

**IMPORTANT PROOFS.**  
*Of the efficacy of Dr. Harlich's Celebrated Medicines.*

The following certificates were sent by Mr. F. B. Hinson, agent at Cincinnati, Ohio. There can be no mistake in it, as the parties are well known.

Mr. Ezekiel Rigdon, of Anderson township, Hamilton county, Ohio, was several days troubled with bilious affections, acidity of the stomach, attended with the usual symptoms of dyspepsia, and having made trial of various medicines without finding relief, was cured by the above medicines.

**CINCINNATI, June 30th, 1840.**  
YET LATER.—Mr. Vance, of Washington county, writes as follows:—Dear Sir—Dr. Harlich's pills are performing some of the most wonderful cures in this vicinity ever heard of. They were introduced here about six months ago, by one of my neighbors, who bought a half dozen packages from the Pittsburg office. I am aware of four cases in this place where complete cures have been performed, one of severe rheumatism, two of dyspepsia, and one of a most shocking and aggravated nervous complaint, of ten or twelve years standing. I send you enclosed five dollars; please to forward pills for that amount by the bearer, William Ward, Attest  
**JOHN VANCE.**  
July 27, 1840.

N. B. The above certificates, compared with the very many already received, certainly must convince those similarly afflicted, that they can yet be relieved by the use of these invaluable medicines.

**DYSPEPSIA! DYSPPEPSIA!**  
That irritable and peace-deceiving disease,—Thousands and tens of thousands suffer from this common distressing complaint. Dyspepsia is frequently caused by over-eating or over-drinking, the stomach by excessive eating or drinking—indigestible and acrid substances taken into the stomach, or from long continued constipation of the bowels, a sedentary life, fear, grief, anxiety, a copious draft of cold water, drastic purgative medicines, dysentery, miscarriages, intermittent and spasmodic affections of the stomach and bowels, irregular meals, late hours, and too frequent use of spirituous liquors.

The symptoms of dyspepsia may be described as a want of appetite, or an unnatural or voracious one; nausea and vomiting; a bilious coating, sudden and transient distensions of the stomach after eating, acid and putrescent eructations, water brash, pain in the region of the stomach, a white or yellowish patina of the heart, dizziness and dimness of the sight, disturbed rest, tremors, mental depression, flatulency, spasms, nervous irritability, chilliness, sallowness of complexion, great depression after eating, languor and general debility, sick head aches, &c.

**CURE**—At the head of all remedies stands Dr. Harlich's Compound Strengthening Tonic and German Aperient Pills, which act greatly upon the peristaltic motion of the intestines, thereby producing regularity of the bowels, at the same time improving the functions of the debilitated organs, thus invigorating and restoring the digestive organs to a healthy action. This medicine is sold in Philadelphia in producing relief.

Full and explicit directions accompany the above medicine. Likewise a pamphlet which describes the diseases, the manner of treating, &c.

Principal office for the United States, No. 19, North Eighth Street, Philadelphia.

**HEALTHY FEMALES.**  
WHO are troubled with sick headache, pain in the side, breast, and back, loss of appetite, flatulency, looseness of spirits, palpitation of the heart, faintness or giddiness, sickness at the stomach, bilious affections, tightness at the chest, nervous, and chilliness in the stomach, flashings of heat, and chilliness, diseases of the nerves, and organs of digestion, &c. &c., those who may be thus affected, should not neglect to procure Dr. Harlich's Compound Strengthening Tonic and German Aperient Pills, which are warranted to give immediate relief. Thousands do we almost daily behold, whose countenances and pale enaciated cheeks bear peculiar witness to sickness and affliction. Could those persons be persuaded to use this invaluable medicine, they would soon find their weak and debilitated frames strengthened, their minds composed, and all pain, and distress driven from the system, when the body will again renew its lost vigor, and put on a new life, and death for a while be declared of its prey. What heat but feels glad to behold their near relatives and dear friends, snatched as it by magic from that fatal debt of death—ye who are laboring under disease let not another day or night pass without procuring this medicine, as it will in a majority of cases effect a permanent cure. Remember delays are dangerous; and if disease is neglected, its ravages will doubly increase.

