Fairy Tales for lovers of the marvelous—Legends for antiquaries—Paeonics for wit-mongers—Notes and riddles for short-winded readers—Sentiments for moral lovers—Statistics for politicians—and Lectures, Sermons, and Epigrams, &c. &c. &c. for all the world. Letters should be addressed to

ASTONISHING INCREASE.
FOUR THOUSAND NEW SUBSCRIBERS IN TWO MONTHS!!!

When we first purchased the old and well known establishment of a
Saturday Evening Post, we stated that the paper circulated so widely among the steady, reading portion of the United States, that we entered upon our labor with full confidence of the future. Our success has since been beyond our most sanguine expectations, and our weekly receipts overbalance those of any contemporary paper. Our list has continued to swell up, with unexampled rapidity, and we have the confidence, that at the present rate of increase, we shall be enabled in a few months to boast of more than 35,000 subscribers! When we commenced our labors, we announced distinctly, that the tone of the paper should be decidedly moral, and that nothing should be admitted into our columns, which the most fastidious father could disapprove of, and deemed that as an approved Family Paper, it should not contain a paragraph, with the spirit of which a parent would not wish to have the spirit of which, and we therefore, with this view, announced that no theatrical notices should appear in our columns, and that we should be opposed to theatres as being calculated to injure the healthy action of an honest mind, as creative of exhibitions demoralizing in tendency, and fearfully pernicious in their effects.

We thought and expressed the opinion, that however careless many might be upon this subject, that few, even if they did not entirely disapprove of such entertainments, cared about having the gross details forever paraded before the eyes of their children, and the sickening and nauseating eulogy of all kinds of characters made familiar to their minds.

We determined also, that while the paper continued under our control, it should be strictly neutral in politics, and that as news and literary journals had nothing to do with the matter; this determination has been strictly and rigidly adhered to, and while we shall continue to give our readers such public documents as may be deemed of interest to all, and such a history of the progress of political events, as are strictly in keeping with our duty, and the character of the paper, we shall studiously and thoroughly avoid any contamination of party politics.

The paper is now printed in a new and beautiful type, the style of the highest order, and sustained by WRITERS OF THE FIRST RANK. Essays, Tales, Sketches, and Travels, compose its prominent prose articles; while the poetry is equalled by that of no other magazine of like character. The variety for which the *Caquet* is celebrated, shall suffer no diminution; but on the contrary, every exertion shall be made to increase its interest.

SEVERAL ROMANCES OF THE REVOLUTION have already appeared, and others shall follow in the course of the volume, presenting when finished, a complete picture of the manner, and a historical account of the great battles at that time. Thus, the *Caquet*, instead of being filled with sickly sentimentalities, aims at a true delineation of human nature in every variety of passion.

TIME OF PUBLICATION.
The *Caquet* is published on the first of the month in every quarter of the year. The most distant subscribers consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities agents have been established, by which means subscribers can obtain their copies free of postage.

FASHIONS.
The fashions are published in the *Caquet* weekly, or as often as any really new styles arrive from Paris. The engravings are colored, and executed from original designs. No old, worn out plates are resorted to, and then published as the latest fashions. The truth of our designs will be tested by comparing them with the latest description of dresses from London and Paris.

TERMS—THREE DOLLARS per annum, or two copies for FIVE DOLLARS. Published by GEO. R. GRAHAM, 36 Carter's Alley, Philad.

HAZARD'S
UNITED STATES COMMERCIAL AND STATISTICAL REGISTER.—Containing documents, facts and other useful information, illustrative of the history and resources of the American Union, and of each State; embracing commerce, manufactures, agriculture, internal improvements, banks, currency, finances, education, &c. &c. Edited by Samuel Hazard.

MORE CONCLUSIVE PROOFS,
Of the efficacy of Dr. Harlick's celebrated Medicines.

PROSPERUS
OF THE
JOURNAL OF THE AMERICAN SILK SOCIETY, AND RURAL ECONOMIST.

