ADJOURNMENT OF CONGRESS. Mr. OLMSLEY of Ky offered a Resolution that, the Senate concurring therein, the House would be ready to adjourn on Wednesday the 18th instant.

[During the day the Private Secretary of the President announced the signature of the President to the Bill to extend the act of incorporation to the Mechanics' Society of the District of Columbia. The appearance of the Private Secretary of the President at the bar of the House created great interest. and his announcement of the signature to a Bill of such minor importance, when a very important message was expected, created a great laugh among the members.]

REPEAL OF THE SUB-TREASURY BILL. The debate was resumed upon the Bill to repeal

the Sub-Treasury Bill, which closed on Saturday. Mr. PICKENS of S. C. spoke his hour in de-

fence of the Sub-Treasury system, against the proposed repeal, and in opposition to a Bank, of the United States.

Mr. Pickens was followed by Mr. Hunt of New York, who took the opposite ground, and contended that under the Administration which had favored the Sub Treasury plan the Government had been worse administered in the financial relations than ever before. He showed the effects of the Sub-Treasury system upon the country, and warmly argued in favor of the proprosed substitute in the adoption of the Fiscal Agent which had become the law of Congress as far as it depended upon the action of Congress.

Mr. Hunt was cut short in the midst of his remarks by the rule which limits the speeches of members to one hour.

Mr. STEINROD of Va. took ground in favor of the Sub-Treasury system.

Mr. HASTINGS of Ohio read a speech of an hour in behalf of the Sub-Treasury Bill.

Mr. GIDDINS, of Ohio, said the Sub-Treasury Question had been sufficiently discussed by the American People, the two Houses of Congress and by all classes and parcels of the People, Every thing had been said upon the subject which could be said ; and to cut off what might be an interminable discussion he moved the Previous Question.

A call of the House was then moved and with drawn. A motion to adjourn was lost by a strong vote-ayes 52, noes 95.

A call of the House was then ordered by yeas and nays, pending which I closed ny report. The Bill will be repealed by a strong vote this

evening. P. S. Nothing is known of the intentions of the

President, in reference to the Bank Bill.

FOR THE AMERICAN. OBITUARY.

Died.-In this Borough, on Wednesday the 4th inst., CHARLES DONNEL, infant son of Peter and Elizabeth W. Lazarus.

Though none but Parents can fully realize the ercavement caused by the death of one whom naure had evidently formed too delicate and lovely for the cares, sorrows and sickness of earth, yet this may not preclude others from mingling a sympathetic tear with theirs, and paying a just tribute of respect to the memory of one, who, though but an infant of scarcely ten months of age, will long be remembered with heartfelt sorrow by others than those connected by the ties of blood. That God may grant to the afflicted parents that consolution which religion only gives to those who place their trust in Him; that the brother and sisters may be led by this affliction from heaven to seek religion in the days of their youth, is the sincere wish of

A FRIEND. In this place, on Sunday morning the 1st inst., at

he residence of his father, after a lingering illness of several months, CHARLES MASSER, sged 24 years.

On Friday, the 6th inst., Mrs. MARY HEN-NINGER, aged about 59 years.

A N unparelleled remedy for common Cokls, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concen-trated virtues of Horehound, Bonset, Blood Root, Liverwort and several other vegetable substances. Prepared only by J. M. WINSLOW, Rochester, New York.

The innocence and universally admitted pectoral virtues of the Herbs from which the Balsam of Horehound is made, are too generally known to require recommendation ; it is therefore only necessary to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain temedy, now in use, for the complaints above mentioned.

The Balsam removes all imflammation and sorenes: of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with ease and freedom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a speedy and lasting cure.

INGRATITUDE IS THE BASEST CRIME IN MAN .-We are not among that class of Editors who for a few dollars will, (at the expense of truth and honesty) "crack up" an article and bring it into rapid sale ; neither are we willing to remain silent, after having tested the utility of an improvement or discovery in science or ast .- Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we purchased two bottles of WINSLOW'S BALSAM OF HOREHOUND, and so sudden was the cure, that we forgot we ever had a cold. Those who are afflicted, may try it upon our recommendation. -Lewiston Telegraph. For sale by HENRY YOX THEIMER, Sunbury,

RAILBOAD SPEED .- An instance of the amazing rapidity with which communication can now effect through the medium of railroads was afforded recently in England. A special train was dispatched from Birmingham to London on election business, at 12 P. M. (calling in its course at seven intermediate stations, and suffering delay altogether of fourteen minutes,) and arrived at Easton station at eleven minutes past three A. M., thus performing the distance of 112 1-2 miles, exclusive of stoppages, in two hours and fifty-seven minutes !

The rumor of an intended revolt among the slaves in Louisiana turns out to have been without foundation. The New Orleans Bulletin says :---

"We learn from Bayou Sara that the trial of of the negroes had been further postponed. All was quiet-the excitement having died away. There seems to exist some doubt whether there was really any intention to revolt, and the probability is that most of the arrested slaves will be discharged."

The history of wars furnishes few instances, if any, exhibiting a more magnanimous feeling than that shown by the Army of General Sullivan, at Saratoga, who, when the British and German troops under General Burgoyne surrendered to them and stacked their arms, retired within their own lines, that they might not be witnesses of the shame of the vanguished. This too, after these very conquered men had been guilty of the greatest excesses on the inhabitants.

Cooper, the novelist, has written a new work, entitled the "Deer Slaver."

They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Searcely a grain is lost. What is of some importance the Machine to the man who feeds it.