Principal Office for the United States, No. 19, NORTH EIGHTH STREET, where recommendations of hundreds of persons may be seen, all of which have been cured or benefited by the medicine.

**SICKNESS.**  
THERE are many persons that we daily behold, whose countenances and ill looks, denote a patient which we find has principally originated from neglect of proper remedies at the commencement of sickness. At first the patient complains of bile on the stomach attended with sickness, costiveness, &c., he neglects to procure proper medicine; at length he complains of pain in the side and stomach with sour eructations; his appetite becomes impaired; his rest troublesome, his mind harassed, and all things around him appear not in their proper station. He still neglects himself, when in all probability the disease may at length be so far stated that no medical aid will replace him again. At the first attack of sickness there should be "no time lost" in procuring Dr. Harlich's Compound Strengthening Tonic and German Aperient Pills, which immediately remove bile from the stomach, obviate costiveness, remove disorders in the head, invigorate the mind, strengthen the body, improve the memory, and deliver the imagination; thus restoring the body again to its proper functions.

Patients may be so prevailed upon, which contain full and explicit directions for using. The reader is referred to several very interesting certificates of cures in this paper, which may be relied upon, as they are taken from the original. **MORE CONCLUSIVE PROOFS.**  
*Of the efficacy of Dr. Harlich's celebrated Medicines.*  
DEAR SIR—I was afflicted with a bilious and nervous disease to a very alarming degree, with all the symptoms which so frequently attend a relaxed condition, viz: giddiness in the head, violent tremors, chilliness, with a fixed pain in the right side, complexion bad, and costiveness; indeed I was in a most miserable condition. I had tried many remedies, but found no permanent relief until I had purchased Dr. Harlich's Compound Strengthening and German Aperient Pills, which in a few days relieved me, and I was completely cured, and am able to pursue my employment, free from pain and disease, (signed) JOHN BOLES, Dated Xenia, Ohio June 7, 1840.

**MORE POSITIVE PROOF**  
*Of the efficacy of Dr. Harlich's Compound Strengthening and German Aperient Pills.*  
ALLEGANY, Jan. 8, 1840.

To Dr. Harlich's Agent—Sir: I wish to state for the benefit of the e who may be afflicted, that Dr. HARRICH'S PILLS have entirely cured me of Dyspepsia, of which I have been afflicted for many years. I used both kinds, the Aperient and Strengthening, and I am constrained to say, that they are a valuable discovery, and act upon the system mildly, but very effectually. I found the Tonic pills quicken the circulation and cause a determination to the surface, and to strengthen the weak, to compose and increase its powers. The Aperient pills are the best cathartic I ever used. I am confident all Dyspepsia would do well to make immediate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure.

N. B. The original certificate may be seen at the office of the "Spirit of the Times." For sale at No. 19, North Eighth street.

**LIVER COMPLAINT.**  
THIS disease is discovered by a fixed oblique pain in the right side under the short ribs, attended with heat, uneasiness about the pit of the stomach; there is in the right side also a distension; the patient loses his appetite, and becomes sick and troubled with vomiting. The tongue becomes rough and black, the countenance changes to a pale or sallow color, or yellow like the one afflicted with jaundice, difficulty of breathing, disturbed rest, attended with a dry cough, difficulty of laying on the left side, the body becomes weak, and finally the disease terminates into one of a more serious nature, which in all probability is far beyond the power of human skill. Dr. Harlich's Compound Strengthening Tonic and German Aperient Pills, it taken at the commencement of this disease, will check it, and by continuing the use of the medicine a few weeks, a perfect cure can be performed. Thousands can testify to the fact.

**PRINCIPAL REASONS**  
Why DR. HARLICH'S Compound Strengthening and German Aperient Pills, are used by all classes of people, in preference to other Medicines, because they are prepared from a pure extract of herbs, a wholesome medicine, mild in its operation and pleasant in its effect—the most certain preserver of health, a safe and effectual cure of Dyspepsia or Indigestion, and all stomach complaints, a restorer and purifier of the whole system.

