TO THE COMMUNITY.

THE success which has attended the use of Dr. Harlich's German Aperient and Compound Strengthening Tonic Pills, is truly astonishing.

It is no vain boast to say this medicine has proved by its happy effects in the cure of a variety of diseases to which the human frame is liable, to be vastly superior to the many preparations before the public.

Many of these preparations are compounded by individuals who are positively ignorant of the mysteries of the human system, and more pretenders to medical knowledge. Dr. Harlich, however, is celebrated among the German faculty as a man of the highest scientific attainments, and equally distinguished throughout Europe, as a successful medical practitioner, spent most of the years of a useful life in the acquisition of such knowledge as might prove beneficial to his fellow creatures.

In the pills which he invented, and which bear his name, the public are assured of an article that possesses more than ordinary virtues. From the acknowledged talents of this inventor, nothing less than a good article could be expected; and the experience of many years has afforded demonstration of the virtues of his medicine.

HEPATITIS, OR LIVER COMPLAINT. Liver complaint is described to be of two forms, viz: Acute and Chronic, which are different in their seat and character, and are produced from ulcers on the Liver, which is diseased on the surface or in the centre.

When the inflammation affects the peritoneal coat of the Liver the pain is much more intense and the fever higher than when confined to the Liver. In chronic affections it is uncertain in its termination; the pain is intense, attended occasionally with febrile symptoms, a dry and parched skin, irregular bowels, sallow countenance, frequent attacks of jaundice, the tongue is scarcely ever free from yellow fur, the appetite bad, and a corruption attacks the face and back, behind the shoulders, &c.

Dr. Harlich's Compound Strengthening Tonic and Aperient German Pills, will, in a majority of cases, produce a perfect cure, and if used at the very onset of affliction will in every case arrest the disease. This is not merely theory but fact, which can be substantiated by the testimonies of various persons who have witnessed the astonishing effects of this invaluable medicine.

Principal Office and General Depot for the United States, is at No. 19 North Eighth Street, Philadelphia, where all communications for Agencies, Advertising and Medicines must be addressed (post paid) which will meet with immediate attention. HENRY YOXTHEIMER, Agent. May 1, 1841.

THE proprietors of this mammoth sheet—the "Great Western" among the newspapers—have the pleasure of spreading before the reading public a weekly periodical containing a greater amount and variety of useful and interesting miscellany, than is to be found in any similar publication in the world.

Each number of the paper contains as large an amount of reading matter as is found in volumes of ordinary duodecimo, which cost \$2—and more than is contained in a volume of Irving's Columbus or Bancroft's History of America, which cost \$3 a volume—and all for Three Dollars a year. For \$5 two copies will be forwarded one year, or one copy two years.

Since the publication of our original prospectus, the Brother Jonathan has been ENLARGED and its size, amply before, has been so much increased, that much more than the former quantity of the most interesting literature of the day is embraced in its immense capacity. Selections from all the most prominent and celebrated writers of the day assist in swelling its contents; and whatever is new, rich, or rare, is immediately transferred to its columns. All the contributions to periodicals of American writers of repute appear in its pages; and the issues of the foreign press are laid under contributions, as soon as received in this country.

THE largest and most beautiful newspaper in the world—larger by fifty square inches than any other newspaper in the United States. Published Saturdays, at 162 Nassau Street, New York. Price three dollars a year—two copies for five dollars.

BOSTON NOTION,

THE LARGEST AND CHEAPEST NEWS-PAPER IN THE WORLD.

THE spirit of the age is utilitarian. Improvement is stamped upon the face of every thing. All the useful arts are progressing with unparalleled rapidity, and the Art of Printing is coming in for its full share of the common improvement.

Determined not to be outdone in any thing that pertains to his profession, where there is a fair chance for exertion and enterprise, the undersigned has determined upon issuing a sheet twice the size of the Boston Weekly Times, (and to take the place of that paper) and will contain eight columns more matter than the Brother Jonathan. This sheet will be called the BOSTON NOTION, and it is determined that it shall sustain a cognomen so full of meaning, and so interwoven with the established character of our Yankee city, it will be the LARGEST NEWS-PAPER IN THE WORLD—with an exception—and will be printed on a sheet thirty-seven by fifty-two inches. It will be filled entirely with reading matter, and will contain Three Thousand Eight Hundred and Eighty Eight square inches, or Twenty-Six square feet of print in fine type, and a single number will contain more reading than an ordinary book of Three Hundred pages.

These dimensions will enable the publisher to draw largely upon the most popular periodicals of the day, both American and Foreign; and as the selections will be made with great care, it is believed this paper will be a welcome Notion to every family. Besides a full synopsis of the current news of the day, as published in the Boston Daily Times, it will contain Poetry, Popular Tales, Theatrical Criticisms, Police and other Court Reports, Humorous Articles, &c. &c.

