TO THE COMMUNITY.

THE success which has attended the use of *Dr. Harlich's German Aperient and Compound strengthening Tonic Pills*, is truly astonishing. It is no vain boast to say this medicine has proved by its happy effects in the cure of a variety of diseases to which the human frame is liable, to be vastly superior to the many preparations before the public. Many of these preparations are compounded by individuals who are positive y ignorant of the mysteries of the human system, and mere pretenders to medical knowledge. Dr. Harlich, however, is celebrated among the German faculty as a man of the highest scientific attainments, and equally distinguished throughout Europe, as a successful medical practitioner, spent most of the years of a useful life in the aquisition of such knowledge as might prove beneficial to his fellow creatures. In the pills which he invented, and which bear his name, the public are assured of an article that possesses more than ordinary virtues. From the acknowledged talents of this inventor, nothing less than a good article could be expected; and the experience of many years has afforded demonstration of the virtues of his medicine. In Germany and other parts of Europe, its reputation is established. In this country into which it has but been recently introduced, it is rapidly gaining the most substantial reputation. The numerous certificates of cures of the most obstinate diseases effected by the use of Harlich's Pills, which the proprietor is constantly receiving, is proof of the fact. Day after day he receives new testimonials of their efficacy, and week after week increases the demand for them. This is not mere assertion; innumerable certificates are open for the inspection of the public, and the doubts of any who are skeptical, can be removed by examining them at the office of the proprietor.

We take the liberty, then, of suggesing to every family, that they make use of Dr. Harlich's Pills. Let them keep a supply constantly on hand, to be used when occasion demands, and they will receive the most unequivocal proofs of utility.—*Medical Definer.*

HEPATITIS, OR LIVER COMPLAINT.

Liver complaint is described to be of two forms, viz: *Acute and Chronic*, which are different in their seat and character, and are produced from ulcers or the Liver, which is deceased on the surface or in the centre. In the former, the patient is attacked with sudden pain, in the region of the Liver, so severe that even the bed clothes are insupportable; the patient cannot bear to turn or lay on his left side from the pressure exerted in that position of the inflamed organs. The latter may go on in such a manner that the first symtoms of Liver Complaint are those which mark the occurrence of suppuration. The Acute and Sub-acute varieties, almost always commence with some chilly feelings succeeded by heat of the skin, fevered tongue, having a yellowish appearance. Irregular state of the bowels, co-tiveness, countenance changes to a pale or citron color, or yellow like those afflicted with jaundice, difficulty of breathing, disturbed rest, attended with cough, feverish symtoms, a dry and parched skin, difficulty of lying on the right side, urine scanty and high colored, the patient posses many bad nights and is frequently troubled with Diarrhœa, Tenasmus and Piles, nausea and vomiting, and has a considerable thirst. When the inflammation affects the peritoneal coat of the Liver the pain is much more intense and the fever higher than when confined to the Liver. In chronic affections it is uncertain in its termination; the pain is intense, attended occasionally with feverish symtoms, a dry and parched skin, irregular bowels, sallow countenance, frequent attacks of jaundice, the tongue is scarcely ever free from yellow fur, the appetite bad, and a corruption attacks the face and back, behind the shoulders, &c.

Dr. Harlich's Compound Strengthening Tonic and Aperient German Pills, will, in a majority of cases, produce a perfect cure, and if used at the very onset of affliction will in every case arrest the disease. This is not merely theory but fact, which can be substantiated by the testimonies of various persons who have witnessed the astonishing effects of this invaluable medicine. The diet must be attended to, and the warm bath must not be neglected when the patient can have access to it. Full and explicit directions are defined in the medical pamplet which accompanies the medicine, and can be obtained gratis of any of the regularly appointed agents who sell this medicine.

Principal Office and General Depot for the United States, is at No. 19 North Eighth Street, Philadelphia, where all communications for Agencies, Advertising and Medicines must be addressed (post paid,) which will meet with immediate attention.