Because they soothe the nerves of sensibility and fortify the nerves of motion, imparting to them a subtle fluid its primitive tone, thus giving strength and clearness of mind.

Because they never destroy the coats of the stomach and bowels, and experience teaches us that no more purgative alone will cure the disease of the stomach and nerves. Weakness is the primary cause of a host of diseases, and by continually resorting to drastic purgatives, you make the disease much worse, instead of better.

Because Dr. Harlich's Medicines are put up upon the common sense principle, to "cleanse and strengthen," which is the only course to pursue to effect a cure.—Lastly, Because these Medicines really do cure the disease for which they are recommended. Principal Office for the United States, is at No. 19 North Eighth street, Philadelphia.

**TRUTH WILL PREVAIL.**  
Dr. Harlich's medicines are daily increasing in public favor, and want from any but a fair trial to establish their worth. We have a communication in our columns to-day from a person long afflicted, which is but one of many vouchers for this medicine, viz.—*Spirit of the Times*.

**GRAHAM'S MAGAZINE,**  
AND THE  
Ladies' and Gentlemen's World of Literature and Fashion.

(The Casset and the Gentleman's Unit.)

A NEW Volume, under the above title, of the well established and fashionable Magazine, The Philadelphia Casset in conjunction with the Gen'l Magazine, which has been everywhere pronounced the most readable and popular of the day, will be opened on the First of January, 1841, with an array of Contributors secured by the union of talent and fame, which no periodical in the country can boast or pretend to rival. The December number will, however, be a specimen of the new volume. The Volume will be opened with a new and beautiful type, the finest white paper, and with the first of a series of embellishments, comprising any which have yet appeared in any Magazine. The style of elegance, the beauty and finish of these illustrations, and the extensive improvements which will be made in its typographical appearance, and above all, the tone of its literary department, by the brilliant array of contributors, whose articles have enriched the pages of each number, will give it character, second to no Magazine in the Union. The character of the articles which shall appear in its pages, will be equally removed from a sickly sentimentality, and from an affectation of morality, but while a true delineation of human nature in every variety of passion is aimed at, nothing shall be found in its pages to cause a blush upon the cheek of the most pure.

The literary character will be sufficiently guaranteed by the reputation of both Magazines thus united, for years past. Writers of the first rank have been regular Contributors to their pages, and the tales and sketches published in them have been widely copied and read, and the firm of a permanent staff of contributors, the list of contributors embraces the names of most of the principal writers in America, with a respectable number of English authors. The series of well known nautical papers, entitled "Cruising in the last War," have had an unequalled success since published in any Magazine for years.—The author promises to open the first of a new series of Tales of the Sea, and from his known abilities as a depicter of sea scenes and life, much may be relied upon from him in maintaining the popularity of the Magazine Papers may be expected during the volume, also from the author of the well known articles, entitled "The Log of Onionside." The author of "Strian Letters" will also shed his powerful and graceful pen, to sustain and increase the reputation of the work.—The valuable aid of the author of "Leaves from a Lawyer's Portfolio" has been secured, and we may expect something still more thrilling from the capacious store which a long life in the profession has enabled him to amass. An occasional Chat with "Jerry's Shot," and "O'er Oliver's," is also promised; with a variety of choice articles in prose and verse, from various writers of celebrity, as contributors to the prominent Magazines of the country. The editor of the Magazine, being a distinguished writer under the new arrangement. With such an array of talent a Magazine of an elevated character, may safely be promised to the coming volume.

**FASHIONS AND ENGRAVINGS.**  
In compliance with the almost unanimous wish of our lady subscribers, we shall the ensuing volume furnish the volume with a beautiful and complete set of Fashion's Monthly, a feature, it is believed, that will neither be unwelcome nor unpopular. The Fashion plates shall be drawn from original designs from Paris and London, and may always be depended upon as the prevailing style in Philadelphia and New York, for the month in which they are issued.

**Time of publication.**—The work will be published on the first of the month in every quarter of the year. The most distant subscriber will consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities, agents have been established, to whom the Magazine is forwarded, prior to the time of issuing it, so that it may be delivered to resident subscribers by the first of the month.

