IMPORTANT PROOF. Of the efficacy of Dr. Harlich's Celebrated Medi cines.

F The following certificate was sent by Mr. E. B. Hinman, egent at Cincinnatti, Ohio. There can be no mistake in it, as the parties are well known. Mr. Ezekiel Rigdon, of Anderson township, Hamilton county, Ohio, was several days troubled with billsus affections, acidity of the stomach, attended with the usual symptoms of dyspepsia, and having made trial of various medicine without finding relief, was cured by the above medicines. Atlest, Cincinnati, June 30th, 1840. E. RIGDON.

YET LATER .- Mr. Vance, of Washington county, writes as follows-Dear Sir-Dr. Harlich's pills are performing some of the most wonderful cures in this vicinity ever heard of. They were introduced here about six months ago, by one of my neighbors, who bought a half dezen packages from the Pittsbung office. I om aware of four cases in this place where complete cures have been performed, one of severe rheumatism, two of dyspepsia, and one of a most sheeking and aggravated nervous complaint, of ten or twelve years standing. I send you enclosed five dollars; pleare to forward pills for that amount by the bearer, William Ward, JOHN VANCE. Attest

July 27, 1840. N. B. The above certificates, compared with the very many already received, certainly must convince those similarly afflicted, that they can yet be relieved by the use of these invaluable medicines. Principal office, No. 19, North Eighth street Philadelphia. For sale by HENRY YOXTHEIMER.

IMPORTANT TO FARMERS. AVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time-an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than heretofore offered for sale, will find this to be the article. Come see it and judge for yourselves. The subscribers have purchased the right of the

all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day-and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world-no grain is scattered or

that three horses can thresh as much with it as four can with any other.

The Machines and Horse Power will be sold together or seperate, to suit purchasers. Made and sold in Milton, by the subscribers.

## RECOMMENDATION: THRESHING & WINNOWING MACHINE.

Having had in use, one of Davenport's Putent Threshing and Winnowing Machines, and being kinds of castings commonly cast at Foundrys, viz: repeatedly called upon for our opinion in regard to their value, dorability and advantages, we make, free to state, that they exceed in our opinion, any Wednesday, the 21st ult., by Mrs. DOR-Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market cheap as they can be bought elsewhere. Old Iron totes—two fives and one ten. Any one who aid of three hands besides the driver. The Straw castings. is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Muchine to the man who feeds it. The Horse power seems to be perfection itself-three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We must cheerfully recommend the Machine to Farmersthey are manufactured in Milton by Messrs, Welch Pomp and Frick. PHILIP HILGERT.
