CLEANSE AND STRENGTHEN.
The only sure and best course to pursue in curing diseases, of whatever nature they may be, is to cleanse and purify the Stomach and Bowels by gentle aperients; secondly, to give strength to the tone to these tender organs by the use of proper means. This mode is always pursued by regular physicians, which they well know to be the only sure to resort to, to effect a speedy and permanent cure. Dr. HARRISON'S Compound Strengthening Tonic and Aperient pills, are a sure medicine to effect this grand object. The German Aperient Pills are to cleanse the stomach and intestines, after which the Compound Strengthening Tonic pills are used, to give strength and tone to those organs which require tender treatment. Nearly two-thirds of the diseases which we daily behold, are diseases of the nervous system, and by continuing using drastic mineral purgatives the sufferer will soon find himself a being too much refined to remain long in existence. Full and explicit directions both in English and German, accompany its notice.

LOOK HERE!
THIS MACHINE AGAINST THE WORLD.
IMPORTANT TO FARMERS.
DAVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time—an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than heretofore offered for sale, will find this to be the article. Come see it and judge for yourselves.
The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHUMBERLAND, LYCOMING, CLINTON, and UNION—and also, the privileges of vending them in any other places for which the right has not been previously sold.
The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day—and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world—no grain is scattered or lost.
Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other.
The Machines and Horse Power will be sold together or separate, to suit purchasers. Made and sold in Milton, by the subscribers.

W. M. POMP,

RECOMMENDATION.
THRESHING & WINNOWER MACHINE.
Having had in use, one of Davenport's Patent Threshing and Winnower Machines, and being repeatedly called upon for my opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself—three horses may work it with ease and their fastest gain need only be the ordinary plough gain. We most cheerfully recommend the Machine to Farmers—they are manufactured in Milton by Messrs. Welch Pump and Frick.