The whole world of literature will be ransacked to fill it. From the study of the philosopher down to the police courts, through all regions of reason, poetry, romance, wit, and the ample record of folly, we shall glean from the past and the present and from all nations, to present as pleasing and useful a combination of recorded thought and current history, as the world can supply or industry produce. This is our "BOSTON NOTION."

This great amount of wisdom and fun—of wit and philosophy—of novelties and antiquities—we are able to offer, weekly for six cents per copy, only six cents! and we can do it because of the facilities of our press and office, and the connection of daily and weekly publications. For THREE DOLLARS we can send you a year's volume, equal in quantity of matter, with every variety also, to Fifty-two Volumes of Novels, such as are issued from the press of this day. Fifty-two large Volumes for Three Dollars! Effected all by improved machinery, and by a determination that we will not be outdone in enterprise and usefulness.

TERMS:—THREE DOLLARS a year, always in advance—no orders, no matter from what source, will be attended to unless accompanied with the CASH. Single copies six cents each. Post Masters or others remitting Twenty Dollars shall have Eight copies sent to such persons and places as they may designate. GEORGE ROBERTS, Publisher.

GRAHAM'S MAGAZINE,

Ladies' and Gentlemen's World of Literature and Fashion.

(The Casket and the Gentleman's United)

A NEW Volume, under the above title, of the well established and fashionable Magazine, The Philadelphia Casket in conjunction with the Gentleman's Magazine, which has been every where pronounced the most readable and popular of the day, will be opened on the First of January, 1841, with an array of Contributors secured by the union of talent and fame, which no periodical in the country can boast or pretend to rival.

The December number will, however, be a specimen of the new volume. The Volume will be opened with a new and beautiful type, the finest white paper, and with the first of a series of embellishments unsurpassed by any which have yet appeared in any Magazine. The style of elegance, the beauty and finish of these illustrations, and the extensive improvements which will be made in its typographical appearance, and above all, the tone of its literary department, by the brilliant array of contributors, whose articles have enriched the pages of each number, will give it character, second to no Magazine in the Union. The character of the articles which shall appear in its pages, will be equally removed from a sickly sentimentality, and from an affectation of morality, but while a true delineation of human nature in every variety of passion is aimed at, nothing shall be found in its pages to cause a blush upon the cheek of the most pure.

The literary character will be sufficiently guaranteed by the reputation of both Magazines thus united, for years past. Writers of the first rank have been regular Contributors to their pages, and the tales and sketches published in them have been widely copied and read, and the firm and independent tone of the criticisms, upon the current literature of the day, has been every where approved and commended. The list of contributors embraces the names of most of the principal writers in America, with a respectable number of English authors.

The series of well known nautical papers, entitled "Cruising in the last War," have had a run, unequalled by any series published in any Magazine for years.—The author proposes to open the first of a new series of Tales of the Sea, and from his known abilities as a depicter of sea scenes and life, much may be relied upon from him in maintaining the popularity of the Magazine Papers may be expected during the volume, also from the author of the well known articles, entitled "The Log of Old Ironsides." The author of "Sylvian Letters," will send his powerful and grateful pen, to sustain and increase the reputation of the work.—"The valuable aid of the author of "Leaves from a Lawyer's Portfolio," has also been secured, and we may expect something still more thrilling from the capacious stores which a long life in the profession has enabled him to amass. An occasional Chat-Chat with "Jemmy Short," and "Oliver Oldfield," is also promised; with a variety of choice articles in prose and verse, from various writers of celebrity, as contributors to the prominent Magazines of the country.

The editors of both Magazines continue their services under the new arrangement. With such an array of talent a Magazine of unrivalled attractions, may safely be promised the coming volume.

FASHIONS AND ENGRAVINGS. In compliance with the almost unanimous wish of our lady subscribers, we shall the ensuing volume furnish them with a beautiful and correct plate of Fashions Monthly, a feature, it is believed, that will neither be unwelcome nor unpopular. The Fashion plates shall be drawn from original designs from Paris and London, and may always be depended upon as the prevailing style in Philadelphia and New York, for the month in which they are issued.

Terms of publication.—The work will be published on the first of the month in every quarter of the Union. The most distant subscriber will consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities, agents have been established, to whom the Magazine is forwarded, prior to the time of issuing it, so that they may be delivered to resident subscribers by the first of the month.

Terms.—Three Dollars per annum. Or two copies yearly for five dollars, invariably in advance, post paid. No new subscriber received without the money, or the name of a responsible agent. For the accommodation of those who may wish to subscribe for either of the following Philadelphia periodicals, this liberal proposal is made: Five dollars current money, free of postage, we will forward Graham's Magazine, and Godey's Lady's Book, for one year. Address, post paid, G. R. GRAHAM, South West corner of Chesnut & Third Sts., Phila.