PRINCIPAL REASONS

Why Dr HARLICH'S Compound Strengthening and German Aperient Pills are used by all classes of people, in preference to other Medicines, because they are prepared from *a pure extract of herbs*, a wholesome medicine, mild in its operation and pleasant in its effect—the most certain preserver of health, a safe and effectual cure of Dyspepsia or Indigestion, and all stomach complaints, a preserver and purifier of the whole system.

Because they soothe the nerves of sensibility and fortify the nerves of motion, imparting to their most subtle fluid its pristine tone, thus giving strength and clearness of mind.

Because they never destroy the coats of the stomach and bowels, as all strong purgatives do.

Because science and experience teach us that no more purgative alone will cure the disease of the stomach and nerves. Weakness is the primary cause of a host of diseases, and, by continually resorting to *Drastic* purgatives, you make the disease much worse, instead of better.

Because Dr. Harlich's Medicines are put up upon the common sense principle, to "cleanse and strengthen," which is the only course to pursue to effect a cure.—Lastly,

Because these Medicines really do *cure* the disease for which they are recommended. Principal Office for the United States, is at No. 19 North Eighth street, Philadelphia.

CLEANSE AND STRENGTHEN.

The only sure and best course to pursue in curing disease, of whatever nature they may be, is: first, to cleanse and purify the Stomach and Bowels by gentle aperients; secondly, to give strength and tone to those tender organs by the use of proper tonics. This mode is always pursued by regular physicians, which they well know to be the only course to resort to, to effect a speedy and permanent cure. Dr. Harlich's Compound Strengthening Tonic and Aperient pills, are a sure medicine to effect this grand object. The German Aperient pills are to cleanse the stomach and intestines, after which the Compound Strengthening Tonic pills are used, to give strength and tone to those organs which require further treatment. Nearly two-thirds of the diseases which we daily behold, are diseases of the nervous system, and by continually using drastic *mineral* purgatives the sufferer will soon find himself a being too much refined to remain long in existence. Full and explicit directions both in English and German, accompany this notice.

Works of Nature.

IN a state of health the intestinal canal may be compared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improves their qualities; and to keep up the comparison of the river, so long as it runs on smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure, but soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humorial fluid (sefocity) in the intestinal tubes, and costiveness takes place, it flows back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and the evil of its tributary stream. With the body, follow the same natural principal; remove, by that valuable purgative medicine *Brandreths Universal Vegetable Pills*, which are an effectual assistance of nature, the superabundance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly established. Remember, never suffer a drop of blood to be taken from you—Evacuate the humors as often and as long as they are degenerated, or as long as you are sick.

Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions.

LIVER COMPLAINT,

Cured by the use of Dr. HARLICH'S COMPOUND STRENGTHENING AND APERIENT PILLS.

Mr. WILLIAM RICHARDS, Pittsburgh, Pa., entirely cured of the above distressing disease: His symtoms were, pain and weight in the left side, loss of appetite, vomiting, acid eructations, distention of the stomach, sick headache, furred tongue, countenance changed to a citron color, difficulty of breathing, disturbed rest, attended with a cough, great debility, with other symtoms indicating great derangement of the functions of the liver. Mr. RICHARDS had the advice of several physicians, but received no relief, until using Dr. HARLICH'S Medicine, which terminated in effecting a perfect cure.

THE CAUSE OF DISEASE.

Nearly all classes of disease, are caused by some obstruction in the system, which prevent the regular and wholesome operation of the animal functions. This state of the system, is disease, which is manifested in a variety of forms, more or less malignant in their character. To restore the system to a state of health, then, it is only necessary to remove the cause of disease, and the end is accomplished. The cause is obstruction somewhere. This can be removed by purgation, which is the only means that should be resorted to, because, suggested by reason, and by nature. Dr. Harlich's Strengthening and German Aperient Pills, are allowed by the thousands who have used them, to be the best purgative medicine in existence. Because, they not only remove all obstructions, and purge the system of its impurities, but, because, and which is extremely important, strengthen and give proper tone to the stomach, and produce a healthy action of all the parts. Besides, they are so mild and gentle in their operation, as to render them at all times a perfectly safe and desirable remedy. The afflicted would do well, then, to purchase a box or two of this invaluable medicine, and give it a fair trial, instead of destroying their systems with oft-repeated doses of calomel, and other drugs, so injurious to human life and happiness.

