Works of Nature. IN a state of health the intestinal canal may be compared to a river whose waters flow over the adjoining land, through the channels nature or art up the comparison of the river, so long as it runs on smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the capels is no longer pure, but soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humorial fluid (serocity) in the intestinal tubes, and costiveness takes place, it flows back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and those of its tributary stream. With the body, follow the same natural principal; remove, by that valuable purgative medicine Brandreth,s Universal Vegetable Pills, which are an effectual assistance of nature, the superabundance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly established Remember, never suffer a drop of blood to be taken from you - Evacuate the humors as often and as long as they are degenerated, or as long as

THE CAUSE OF DISEASE. Nearly all classes of disease, are caused by some obstruction in the system, which prevent the regular and wholesome operation of the animal functions. This state of the system, is disease, which is manifested in a variety of forms, more or less malignant in their character. To restore the system can be removed by purgation, which is the only means that should be resorted to, because, suggested by reason, and by nature. Dr. Hurlich's Strengthening and German Aperient Pills, are allowed by the thousands who have used them, to be the best purgative medicine in existence. Because, they not only remove all obstructions, and purge the system of its impurities, but, because, and which is extremely important, strengthen and give proper tone to the stomach, and produce a healthy action of all the parts. Besides, they are so mild and gentle in their operation, as to render them at all times a persafe and desirable remedy. The afflicted would do well, then, to purchase a box or two of this invaluable medicine, and give it a fair trial, instead of destroying their systems with oft-repeated doses of calomel, and other drugs, so injurious to human life and happiness

SICK HEADACHE. Is a very common affection. Its attacks are very severe, and characterized by spasmodic pains, shifting from one part of the head to the other, frequently commencing in the morning, attended with sickness of the stomach, nausea, faintings, and sometimes, vomiting, giddiness, and confusion of sight, &c &c. This desease is produced from various causes, perhaps the most common, is a derangement of the stomach and digestive organs. FEMALES are most subject to this offection, particularly those who lead a sedentary life. Dr. Harlich's Compound Strengthening Tonic and German Aperient Pills, are warranted to arrest this and bowels, purifying the blood, and removing all and intestines. By the use, first, of a few doses | pills are to cleanse the atomach and intestines, afthree doses of the Strengthening Tonie Pills, which are used, to give strength and tone to those orpristine vigor, this afflicting disease may be entirely ally using drastic mineral purgatives the sufferer removed. This is the only mode of treating this will soon find himself a being too much refined annoying complaint, and has been attended with to remain long in existence. TO THE COMMUNITY.

THE success which has attended the use of Dr. Harlich's German Aperient and Compound strengthening Tonic Pells, is truly astonishing. It is no vain boast to say this medicine has proved by its happy effects in the cure of a variety of diseases to which the human frame is liable, to be vastly superior to the many preparations before the public. Many of these preparations are compounded by in-dividuals who are positively ignorant of the mysteries of the human system, and mere pretenders to medical knowledge. Dr. Harlich, however, is cele-brated among the German faculty as a man of the highest scientific attainments, and equally distinguished throughout Europe, as a successful medical practitioner, spent most of the years of a useful life in the aquisition of such knowledge as might prove beneficial to his fellow creatures. In the pills which he invented, and which bear his name, the public are assured of an article that possesses more than ordinary virtues. From the acknowledged talents has made, and improves their qualities; and to keep of this inventor, nothing less than a good article could be expected; and the experience of many years has afforded demonstration of the virtues of his medicine. In Germany and other parts of Europe, its reputation is established. In this country into which it has but been recently introduced, it is rapidly gaining the most substantial reputation. The numerous cert ficates of cures of the most obstinate diseases effected by the use of Harlich's Pills, which the proprietor is constantly receiving, is proof of the fact. Day after day he receives new testimonnals of their efficacy, and week after week increases the demand for them. This is not mere assertion; innumerable certificates are open for the inspection of the public, and the doubts of any who are skeptical, can be removed by examining them at the office of the proprietor.

We take the liberty, then, of suggesting to every family, that they make use of Dr. Hadich's Pills, Let them keep a supply constantly on hand, to be used when occasion demands, and they will receive the most unequivocal proofs of utility.- Medical Definer.

May 1, 1841. HEPATITIS, OR LIVER COMPLAINT.

Liver complaint is described to be of two forms, viz ; Acute and Chronic, which are different in their seat and character, and are produced from ulcers on the Liver, which is descased on the surface or in the Northumberland county: Milton-Mackey & centre. In the former, the patient is attacked with sudden pain, in the region of the Liver, so severe that even the ted clethes are insupportable; the patient cannot bear to turn or lay on his left side from the pressure exerted in that position of the inflamed organs. The latter may go on in such a manner that the first symtoms of Liver Complaint are those which mark the occurrence of suppuration. The Acute and Sub-acute varieties, almost always commence with some chilly feelings succeeded by heat of the skin, fevered tongue, having a yellowish appearance. Irregular state of the bowels, costiveness, countencance changes to a pale or citron color, or yellow like those afflicted with jaundice, difficulty of breathing, disturbed rest, attended with cough, feverish symtoms, a dry and parched skin, difficulty of lying on the right side, urine scanty and high colored, the patient passes many bad nights and is frequently troubled with Diarrhora, Tenasmus and Piles, nausea and vomiting, and has a considerable thirst.
