The following certificate was sent by Mr. E. B. Hioman, sgent at Cincinnatti, Ohio. There can le no mistake in it, as the parties are well known. Mr. Ezckiel Rigdon, of Anderson township Hamilton county, Ohio, was several days troubled with bill-us affections, acidity of the stomach, atunded with the usual symptoms of dyspepsia, and having made trial of various medicine without fi ding relief, was cured by the above medicines.

Attest, Cincinnati, June 30th, 1840. E. RIGDON. YET LATER .- Mr. Vance, of Washington county, writes as follows-Dear Sir-Dr. Harlich's als are performing some of the most wonderful cures in this vicinity ever heard of. They were i troduced here about six months ago, by one of my neighbors, who bought a half dezen packages from the Pittsbung office. I om aware of four cases in this place where complete cures have been perfirmed, one of severe rheumatism, two of dyspepsia, and one of a most sheeking and aggravated yous complaint, of ten or twe've years standing. I send you enclosed five dollars; pleare to forward pills for that amount by the bearer, William Ward, JOHN VANCE.

July 27, 1840. N. B. The above certificates, compared with the very many already received, certainly must convince those similarly afflicted, that they can yet be relieved by the use of these invaluable medicines. Principal office, No. 19, North Eighth street Philadelphia. For sale by

DYSPEPSIA! DYSPEPSIA!

That troublesome and peace-destroying disease. - Phousands and tens of thousands suffer from

that common distressing complaint. Dispepsia is frequently caused by overloading or distending the stomach by excessive eating or drinking-indijestthe and acrid substances taken into the stomach. or from long continued constipation of the bowls, a sadentary life, fear, grief, anxiety, a copious draft of cold water, drastic purgative medicines, dysentery, miscarriages, intermittent and spasmodic aff ctions of the stomach and bowls, irregular meals, late hours, and too frequent use of spirituous liquors.

The symptoms of dispepsia may be described as a want of appetite, or an unpatural or voracious one, nausea and sometimes bilious comiting, sudd n and transient distensions of the stomach af er enting, acrid and putresent eructations, water brash, pain in the region of the stomach, costiveness, palpit ition of the heart, dizziness and dimness of the ight, disturbed rest, tremors, mental despondency, flatulency, spasms, nervous irritibility, chil ine-s, sullowness of complexion, great appression after e ting, languor and general debility, sick head ache,

CURE-At the head of all remadies stands Da. HARLICH'S COMPOUND STRENGTHENING TONIC AND GERMAN APPERIENT PILLS, which act greatly upon the peristaltic motion of the intestines, thereby producing regularity of the bowls, at the -ame time improving the functions of the debilitated organs, thus invigorating and restoring the digestive organs to a healthy action. This medic ne se dem fails in producing relief.

Thousands do we almost daily behold, whose countenances and pale emaciated cheeks bear occular witness to sickness and affliction. Could these persons be persuaded to use this invaluable medicine, they would soon find their weak and debilitated frames strenghtened, their minds comp sed. and all pain, and distress driven from the system, when the body will again renew its lost vigor, and jut on a "new life," and death for a while be derived of its prey. SICKNESS.

THERE are many persons that we daily behold, whose count nances and frail limbs denote silliction which we find has principally originated from neglect of proper remadies at the commencement of sickness. At first the patient complains of bile on the stomach attended with sickness, costiveness, &c., he neglects to procure proper medicine; at lenth he complains of pain in the side and somach with sour cructations; his appetite becomes impaired, his test troublesome, his mind harassed, and all things around him appear not in their proper station. He still neglects himself, when in all probability the disease may at leath be so fast scated that no medical aid will replace him again. At the first attack of sickness there should be "no time lost" in procuring Dr Harlich's congound stunners-ENING APERIENT FILLS, which immediately removes bile from the stomach, of viate costiveness remove disorders in the head' invigorate the mild, strengthen the body, improve the memory, and en-liven the imagination; thus restoring the body again to its proper functions,

MORE CONCLUSIVE PROOFS, Of the efficacy of Dr. Harlich's celebrated Medi-

Cines.

DEAR SIR:—I was utilicted with a bilious and nervious disease to a very alarming degree, with all the symptome which so frequently effects a relixed condition, viz: giddiness in the head, viol nt tremors, chilliness, with a fixed pain in the right side, complexion bad, and costiveness; indeed I was in a most miserable condition. I had tried many remedies, but found no permanent relief until I had purchased Ir. Harlich's compound strengthening and German aperient Pills, which from their superior virtues, I was completely enred. and am able to pursue my employment, free from pain and disease. MORE POSITIVE PROOF Of the efficacy of Dr. Harlich's Compound Strengthening and German Aperical Pells.

