The late Census-Representation in Congress.

The following will be the representation in Congress, from the several states, agreeably to the late census of the population.

The present ratio is one Member of the House for 47,700 inhabitants. Under the new division it will be one for 60,000-s ratio which will alter very materially the relative strength of many States.

According to the latter ratio, Main, Massachusetts, New York, New Jersey, Pennsylvania, and Delaware will each retain the same number of members.

New Hampshire will lose 1 member, Vermont 1, Rhode Island 1, Connecticut 1, Maryland 1, Virginia 4, North Carolina 2, South Carolina 2, Georgia 1, Tennessee 1, and Kentucky 1, making togea loss of 19 members.

Ohio will gain 6 members, Indiana 4, Illinois 4, Michigan 2, Alabama 1, Mississippi 2, Louisiana 1, Missouri 3, making together a gain of 23, or a net addition to the House of 7 Representatives.

The free States in the aggregate will gain 16 members and lose 4, and the Siave States will gain 7 and lose 12; making a net aggregate gain of seven | and borough will be fully represented. By order Representatives from the free States. The whole number in the House at present is 242 ; the new ratio would make 249 .- Doylstown Democrat.

Frederick County Bank.

The money stolen some weeks ago from this institution has been recoverred in New York, with the exception of \$10,000 in gold, which the rogue by compromise, was permitted to retain in consideration of surrendering the balance of the property stolen. The negotiation which terminated in this result, was, it appears, managed through the intervention of a lawyer of New York.

Since the above was in type we see it stated in the Patriot that all the money was recovered except twenty-eight thousand dollars, under the following circumstances :

Some time ago, the directors of the bank received a communication from a person in New York named Wiley, who represented himself as a lawyer, and stated that he had professionally become acquainted with such facts as would enable him to secure the restitution of the stolen property upon certain terms. Dr. Wm. Bradely Tyler, one of the directors of the Frederick County Bank, and Wm. M. Beall, Esq., the cashier of the Farmers' and Mechanics' Bank of Frederick county, repaired to New York, and, after good deal of negotiation, succeeded in recovering the whole amount, with the exception of the sum above stated. We understand that the gold and the notes of banks other than the issues of the robbed institution were retained, and that the lawyer who was the agent in compounding article. the felony, charged a commission of some ten thousand dollars for his services. No information was given that could lead to the detection of the robbers, although Mr. Wiley, upon being questioned upon that point by Dr. Tyler, said that he (the Doctor) had seen the principal of them several times during his visit to New York .- Balt .- American.
