OFFICIAL TABLES.

We are indebted to a friend at Washington for une official tables, from which we proceed to can a few items, not without interest to commeral readers. The average value of the imports of te U. States for the last six years, is given in ound numbers at \$144,000,000. The average due of exports for the same period, allowing 15 ir cent, advance for expenses and profits on transortation, has been \$137,000,000.

The average annual value of the imports for a ries of six years to come, is upon these data estiated at 140,000,000. The articles proposed to · admitted free of duty, are estimated at \$14,300,-30. This makes the average estimated amount (dutable articles, \$125,7000,000; which at 20 or cent, would be an annual gross revenue of \$25,-10,000. Estimated deduction for drawback \$3,-00,000; for collection, \$1,250,000. Deduct these od the nett revenue at 20 per cent. will stand at 20,390,000.

The imports for the last quarter of 1841, owing · the depression of business, are estimated to fall low the general average for the last six years. ut a considerable addition to the revenue for that uarter will be received from articles paying a highduty than 20 per cent. The nett revenue is estiinted at \$5,000,000. For the year 1842, during hich the same causes are expected to operate to ome extent, the nett revenue is estimated at \$22,-00,000.

The aggregate value of our imports for the last even years, \$990,337,381. Articles paying duty, 188 239,195. Free of duty, \$502,098,186. The nnual average is given at \$141,176,769. Duty aving \$67,748,457. Free of duty, \$71,728,312. These tables were made up in the Treasurer's lonariment, as late as June 2, 1841. Thus:

SICKNESS.

THERE are many persons that we daily behold, whose countenances and frail limbs denote affliction' which we find has principally originated from neglect of proper remadies at the commencement of sickness. At first the patient complains of bile on the stomach attended with sickness, costiveness, &c. he neglects to procure proper medicine ; at lenth he complains of pain in the side and stomach with sour eractations; his appetite becomes impaired his rest troublesome, his mind harassed, and all things around him appear not in their proper station. He still neglects himself, when in all probability the disease may at lenth be so fast scated, that no medical aid will replace him again. At the first attack of sickness there should be "no time lost" in procuring Dr Harlich's COMPOUND STRENGTH EXING APERIENT FILLS, which immediately re moves bile from the stomach, obviate costiveness. remove disorders in the head' invigorate the mihd, strengthen the body, improve the memory, and enliven the imagination ; thus restoring the body again to its proper functions. EBENEEZER SQUIRE, JACKSON M.FADDIN,

CERTIFICATES:

Montz's Mill, Centre Co., March 30, 1841. J. M.FANNIS-SIR: I cheerfully testify to th goodness and durability of Pratt's Cast Iron Smut Mill and Grain Huller, as being a far superior article for the cleaning of smut and all other impurities that I have ever seen, and I have been engaged in the manufacture of Flour for a great many years, and have always tried to have the best apparatus fo manufacturing that could be got, and do say that the above machine is the best apparatus I believe now JOHN MOATZ. in use.

Bloomsburg, Dec. 26, 1840. Cot. J. M.Fannis-Sin : In reply to your favor, received a few days since, I have only to say, that the fact of my having introduced into each of the four mills that I am concerned in, one of Pratt's Cast Iron Smut Mills, is the best evidence I can give you of their utility, Yours truly, W.M. M.KELVY.

Milton, March 17, 1841. J. M.FADDIN-SIN: I do hereby certify without ny hesitation, that Pratt's Smut Mill and Grain Huller is the most perfect machine to cleanse grain of smut and all other imperfections, that I have ever seen, and I believe I have seen all the kinds that are now used in Pennsylvania, and I must say that there is nothing of the kind ever been invented that will come in competition with it. GRO. ECKLET.

Cor. J. M'FADDIN-Sin: During the past 24 years I have been constantly engaged in manufacturing flour, and during the last 12 years have been the owner of a grist and flouring mill, and among all the contrivances to remove impurities from grain I am decidedly of the opinion that Pratt's iron ma-

chine is superior to any with which I am acquainted, having used one in my mill about eighteen FREDERICK HAAS. months.

Yorkshire Mills, Dec., 1840. I want in my flouring mill as good an apparatus

to prepare grain for flouring, as the best, and I want no better then Pratt's Cast Iron Smut Mill. It will remove smut entirely-no mistake. M. CLEASON.

Sunbury, December 22, 1840.

Col. J. M.FADDIN-SIR: I have in my mill one of Pratt's cast and wrought iron spiral Smut Mills and Grain Huller, and am confident that in regard to simplicity of construction, and durability of material, it is superior to any I am nequainted with. HENRY MASSER.