THIS Journal was established by the American Silk Society, for the purpose of diffusing practical information on the culture of silk in the United States. It has now been published one year, and may be considered a work of standard character.

The first year's publication, comprising the first volume, contains a mass of valuable information, and it will be the object of the editor to make the second equal in all respects, if not superior, to the first. The important facts now established beyond any question, that the people of the United States can make silk CHEAPER and BETTER than any other nation upon earth. It has been proved by unimpeachable testimony, that the entire cost of producing silk rears for market, does not exceed TWO DOLLARS AND TWENTY-FIVE CENTS PER POUND; and its lowest value is FOUR DOLLARS AND FIFTY CENTS; also, that ONE ACRE of ground planted in morus multicaulis, will produce the first year the trees are planted, twenty-one tons of raw silk, leaving a clear profit to the producer of ONE HUNDRED AND EIGHTY DOLLARS! It has also been proved that the children and females of any farmer's family can, with the greatest possible ease, produce from fifty to a hundred pounds of silk every year, without any cost whatever to the expenses of the farm after the trees are planted; and therefore, that the whole amount of silk will be so much clear gain, say from \$25 to \$150. With these facts we submit to an intelligent people whether it is not a great and important object for them to introduce the culture of silk in every farmer's family in the Union.

To enable all our farmers to make silk, the *Journal of the American Silk Society* was established; it contains plain practical directions for cultivating the trees, reeling and rearing silk worms, reeling the silk, and preparing it for market, &c. besides all other information that can be required to enable any person to enter upon the business, either on a large or small scale. Every friend of his country, into whose hands this paper may fall, will be doing a patriotic and philanthropic work by inducing his friends and neighbors to enter their names upon the list of subscribers.

The *Journal of the American Silk Society* is published monthly, in pamphlet form; each number contains thirty-two octavo pages, printed on new type and handsome paper, with a printed colored cover.

TERMS—Two dollars a year, or six copies for ten dollars, always to be paid before the work is sent. All subscriptions to begin with the first number of the year, and in no case will the work be sent to any subscriber longer than it shall have been paid for.

NEW SUBSCRIBERS, who take the first and second volumes, will be charged only THREE DOLLARS for the two years.

The Philadelphia Casket.
UNPARALLELED SUCCESS!
PROSPERUS OF A NEW VOLUME.—The great increase in the subscription list of the *Casket* since the first of the year, warrants the most extensive improvements on the first of July next—at which time a new volume will be commenced with increased vigor. Nothing need be said of the firm basis on which the *Casket* stands, it being already the oldest magazine in the country.

TYPE—EMBEZZLEMENTS.
The *Casket* is printed with a clear and silvery type, upon the finest white paper. The illustrations are not surpassed by those of any periodical at home or abroad; and beside the mouldy steel engravings, a quarterly plate of colored fashions has lately been added. The style of these engravings is unequalled, and they are always accompanied with an appropriate sketch. No wood cuts disgrace the work. Whatever appears in the *Casket* is of the first order of the art.

LITERARY CHARACTERS.
The literary character of the *Casket* is well known, it is wholly original, of the highest order, and sustained by WRITERS OF THE FIRST RANK. Essays, Tales, Sketches, and Travels, compose its prominent prose articles; while the poetry is equalled by that of no other magazine of like character. The variety for which the *Caquet* is celebrated, shall suffer no diminution; but on the contrary, every exertion shall be made to increase its interest.

SEVERAL ROMANCES OF THE REVOLUTION have already appeared, and others shall follow in the course of the volume, presenting when finished, a complete picture of the manner, and a historical account of the great battles at that time. Thus, the *Caquet*, instead of being filled with sickly sentimentalities, aims at a true delineation of human nature in every variety of passion.

THE NEW WORLD.
THE LARGEST, CHEAPEST, HANDSOMEST, AND MOST COMPREHENSIVE NEWS-PAPER IN THE UNITED STATES.

