Works of Nature. IN a state of health the intestinal canel may be compared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improves their qualities; and to keep up the comperison of the river, so long as it runs on smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure, but soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humorial fluid (serocity) in the intestinal tubes, and costiveness takes place, it flows back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and those of its tributary stream. With the body, follow the same natural principal ; remove, by that valuable purgative medicine Bran-dreth,s Universal Vegetable Pills, which are an effectual assistance of nature, the superabundance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly establish. ed Remember, never suffer a drop of blood to be taken from you--Evacuate the humors as often and as long as they are degenerated, or as long as

you are sick. Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions. Only agent in Sunbury, is H. B. Masser Esqr. Sunbury, Sept, 9, 1840.

#### TO THE COMMUNITY.

THE success which has attended the use of Di Harlich's German Aperient and Compound strengthening Tonic Pills, 18 truly astonishing. is no vain boast to say this medicine has proved b its happy effects in the cure of a variety of disease to which the human frame is liable, to be vasily st perior to the many preparations before the public Many of these preparations are compounded by in dividuals who are positively ignorant of the myste ries of the human system, and mere pretenders : medical knowledge. Dr. Harlich, however, is cele brated among the German faculty as a man of th highest scientific attainments, and equally distin guished throughout Europe, as a successful medica practitioner, spent most of the years of a useful lift in the aquisition of such knowledge as might prov beneficial to his fellow creatures. In the pills whic he invented, and which bear his name, the publi are assured of an article that possesses more than ordinary virtues. From the acknowledged talent of this inventor, nothing less than a good atticl could be expected; and the experience of man years has afforded demonstration of the virtues of his medicine. In Germany and other parts of Ec rope, its reputation is established. In this countr into which it has but been recently introduced, it i rapidly gaining the most substantial reputation. Th numerous cert-ficates of cures of the most obstinat diseases effected by the use of Harlich's Pills, whic the proprietor is constantly receiving, is proof of th fact. Day after day he receives new testimonial of their efficacy, and week after week increases th demand for them. This is not mere assertion; in numerable certificates are open for the Inspection of the public, and the doubts of any who are skeptica can be removed by examining them at the office of the proprietor.

We take the liberty, then, of suggesting to ever family, that they make use of Dr. Harlich's Pills Let them keep a supply constantly on hand, to b used when occasion demands, and they will receiv the most unequivocal proofs of utility .- Medica Definer.

HEPATITIS, OR LIVER COMPLAINT.

Liver complaint is described to be of two forms viz ; Acute and Chronic, which are different in the seat and character, and are produced from ulcers or the Liver, which is deseased on the surface or in th centre. In the former, the patient is attacked with sudden pain, in the region of the Liver, so severthat even the bed clothes are insupportable; the pa tient cannot bear to turn or lay on his left side from the pressure exerted in that position of the inflame. organs. The latter may go on in such a manne that the first symtoms of Liver Complaint are those which mark the occurrence of suppuration. The Acute and Sub-acute varieties, almost always com mence with some chilly feelings succeeded by hea of the skin, fevered tongue, having a yellowish ap pearance. It regular state of the bowels, costiveness countencance changes to a pale or citron color, or yellow like those afflicted with jaundice, difficulty o breathing, disturbed rest, attended with cough, feverish symtoms, a dry and parched skin, difficulty of lying on the right side, urine scanty and high

colored, the patient passes many bad nights and is frequently troubled with Diarrheea, Tenasmus and Piles, nausea and vomiting, and has a considerable thirst. When the inflammation affects the peritoneal cost of the Liver the pain is much more intense and the fever higher than when confined to the Liver. In chronic affections it is uncertain in its ter-

minstion ; the pain is intense, attended occasionally with feverish symtoms, a dry and parched skin, irregular bowels, sallow countenance, frequent attacks of juandice, the tongue is scarcely ever free from yellow fur, the appetite had, and a corruption attacks the face and back, behind the shoulders, &c. DR. HARLICR's Compound Strengthening Ton-

ic and Aperient German Pills, will, in a majority of cases, produce a perfect cure, and if used at the very onset of affliction will in every case arrest the persons who have witnessed the astonishing effects
