SICKNESS. THERE are many persons that we daily behold, whose countenances and frail limbs denote offlictions which we find has principally originated from neglect of proper remadies at the commencement of ockness. At first the patient complains of bile on the stomach attended with sickness, costiveness, &c., he neglects to procure proper medicine; at lenth he complains of pain in the side and stomach with our cructations; his appetite becomes impaired, is rest troublesome, his mind harassed, and all hings around him appear not in their proper station. Te still neglects himself, when in all probability be disease may at lenth be so fast seated, that no nedical aid will replace him again. At the first ttack of sickness there should be "no time lost" a procuring Dr Harlich's COMPOUND STRENGTH-NING APERIENT PILLS, which immediately renoves bile from the stomach, obviate costiveness, emove disorders in the head' invigorate the mind, trengthen the body, improve the memory, and enven the imagination; thus restoring the body 4 -to its proper functions.