SICK HEADACHE.

Is a very common affection. Its attacks are very severe, and characterized by spasmodic pains, shifting from one part of the head to the other, frequently commencing in the morning, attended with sickness of the stomach, nausea, faintings, and sometimes, vomiting, giddiness, and confusion of sight, &c &c. This disease is produced from various causes, perhaps the most common, is a derangement of the stomach and digestive organs. FEMALES are most subject to this affection, particularly those who lead a sedentary life. Dr. *Harlich's Compound Strengthening Tonic and German Aperient Pills*, are warranted to arrest this troublesome disease: first by cleansing the stomach and bowels, purifying the blood, and removing all diseased and excrementitious humors from the liver and intestines. By the use, first, of a few doses of the Aperient German Pills, afterwards two or three doses of the *Strengthening Tonic Pills*, which are used to strengthen and invigorate the *nervous system*, give tone to the stomach and organs of digestion, thus imparting to their subtile fluid its pristine vigor, this afflicting disease may be entirely removed. This is the only mode of treating this annoying complaint, and has been attended with success in thousands of cases.

THE CULTIVATOR,

A Consolidation of Buel's Cultivator and the Genesee Farmer.

WILLIS GAYLORD AND LUTHER TUCKER, EDITORS.

Prospectus of Vol. 8, for 1841.

THE Cultivator was established to improve and elevate the Agriculture of the country; to give a proper tone to the morals and mind of the Farmer; to show him the dignity and importance of his profession; to store his mind with useful knowledge, and convince him that while all classes are and must be more or less dependant on each other, he alone of the whole can make any near approach to independence. If there is one thing more than another, which in this country gives a man superiority over his fellow men, it is knowledge; and this knowledge,—knowledge which is as essential to the success of the farmer as to other men,—it is the design of the Cultivator to aid in imparting.

☞ The volume for 1840, is filled entirely with *Original Communications*, embracing articles from about 300 Correspondents, from almost every state in the Union.

If an increase of subscription beyond any precedent in the history of Agricultural Journals,—if the almost unanimous voice of the public press in our favor,—if the multitude of private yet flattering testimonials we have received, added to a circulation amounting the first year to TWENTY-TWO THOUSAND, may be admitted as evidence, then we have certainly most abundant reason to be gratified with the success which has attended the Union of the Cultivator and the Genesee Farmer. No expense has been or will be spared to render the Cultivator worthy of the patronage it has received. In the number, variety and excellence of its *Illustrations*, it is without a rival at home or abroad, the last volume being embellished with nearly *One Hundred Engravings*, illustrating the improved breeds of Horses, Cattle, Sheep, Swine, Buildings, Implements, &c., making the Cultivator, all things considered, it is believed, the Cheapest Agricultural Paper ever published in this or any other country.

TERMS—*One Dollar* per annum—Six copies for $5—the money to be remitted in advance, free of postage. A commission of 20 per cent. will be allowed to Agents who obtain 25 or more subscribers, and 25 per cent. to those who obtain 100 or more. All subscriptions to commence with a volume.

Postmasters and gentlemen disposed to lend their influence to aid the cause of Agriculture, are respectfully requested to act as agents. Address

BOSTON NOTION,

THE LARGEST AND CHEAPEST NEWSPAPER IN THE WORLD.