WITH multiplied resources for rendering the NEW WORLD more valuable than ever as a comprehensive newspaper and repository of elegant literature, we enter upon the second volume (folio) on the 24th of October, dressed in a beautiful garb of new type, cast expressly for the purpose. It will therefore be a fitting time to commence new subscriptions, as well as for the renewal of those which may then expire.

During the first year of the existence of the NEW WORLD, it has acquired a reputation and circulation superior to any weekly paper in the country; and has furnished to its subscribers, during that period, (besides all the current news of the day, domestic and foreign) new and valuable works by Talford, D'Israeli, Thomas Moore, Miss Milford, Mrs. Jameson, C. Dickens, Alington, Knowles, Bulwer, Murray, and others—works which in London could not be purchased for fifty times the amount of the subscription price of the NEW WORLD. In addition to works of interest by these eminent authors, it has contained the cream of the periodical literature of the day, as well as original articles from the pens of some of the most popular writers of America, among whom we may mention Miss Sedgwick, Orville Dewey, Professor Longfellow, the author of "Yankee Notions," Simms, Street, &c. &c.

In point of value, as hitherto, maintain an equal neutrality.—Our columns as heretofore will be unobscured by unimportant notices. In criticism we shall, in justice to the public, maintain a perfect independence, even though we incur the vengeance of all the dunces. We shall, in conclusion, earnestly strive to render our sheet not only worthy of the unparalleled favour it has experienced, but of a continually extending circulation. While we continue to furnish with all possible promptitude the most attractive literature of the day, we shall, as our means enlarge, afford that compensation to native authors, which may induce them to make the NEW WORLD the medium for presenting to the public their best productions. Our excellent London correspondents will be continued, and our attention will be paid to the commercial, agricultural and news departments of our paper.

A QUARTO EDITION
Of sixteen large pages was commenced on the sixth of June last, in order to meet the wishes of a large number of subscribers, by giving them its rich and varied contents in a suitable form for reading. This we have done without having enhanced the price, so that new subscribers, and others on the renewal of previous subscriptions, can take their choice between the Quarto and Folio form. But a few sets of the Quarto, from No. 1, now remain on hand in the office, and we shall therefore, not be able long to supply them.

TERMS—Three Dollars a year in advance, for either edition; or Five Dollars for two copies. In all cases letters, notices, or post paid, or they will remain dead in the post-office.

All Post-masters who will act for us are our authorized agents, and may retain 25 per cent on the subscription price, (\$3.) for commission; if remitted in New-York or Eastern — one or 50 cents on each, if in notes of our solvent banks, which may be at a discount here.

Editors and Publishers who desire the continuation of an exchange, will please copy the above three or more times, or otherwise notice the contents, and send us a marked paper.

Letters relative to the editorial department must be addressed to PARK BENJAMIN & EPHRAIM HENRY, Editors; those relative to the business department, to J. WINCHESTER, Publisher, No. 30 Ann street.

The Steel Plates ready for the present volume are Five Engravings by the celebrated Cruikshank's Portrait of Mr. Vandenhoff, the traveler, in the character of Adrastus. A Likeness of Miss Vandenhoff, as Juliet. The *Gen. of Hudson*, one of the choicest specimens of American Scenery. Portrait of Wm. Lamont Bryant, the American Poet. Another of Sartain's exquisite Mezzotints of equal beauty to his plate of "Yankee Notions," given in *New Numbers of Burton's Magazine*—a plain acknowledgment to be superior to any other illustration ever given in a periodical work. Other Engravings of less value accompany every number.

The public is requested to observe that if articles appearing in Burton's Magazine are written expressly for that work, and are not selected for daily or weekly papers, The Plates are also especially engraved, and are not the worn-out reprints of Annuals, either English or American.

All letters sent, post paid to W. E. Burton, Do street, opposite the Exchange, Philadelphia.

To accommodate our country friends who may wish to subscribe for our work and any other Philadelphia periodicals, we will receive a Five Dollar Bill, postage free, for one year's subscription.