ALLEGUENY, Jan. 8, 1840. To Dr. Harlich's Agent-Sir: I wish to state for the benefit of those who may be offlicted, that Dr. HARLICR'S PILLS have entirely cored me of Dyspepsia, of which I have been afflicted for many ears, I used both kinds, the Aperient and Strengthening, and I am constrained to say, that they are a valuable discovery, and act upon the system mildly. but very effectually. I found the Tonic pills to quicken the circulation and cause a determination to the surface, and to strengthen the weak stomach and increase its powers. The Aperical pills are the best cathartic I ever used. I am confident all Dyspepties would do we'l to make immediate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure.

PRINCIPAL REASONS

Why Dr HARLICH'S Compound Strengthening and German Aperient Pills are used by all classes of people, in preference to other Medicines, because they are prepared from a pure extract of herbs, a wholesome medicine, mild in its operation and pleasum in its effect—the most certain preserver of health, a sale and effectual cure of Dyspepsia or Indigestion, and all stomach complaints, a preserver

and putifier of the whole system. Because t'ey soothe the nerves of sensibility a d fortify the nerves of motion, imparting to their m st subtle fluid its pristing tone, thus giving strength and clearness of mend.

Because they never destroy the coars of the stonach and bowels, as all strong purgatives de. Be ouse science and experience teach us that no mere purgative alone will cure the disease of the stomach and perves. Weakness is the primary cause of a host of diseases, and, by continually resorting to Dearlie purgatives, you make the disease much wone, instead of letter, Because Dr. Hadich's Med cines are put up up-

ASTONISHING INCREASE.

FOUR THOUSAND NEW SUBSCRIBERS IN TWO MONTHS!!! WHEN we first purchased the old and well

known establishment of t e

Saturday Evening Post, we stated that the paper circulated so widely a-mong the steady, reading person of the United States, that we entered upon our 1 bors with full confid ne of the future. Our success has since weekly receipts overbalance those of any cotempotary paper. Our let has continued to swell up. with unexampled rapidity, and we have the confidence, that at the present rate of increase, we shall be enabled in a few months to boost of more than 35,000 subscribers! When we commenced our lab rs, we announced distinctly, that the tone of the paper should be decidedly moral, and that nothing bon d be admitted into our columns, which the most fastidious father could disapprove of, and determ ned that as an approved Family Paper, it

should not contain a paragraph, with the spirit of

which a parent would not wish to have a daughter familiar, and we therefore, with this view, announced that no theatrical notices should appear in our columns, and that we should be opposed to theatres as things calculated to injure the healthy action of an honest mind,-as creative of exhibitions demoralizing in tendency, and fearfully permeious in fact. There were not wanting blusterers, who made a great parade of opposition, and Croakers, who predicted our speedy downfall, but we threw ourselves upon the sober, rational and experienced portion of the people of the United State, for sup-

port, and we have been nobly sustained. We thought and expressed the opinion, that however careless many might be upon this subject, that few, even if they did not entirely disapprove of such entertainments, cared about having the gross details forever paraded before the eyes of their children, and the sickening and nauscating eulogy of all kinds of characters made familiar to

their minds.

We determined also, that while the paper continued under our control, it should be strictly neutral in politics, and that as news and literary journalists we had nothing to do with the matter; this determination has been strictly and rigidly adhered to, and while we shall continue to give our renders such public document as may be deemed of interest to all, and such a history of the progress of political events, as are strictly in keeping with our duty, and the character of the paper, we shall studiously and thoroughly avoid any contamination of

In addition to these efforts toward perfection in the mechanical department, and exterior of our paper, no labor, and no cost been spared in the developement of intellectual strength. The present variety of interesting tales, original, from foreign and domestic magazines, together with the valuable contributions of our own circle of literary friends will continue to give interest to the paper, while everything important and worthy of note that nappens in the Old World or the New, shall be collected and collated for the taste of our rea-

The state of the markets and the fluctua tious in the prices, will be regularly and what is of more moment, correctly given.

We have ever been opposed to the constant bluster and parade made by some editors, about the excellence of their papers, and have resolved that the Saturday Evening Post, shall be conducted, as to speak for itself.