THE spirit of the age is utilitarian. Improvement is stamped upon the face of every thing. All the useful arts are progressing with unparralleled rapidity, and the Art of Printing is coming in for its full share of the common improvement. Determined not to be outdone in any thing that pertains to his profession, where there is a fair chance for exertion and enterprize, the undersigned has determined upon issuing a sheet twice the size of the Boston Weekly Times, (and is to take the place of that paper,) and will contain eight columns more matter than the Brother Jonathan. This sheet will be called the BOSTON NOTION, and it is determined that it shall sustain a cognomen so full of meaning, and so interwoven with the established character of our Yankee city. It will be the LARGEST NEWSPAPER IN THE WORLD—with an exception—and will be printed on a sheet thirty-seven by fifty-two inches. It will be filled entirely with reading matter, and will contain Three Thousand Eight Hundred and Eighty Eight square inches, or Twenty-Seven square feet of print in fine type! and a single number will contain more reading than an ordinary book of Three Hundred pages. These dimensions will enable the publisher to draw largely upon the most popular periodicals of the day, both American and Foreign; and as the selections will be made with great care, it is believed this paper will be a welcome Notion to every family. Besides a full synopsis of the current news of the day, (as published in the Boston Daily Times,) it will contain Poetry, Popular Tales, Theatrical Criticisms, Police and other Court Reports, Humorous Articles, &c. &c.

The whole world of Literature will be ransacked to fill it. From the study of the philosopher down to the police courts, through all regions of reason, poetry, romance, wit, and the simple record of folly, we shall glean from the past and the present and from all nations, to present as pleasing and useful a combination of recorded thought and current history, as the world can supply or industry produce. This is our "BOSTON NOTION."

This great amount of wisdom and fun—of wit and philosophy—of novelties and antiquities—we are able to offer, weekly for SIX CENTS per copy, only six cents! and we can do it because of the facilities of our press and office, and the connection of daily and weekly publications. For THREE DOLLARS we can sell a year's volume, equal in quantity of matter, with every variety also, to Fifty-two Volume of Novels, such as are issued from the press of this day. Fifty-two large Volumes for Three Dollars! Effected all by improved machinery, and by a determination that we will not be outdone in enterprize and usefulness.

TERMS.—THREE DOLLARS a year, always in advance—no orders, no matter from what source, will be attended to unless accompanied with the CASH. Single copies six cents each.

Post Masters or others remitting Twenty Dollars shall have Eight copies sent to such persons and places as they may designate.

Their RULING APPARATUS and other Machinery are new, and of the first order and latest improvements; and they feel a confidence in their facilities for giving perfect satisfaction to all who may favor them with their orders.

GRAHAM'S MAGAZINE,

AND THE

Ladies' and Gentlemen's World of Literature and Fashion.

(*The Casket and the Gentleman's United.*)

A NEW Volume, under the above title, of the well established and fashionable Magazine, The Philadelphia Casket in conjunction with the Gentleman's Magazine, which has been every where pronounced the most readable and popular of the day, will be opened on the First of January, 1841, with an array of Contributors secured by the union of talent and fame, which no periodical in the country can boast or pretend to rival. The December number will, however, be a specimen of the new volume. The Volume will be opened with a new and beautiful type, the finest white paper, and with the first of a series of embellishments unsurpassed by any which have yet appeared in any Magazine. The style of elegance, the beauty and finish of these illustrations, and the extensive improvements which will be made in its typographical appearance, and above all, the tone of its literary department, by the brilliant array of contributors, whose articles have enriched the pages of each number, will give it character, second to no Magazine in the Union. The character of the articles which shall appear in its pages, will be equally removed from a sickly sentimentality, and from an affectation of morality, but while a true delineation of human nature in every variety of passion is aimed at, nothing shall be found in its pages to cause a blush upon the cheek of the most pure.

The Literary character will be sufficiently guaranteed by the reputation of both Magazines thus united, for years past. Writers of the first rank have been regular Contributors to their pages, and the tales and sketches published in them have been widely copied and read, and the firm and independent tone of the criticisms, upon the current literature of the day, has been every where approved and commended. The list of contributors embraces the names of most of the principal writers in America, with a respectable number of English authors.