**TERMS.**—Three Dollars per annum. Or two copies yearly for five dollars, invariably in advance, post paid. No new subscriber received without the money, or the name of a responsible agent. For the recommodation of those who wish to subscribe to either of the following Philadelphia periodicals, this liberal proposal is made: Five dollars currency, free of postage, as well as those who subscribe to Graham's Magazine and Ladies' World, for one year. Address, post paid,

**The Brother Jonathan.**

Each number of the paper contains as large an amount of reading matter as is found in volumes of ordinary dimensions, which cost \$2—and more than is contained in a volume of Irving's Columbus or Bancroft's History of America, which cost \$3 a volume—and all for Three Dollars a year. For \$5 two copies will be forwarded one year, or one copy two years.

Since the publication of our original prospectus, the Brother Jonathan has been ENLARGED and its size, much more than has been so much increased, thus amply more than the former quantity of the most interesting literature of the day is embraced in its immense capacity. **THE CULTIVATOR,**  
A Consolidation of *Burl's Cultivator* and the *Genesee Farmer.*

WILLIS GAYLORD AND LUTHER TUCKER, EDITORS.  
Prospectus of Vol. 8, for 1841.

THE Cultivator was established to improve and elevate the Agriculture of the country; to give a proper tone to the morals and mind of the Farmer; to show him the dignity and importance of his profession; to store his mind with useful knowledge, and convince him that while all else is in neglect, and he is dependent on any other near approach to independence. If there is one thing more than another, which in this country gives a man superiority over his fellow men, it is his knowledge; and this knowledge—knowledge which is essential to the success of the farmer as to other men—it is the design of the Cultivator to aid in imparting.

The volume for 1840, is filled entirely with Original Communications, embracing articles from about 300 Correspondents, from almost every state in the Union. If an increase of subscription beyond any precedent in the history of Agricultural Journals,—if the almost unanimous voice of the public press in our favor,—if the multitude of praise yet flattering testimonials we have received, added to a circulation amounting the first year to TWENTY-TWO THOUSAND, may be admitted as evidence, then we have certainly most abundant reason to be gratified with the success which has attended the Union of the Cultivator and the Genesee Farmer. No expense or labor will be spared to render the Cultivator worthy of the patronage it has received. In the number, variety and excellence of its Illustrations, it is without a rival at home or abroad, the last volume being embellished with nearly One Hundred Engravings, illustrating the improved breeds of Horses, Cattle, Sheep, Swine, Poultry, Implements, &c. making the Cultivator, all things considered, it is believed, the Cheapest Agricultural Paper ever published in this or any other country.

**ANTONISHING INCREASE.**  
FOUR THOUSAND NEW SUBSCRIBERS IN TWO MONTHS!!

When we first purchased the old and well known establishment of a Saturday Evening Post, we stated that the paper circulated so widely among the steady reading portion of the United States, that we entered upon our labor with full confidence in the future. Our success has since beyond our most sanguine expectation, as our weekly volume overbears those of any contemporary paper. Our list has continued to swell up, with unexampled rapidity, and we have the confidence that at the present rate of increase, we shall be enabled in a few months to boast of more than 35,000 subscribers! When we commenced our labors, we announced distinctly, that the tone of the paper should be decidedly moral, and that nothing should be admitted into our columns, which the most fastidious father could disapprove of, and disapproved that as an approved Family Paper, it should not contain a paragraph, with the spirit of which a parent would wish to have a daughter familiar, and we therefore, with this view, announced that no theatrical notices should appear in our columns, and that we should be opposed to the theatres as things calculated to injure the healthy action of an honest mind,—as creative of exhibitions demoralizing in tendency, and fearfully pernicious in fact. There were not wanting blusters, who made a great parade of opposition, and Croakers, who predicted our speedy downfall, but we threw ourselves upon the sober, rational and experienced portion of the people of the United States for support, and we have been nobly sustained.

We thought and expressed the opinion, that however careless many might be in this subject, that few, even if they did not entirely disapprove of such entertainments, cared about having the gross details forever paraded before the eyes of their children, and the sickening and nauseating ecology of all kinds of characters made familiar to their minds.