Our readers will always find in its columns the earliest and mest authentic information, as well as the most choice and entertaining literary matter. We have totally discarded the system of filling the poper with quack advertisements, but prefer giving us re dets from week to week, entertaining reading matter.

And we feel assured that we shall be no losers thereby, as but few readers care about having a paper filled with descriptions of these nau-eating compounds.

THE NEW WORLD.

THE LARGEST, CHEAPEST, HANDSOM-EST, AND MOST COMPREHENSIVE NEWSPAPER IN THE UNITED STATES.

EDITED BY PARK BENJAMIN AND EPES SARGENT.

WITH multiplied res urces for rendering the NEW WORLD more valuable than ever as compendious newspaper and repository of elegent literature, we enter upon the second volume (folio) on the 24th of October, dressed in a beautiful garb of new type, cast expressly for the purpose. It will therefore be a fitting time to commence new subscriptions, as well as for the renewal of those which may then expire.

During the first year of the existence of the NEW WORLD, it his acquired a reputation and circulation superior to any weekly paper in the country; and has furnished to its subscribers, during that peri d. (besides a I the current news of the day, donestic and foreign) new and valuable works by Talfourd, D'Israell, Thomas Moore, Miss Mitford, Mrs. Jameson, C. Dickens, Ainsworth, Knowles, Bulwer, Marryat, and others-works, which in London could not be purchased for fifty times the amount of the subscription price of the New World. In addition to works of interest by these eminent authors, it has contained the cream of the periodical literature of the day, as well as original articles from the pens of some of the most popular writers of America, a nong whom we may mention Mi's Sed wick, Orville Dewey, Professor Longfellow, the author of "Yankee Notions," Simins, Street, &c. &c.

In politicks we shall, as hitherto, maintain an arme I neutrality .- Our columns as heretofore will Le uno jectionable in a moral point of view. In craicism we shall, in justice to the public, mantaia a perfect independence, even though we incur the congence of all the dunces. We shall, in conclusion, earnestly strive to render our sheet not only worthy of the unparalleled favour it has experienced. but of a continually extending circulation. While we con inue to furnish with all possible promittude the most attractive liter ture of the day, we shall, as our means enlarge, afford that compensation to native authors, which may induce them to in ke the New World the medium for presenting to the public their best productions. Our excellent London correspondent will be continued, and due at been beyond our most sanguine expectation, as our tention will be paid to the comercial, agricultura and news departments of our paper,

PROSPECTUS

OF THE JOURNAL OF THE AMERICAN SILK ST CIETY, AND RURAL ECONOMIST.

EDITED BY GIDEON B. SMITH. THIS Journal was established by the Americ Silk Society, for the purpose of diffusing practic information on the CULTURE OF SILK in the Unit States. It has now been published one year, at may be considered a work of standard character.

The first year's publication, comprising the fir volume, containes a mass of valuable informatic and it will be the o'j ct of the editor to ma the second equal in all respets, if not superior, the first. The important fact is now estat lished ! yond any question, that the people of the Unit States can make silk CHEAPER and BETTER the any other nation upon earth. It has been proy unimpeachable test mony, that the entire co f producing sifk ready for ma ket, does not exce TWO DOLLARS AND TWENTY-PIVE CENTS P POUND, and its lowest value is FOUR DOLLARS AT VIVEY CENTS; also, that one ACRE of ground plan ed in morus multicaulis, will produce the first ye the trees are planted, rovury-near rounds SILK, leaving a clear profit to the producer of o: SUNDERD AND LIGHT DOLLARS! It has also be proved that the children and females fany farme mily can, with the greate t possible ease, produ from fifty to a hundred p unds of alk every ye. without any cost whatever to the expenses of t farm after the trees are planted; and therefore, th the whole amount of silk will be so much clear g it say from \$225 to \$450. With these facts we su m t to an intell gent people we her it is not a gre and important object for them to introduce the cr ture of silk in every farmer's family in the Unio To enable all our farmers to make si k, the Jur-NALOF THE AMPRICAN SILK SOCIETY' WAS IST lished; it contains plain practical directions for ex-TIVATING THE TREES, PERSONS and REARING SIL wonner, nexting the silk, and preparing it ! market, &c. besides all other information that c be r quaed to enable any person to enter upon if business, either on a large or small scale. Eve friend of his country, into wh se hands this papmay fall, will be d ing a patriot and philanshrops work by inducing his triends and neighbours to c ter their names upon the list of subscribers.