The series of well known nautical papers, entitled "Cruizing in the last War," have had a run, unequalled by any series published in any Magazine for years.—The author promises to open the first of a new series of Tales of the Sea, and from his known abilities as a depicter of sea scenes and life, much may be relied upon from him in maintaining the popularity of the Magazine Papers may be expected during the volume, also from the author of the well known articles, entitled "The Log of Old Ironside" The author of "Syrian Letters," will also lend his powerful and grateful pen, to sustain and increase the reputation of the work.—The valuable aid of the author of "Leaves from a Lawyer's Port Folio," has also been secured, and we may expect something still more thrilling from the capacious stores which a long life in the profession has enabled him to amass. An occasional Chit-Chat with "Jenny Short," and "Oliver Oldfellow," is also promised; with a variety of choice articles in prose and verse, from various writers of celebrity, as contributors to the prominent Magazines of the country. The editors of both Magazines continue their services under the new arrangement. With such an array of talent a Magazine of unrivalled attractions, may safely be promised the coming volume.

FASHIONS AND ENGRAVINGS.

In compliance with the almost unanimous wish of our lady subscribers, we shall the ensuing volume furnish them with a beautiful and correct plate of Fashions Monthly, a feature, it is believed, that will neither be unwelcome nor unpopular. The Fashion plates shall be drawn from original designs from Paris and London, and may always be depended upon as the prevailing style in Philadelphia and New York, for the month in which they are issued.

Time of publication.—The work will be published on the first of the month in every quarter of the Union. The most distant subscriber will consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities, agents have been established, to whom the Magazine is forwarded, prior to the time of issuing it, so that they may be delivered to resident subscribers by the first of the month.

TERMS.—*Three Dollars* per annum. Or two copies yearly for five dollars, invariably in advance, post paid. No new subscriber received without the money, or the name of a responsible agent. For the accommodation of those who may wish to subscribe for either of the following Philadelphia periodicals, this liberal proposal is made: Five dollars current money, free of postage, we will forward Graham's Magazine, and Godey's Lady's Book, for one year. Address, post paid,

The Brother Jonathan.

THE largest and most beautiful newspaper in the world—larger by fifty square inches than any other newspaper in the United States. Published Saturdays, at 102 Nassau street, New York. Price three dollars a year—two copies for five dollars.

☞ The proprietors of this mammoth sheet—the "Great Western" among the newspapers—have the pleasure of spreading before the reading public a weekly periodical containing a greater amount and variety of useful and interesting miscellany, than is to be found in any similar publication in the world.

Each number of the paper contains as large an amount of reading matter as is found in volumes of ordinary duodecimo, which cost $2—and more than is contained in a volume of Irving's Columbus or Bancroft's History of America, which cost $3 a volume—and all for Three Dollars a year. For $5 two copies will be forwarded one year, or one copy two years.

Since the publication of our original prospectus, the Brother Jonathan has been ENLARGED and its size, amply before, has been so much increased, that much more than the former quantity of the most interesting literature of the day is embraced in its immense capacity. Selections from all the most prominent and celebrated writers of the day assist in swelling its contents; and whatever is new, rich, or rare, is immediately transferred to its columns. All the contributions to periodicals of American writers of repute appear in its pages; and the issues of the foreign press are laid under contributions, as soon as received in this country. To the miscellaneous and Literary Department, the closest attention is paid; and to all the selections and original contributions, strict care is devoted to avoid all that may touch upon the opinions of any party in religion or politics.

Experience having taught us that we had marked out a path for ourselves, in which all sorts of people delights to follow, the Brother Jonathan shall continue, as it began, to be a bold, gentle, weighty, light, grave, merry, serious, witty, smooth, dashing, interesting, inspired, and incomparable newspaper. It shall be a stupendous mirror wherein all the world will stand reflected. It shall contain the most beautiful of Novels, Romances and Stories for both sexes—Fairy Tales for lovers of the marvellous—Legends for antiquaries—Pasquinades for wit mongers—Nuts and raisins for short-winded readers—Serenades for musical lovers—Sonnets for Ladies—Sentiment for old bachelors—Statistics for politicians—and Lectures, Sermons, Criticisms, Epigrams, &c., &c., &c., for all the world.

Letters should be addressed to