We determined also, that while the paper continued under our control, it should be strictly neutral in politics, and that as news and literary journals we had nothing to do with the matter; this determination has been strictly and rigidly adhered to, and while we shall continue to give our readers such political documents as may be deemed of interest to all, and such a history of the progress of political events, as are strictly in keeping with our duty, and the character of the paper, we shall studiously and thoroughly avoid any continuation of party politics.

The paper is now printed in a new and beautiful type,—has received the praise of many editors of taste, as the handsomest family sheet in the Union. Our efforts have been directed to the combining of beauty and simplicity with utility and taste. The Post is printed on a stout white paper, rendering it neat and durable for filing.

In addition to these efforts toward perfection in the mechanical department, and exterior of our paper, no labor, and no cost been spared in the development of intellectual strength. The present variety of interesting tales, original, from foreign and domestic magazines, together with the valuable contributions of our own circle of literary friends will continue to give interest to the paper, while every thing important and worthy of note that appears in the Old World or the New, shall be collected and collated for the taste of our readers.

The Ladies' Department shall always be choice and select, and shall receive strict attention, while such things as may interest our juvenile readers, and that important and large class of our readers, the Farmer will not be overlooked. In order to gratify, as much as possible, the laudable desire of our country readers, a portion of our attention will be devoted to the collection and diffusion of such News, Memoranda, Tables, Facts, Hints, &c., as may seem important to agriculturists, and the population resident without the confines of our great cities. The state of the markets and the fluctuations in the prices, will be regularly and what is of more moment, correctly given.

We have ever been opposed to the constant bluster and parade made by some editors, about the excellence of their papers, and have resolved that the Saturday Evening Post, shall be conducted, as to speak for itself. Our readers will always find in its columns the earliest and most authentic information, as well as the most choice and entertaining literary matter. We have fully discarded the system of filling the paper with quick advertisements, but prefer giving our readers from week to week, entertaining reading matter.

And we feel assured that we shall be no losers thereby, as but few readers care about having a paper filled with descriptions of those nauseating compounds. The Saturday Evening Post, will be furnished for \$2 per annum in advance, or one copy three dollars per \$5. To those who wish to subscribe for a Philadelphia Magazine, we will furnish a copy of the Philadelphia Caset, and two copies of the Post for one year for \$5 free of postage and discount.

No New Subscriber received without the Money. To those who wish to subscribe, we would say, that the safest plan is to enclose the money in a letter and direct to us. Most postmasters will frank their letters if relating to nothing but the business of the office, and all postmasters who will be kind enough so to do, we shall be pleased to acknowledge as agents.

**THE NEW WORLD.**  
THE LARGEST, CHEAPEST, HANDSOME, EST. AND MOST COMPREHENSIVE NEWSPAPER IN THE UNITED STATES.

EDITED BY PARK BENJAMIN AND EPES SARGENT.

WITH multiplied re-issues for rendering the New World more valuable, and repository of elegant literature, we enter upon the second volume (folio) on the 24th of October, dressed in a beautiful garb of new type, cast expressly for the purpose. It will therefore be a fitting time to commence new subscriptions, as well as for the renewal of those which may then expire.

During the first year of the existence of the New World, it has acquired a reputation and circulation superior to any weekly paper in the country; and has furnished to its subscribers, during that period, (besides a list of the current news of the day, domestic and foreign) new and valuable works by Talford, D'Israeli, Thomas Moore, Miss Mitford, Mrs. Jameson, C. Dickens, Ainsworth, Knowles, Bulwer, Marryat, and others—works, which in London could not be purchased for fifty times the amount of the subscription price of the New World. In addition to these works, we shall, by the eminent authors, it has contained the cream of the periodical literature of the day, as well as original articles from the pens of some of the most popular writers of America, among whom we may mention Miss Sedgwick, Orville Dewey, Professor Langford, the author of "Kathke Notions," Simms, Street, &c. &c.

In politics we shall, as hitherto, maintain an ardent neutrality.—Our columns as heretofore will be unobjectionable in a moral point of view. In criticism we shall, in justice to the public, maintain a perfect independence, even though we incur the vengeance of the authors.
